A squad of marine-
S seeking WMDs from Iraq

70261 WOMEN - NAMED - BERTHA I R Canuck

Just shorten my strokes,
By rising to meat me halfway.

My pinkie that tickles her pink.

Big Bertha, while lacking in grace
Is blessed with voluminous space,
So unwashed and ill-bred,
But I still lost my head
That night that she sat on my face.

70266 WOMEN - NAMED - BERTHA SFA

Upon the cold days of last winter,
Ten lumberjacks trekked to the hinter-
Land where they found Bertha
Had hung 'round her girth a
Sign reading: "IT'S WARM INSIDE, ENTER!"

70267 WOMEN - NAMED - BERTHA Travis Brasell

And then came the summer heat hissing,
And one lonely lumberjack kissing
The ground where he knelt
With 'thanks', but he felt
Much sorrow for 9 who'd gone missing.

70268 WOMEN - NAMED - BERTHA Travis Brasell

But don't feed her curry, guys, please.
It causes intestinal breeze.
That when it's released,
Causes sheep to be fleeced,
And will knock down a wood full of trees.

70269 WOMEN - NAMED - BERTHA Tiddy Ogg

Big Bertha's old granny, Ma Baines,
Expired and it took twenty trains
To haul her dead ass
Though Pluggersnatch Pass
And drop her remains on the plains.

70270 WOMEN - NAMED - BERTHA Travis

They thought they might opt for cremation,
But greenies throughout the whole nation
Claimed smoke that would rise,
Would cover the skies,
And lead to the world's termination.

70271 WOMEN - NAMED - BERTHA Tiddy Ogg

Big Bertha's a weapon of mass
Seduction. Her mountainous ass
Has hundreds of folds,
Each one of which holds
A cock in a grip, lewd and crass.

70272 WOMEN - NAMED - BERTHA Randog

I dreamed of the horrible sight
Of Bertha's huge cunt 'tother night;
It sank to my face
In a slimy embrace,
And extinguished the remnants of light.

70273 WOMEN - NAMED - BERTHA

Malodorous - dark as a drain;
I struggled and fought it in vain.
And damn well near drowned,
'Til I woke and I found
I'd been chewing my pillow again.

70274 WOMEN - NAMED - BERTHA

If it's Bertha of whom you've been dreamin',
The thought of her leaves my mind steamin'.
Man that malodorous stench
Issuing forth from that wench,
Is not rotting flesh, it's dead sea-men!

70275 WOMEN - NAMED - BERTHA

I told her I squirted a liter
Of goo from my 18 inch peter.
She said: "I care not.
I've a 10 gallon twat."
It would take more than I had to beat her.

70276 WOMEN - NAMED - BERTHA

And the size of that twat like a Boeing!
So don't let her juices get flowing.
Better lie and play dead
And not give that tripe head.
When she comes it smells just like she's going!

70277 WOMEN - NAMED - BERTHA

Oh damnit! Oh damnit to Hell.
I slipped into Bertha and fell.
As around me I peer,
I see that I'm here
With Tiddy, and Peter and Nell.

70278 WOMEN - NAMED - BERTHA   Archie

I cannot imagine how Nell
Fell into this singular Hell.
But maybe she followed
Us in and got swallowed
And maybe, so too, did Michelle?

70279 WOMEN - NAMED - BERTHA   Peter Wilkins

You'll soon learn to relish the smell
And, as in the story of Hell,
You'll forget what offends --
So many old friends!
And look! There's old Bessie as well!

70280 WOMEN - NAMED - BERTHA John Miller

Poor things, if you all lost your way
In Bertha, for sure it's okay
To grumble and grudge,
But as far's I can judge,
It is best you're enjoying your stay.

70281 WOMEN - NAMED - BERTHA Ulla

My grumble is not that her twat
Is dark and exceedingly hot,
But lack of umbrellas
To shelter us fellas
For when she bobs down for a squat.

70282 WOMEN - NAMED - BERTHA Peter Wilkins

But my friend, you're a Brit, not an Asian,
So what good do you think, does evasion?
A true British fella,
Where is your umbrella?
You should rise, my dear, to the occasion.

70283 WOMEN - NAMED - BERTHA Ulla

My handkerchief soaked up the stain,
My condom could scarcely contain,
While shagging young Kate
On the twenty-to-eight,
Where I left my umbrella again.

70284 WOMEN - NAMED - BERTHA Peter Wilkins

Big Bertha, the girl with a figure
Resembling a whale, only bigger,
Enjoys masturbations
With deep excavation,
By means of mechanical digger.

70285 WOMEN - NAMED - BERTHA Peter Wilkins

Miss Bertha has dumped her collection
Of men. Her new aim of affections's
The todger of Roger,
That wicked old codger,
Who sports an enormous erection.

70286 WOMEN - NAMED - BERTHA Ulla

I doubt even Roger could fill
Miss Bertha and give her a thrill,
For most who have tried
Have gone missing inside,
Where I fear they are languishing still.

70287 WOMEN - NAMED - BERTHA Peter Wilkins

Huge as Roger is, he's not jealous;
Joined by his RCMP fellas,
They're doing their duty
On the Cavernous beauty
Of Bertha -- yes Mounties are zealous.

70288 WOMEN - NAMED - BERTHA Ulla

But surely the RCMP
Are more like those lumberjacks be,
A-dancing and prancing
In dresses entrancing,
While singing falsetto in C.

70289 WOMEN - NAMED - BERTHA Peter Wilkins

I'm missing the hot summer nights;
The ripping of Big Bertha's tights.
The resolute quest
To get on her nest,
And cover her neck with love bites.

70290 WOMEN - NAMED - BERTHA Peter Wilkins

Prepare then, for serious ripping;
Her tights have been know to snag shipping!
It's murder, my friend,
And I doubt at the end,
You'll have owt what it takes for a dipping.

70291 WOMEN - NAMED - BERTHA Peter Wilkins

Our Bertha is very well built,
And can cause any fellow to wilt.
But she'll get a shock...
A big plastic cock,
I'm hiding here under my kilt.

70292 WOMEN - NAMED - BERTHA SFA

There was a young woman named Claire
With genitals lacking in hair.
What caused the affliction
Was sexual friction,
Which left them the worse for the wear.

Point tete-a-tetic
Till her Grace does punishment mete.

71468 WORDS - DEFINED Daniel Ford

In "Patience", a glum-faced AESTHETE,
Had ladies all swoon at his feet.
One day, you know it,
Another poet,
Became the fickle gals' "Sweet".

71469 WORDS - DEFINED Chris Papa

I once met an AFFLUENT gent;
He winked and I knew that that meant!
He'd wine me and dine me;
Give jewels to "shine" me;
'Twas in vain. He was impotent.

71470 WORDS - DEFINED Barb

The abundance from the AFFLUENT
Has some consequences pursuant.
That which overflows
Soon down the stream goes,
And is seen by us as effluent.

71471 WORDS - DEFINED Daniel Ford

If you're AFFLUENT, the riches are flowing,
And you know the direction you're going.
But it will never stop
Till you get to the top.
There will always be someone you're blowing.

71472 WORDS - DEFINED Eric Seaberg

I am completely agog and aghast
That anyone is a agelast.
'Cause laughter for me
Is surely the key
To a life fill with happiness vast.

71473 WORDS - DEFINED Sheryl A Lemma

The aged AGELAST went to see
A saucy tart who "tricks" for a fee.
She said, "Hey there, hon,
You're not too much fun.
If you laugh, you can have one for free!"

71474 WORDS - DEFINED Sheryl A Lemma

An AGELAST of dour mien,
Had peculiar way of just seein'
The sad part of life,
With tragedy rife.
And was a miserable bein'.

71475 WORDS - DEFINED Chris Papa

I must get this off of my chest:
Though I write these things just in jest,
Still he who laughs last,
Unless an agelast,
Is always the one who laughs best.

71476 WORDS - DEFINED Gary Hallock

That grouch has a big smile shining,
And life, a new silver lining,
Because our old boy
Has found his new joy,
By engaging in strip mining.

71477 WORDS - DEFINED Chris Papa

It shouldn't come as a surprise
That our public servants, so wise,
Whose salary is small,
Live well after all,
And with graft and greed AGGRANDIZE.

71478 WORDS - DEFINED Chris Papa

It's election time -- hear all the cries.
Their party each must AGGRANDIZE:
Every huckster's at pains
To secure short-term gains
And the channels are flooded with lies.

71479 WORDS - DEFINED Eva Amata

The pejorative self-AGGRANDIZE
Is more common nowadays to my eyes.
The ego inflating
Preening and prating,
Do make success material lies.

71480 WORDS - DEFINED Daniel Ford

Balkan War, some folks will surmise,
Will not lead to Bill's Nobel Prize.
It's easy to read
This naughty misdeed,
As attempt to self-AGGRANDIZE.

71481 WORDS - DEFINED Chris Papa

Enlarging, enhancing, AGGRANDIZE,
As some egos do grow in their size,
Applies with some keening
To pride overweening,
And the need for political lies.

71482 WORDS - DEFINED Daniel Ford

When you've chosen the word AGGRANDIZE,
It should not come to you as surprise,
Rhymers minds will trigger
Thoughts implying bigger,
And you'll get lots of paeans to size.

71483 WORDS - DEFINED Elois

If a fellow thinks he's undersized,
Or if he is reluctant to rise,
There's Viagra, by George,
Which can help him engorge.
He can medically self-AGGRANDIZE.

71484 WORDS - DEFINED Eva Amata

Some say it's not matter of size,
But a big one helps open her thighs.
And if you're well hung,
You won't need the tongue.
Check E-mail for ways to AGGRANDIZE.

71485 WORDS - DEFINED Norm Brust

Once up, I endeavor to play
Music writ in the classical way,
Which, at very least,
Helps this human beast
Soothe AGITA of each new day.

71486 WORDS - DEFINED Chris Papa

In AGITA one finds anxiety,
A bane of our civil society;
And gastric upset
For the quiet set,
Who cannot stomach impropriety.

71487 WORDS - DEFINED Daniel Ford

When raised with a conscience too strong,
One thinks all one does must be wrong.
An added mean bane
In AGITA's pain,
A punishment all one's life long.

71488 WORDS - DEFINED Elois

Leaking info is AGITPROP,
Whether true or false, does not stop.
For intent is clear:
Some people to smear,
And change the power in the shop.

71489 WORDS - DEFINED Daniel Ford

Besmirching of Starr, AGITPROP,
Directed by man at the top,
Whose approval grows,
Like a puppets nose,
And Nation's IQ's steeply drop.

71490 WORDS - DEFINED Chris Papa

AGLEY, I've encountered in turns,
Something writ by Bobbie Burns,
'Bout best plans of men,
Off-track now and then,
A lesson in life that one learns.

71491 WORDS - DEFINED Chris Papa

AHIMSA, mid mantras and chants,
A message of "shouldn'ts" and "can'ts",
Which beings protect,
But I do suspect,
It just lets us ravage poor plants.

71492 WORDS - DEFINED Chris Papa

AHIMSA carried to an extreme
Is an impossible, nightmarish dream.
For plants are living,
Their fruits are giving
Embryonic form to life's new stream.

71493 WORDS - DEFINED Daniel Ford

With little or no introspection,
AHIMSA I'd give good erection.
But Schweitzer to Jains
Would feel reverent pains,
When I make mosquitoes exceptions.

71494 WORDS - DEFINED Elois

AHIMSA, harm no living thing;
But just take what Earth's offering.
And thus to savor
And curry favor
With animists mushroom hunting.

71495 WORDS - DEFINED Daniel Ford

AHIMSA means don't eat a hog,
Nor consume the legs of a frog.
Don't stomp on a lizard,
Nor crave chicken gizzard,
And refrain from wokking the dog.

71496 WORDS - DEFINED Observer

AHIMSA the Hindus devote
To keeping all violence remote.
This new word I've found,
Most surely does sound
Like somebody clearing one's throat.

71497 WORDS - DEFINED Chris Papa

To waste my time on this 'ere AIT.
A-fishing all day,
An' them gets away,
An' wastes a good deal o' me bait."

71498 WORDS - DEFINED Chris Papa

In the river, he couldn't wait
For the solitude
With its terpitude,
And excape to another fate.

71499 WORDS - DEFINED Daniel Ford

To modify stated reaction,
And gain wiggle-space,
When making a case,
To bring about some satisfaction.

71501 WORDS - DEFINED Chris Papa

A poet with scansion real bad,
Used alcohol when he was sad.
Then he'd try to rhyme,
But most of the time,
He, ALEMBIC pentameter had!

71502 WORDS - DEFINED Chris Papa

ALEMBICS in the Ozark hills,
Where, practices in sub rosa skills,
The moonshiners toil
With kettles aboil,
Though there they are still known as "stills."

71503 WORDS - DEFINED Chris Papa

ALFRESCO, not bounded by halls,
Or surrounded by ceilings and walls.
Though the great out-of-doors
Quite frequently bores,
Compared to the great shopping malls.

71504 WORDS - DEFINED Eva Amata

California, is one place, it's true,
Where ALFRESCO is all the year through.
Outdoors seems to be
Preferred, and you see
That casual dress? It will do!

71505 WORDS - DEFINED Maggie

ALFRESCO, untrammelled and free --
A chance to be stung by a bee,
And the poisonous ivy
Can nettle your privy,
If you nip 'round a bush for a pee.

71506 WORDS - DEFINED Eva Amata

What one does 'round the base of a tree,
Like any male dog running free,
May shock the unlearned,
Whose senses are "burned",
But Eva, it's all right with me.

71507 WORDS - DEFINED Chris Papa

As this definition explains,
ALGOLAGNIA is sex, but with pains.
For me that's too rough;
I guess I'm not tough
Enough for the whips and the chains.

71508 WORDS - DEFINED Chris Papa

An ALIENIST and potter made a team,
Not as strange as it may seem.
Interdisciplinary dynamics
Produced "Psychoceramics,"
And crackpots applauded the scheme.

71509 WORDS - DEFINED Norm Brust

How many a crook has been caught
Escaping with penalty naught,
Avoiding the sword,
'Cause he could afford
The best of an ALIENEST bought.

71510 WORDS - DEFINED Chris Papa

Poisons may cause ALOPECIA,
Slow-acting as Borgia Lucretia;
Had her victims known,
The might then have flown,
To rise again from Phoenicia.

71511 WORDS - DEFINED Daniel Ford

If you might show a bald spot,
ALOPECIA is all that you've got.
There are many kinds,
The good doctor finds
A specific cause, if he's hot.

71512 WORDS - DEFINED Chris Papa

ALOPECIA, the medical touch,
Connotes things of hair loss, and such.
The skin doc amuses,
Because what he uses,
Can sure make the bill's twice as much.

71513 WORDS - DEFINED Chris Papa

A perfect example of ALTERITY
Are the newly-rich reduced to austerity.
With the market booming,
They ignored the looming
Return of the cyclical verity.

With food and quaint sights exquisite,
The tongue of the city,
Sure ALTERITY.
Supposedly English, or is it?

71515 WORDS - DEFINED Chris Papa

The AMATIVE angst of sweet Anne,
To depths of her very soul ran.
Teen, mad at herself,
Already on shelf,
'Cause she hadn't slept with a man.

71516 WORDS - DEFINED Chris Papa

Though she's slow in pursuits AMATIVE,
Once started, our Anne's animative
And does quite enjoy
A certain old boy
Whose thoughts run to acts combinative.

71517 WORDS - DEFINED Daniel Ford

As AMATIVE amateurs go,
She went. And so now she's a pro.
Her menu for men:
A condom, and then
A hand-job, vaginal, or blow.

71518 WORDS - DEFINED Nick

Ambitious ones may stretch the AMBIT,
Like young male sheep who have rammed it
Up hill and down dale,
Quite beyond the pale,
In search of ewe needing a lamb it.

71519 WORDS - DEFINED Daniel Ford

My poetic AMBIT confines
Me to a limit of fine lines,
But I do what I can
In pentatette's span,
Through which salacious stuff shines.

71520 WORDS - DEFINED Chris Papa

AMBROSIA, the "food of the gods",
Ingested by mere mortal clods,
With nectar as wash
Will most hungers quash,
And help to add girth to their bods.

71521 WORDS - DEFINED Chris Papa

A nectar inspector and Zeus
Got horribly smashed tasting juice.
Giggled Hebe, "That shows ya'
Should stick to AMBROSIA;
With nectar, it's substance abuse!"

71522 WORDS - DEFINED Nick

Immortal gods' food, AMBROSIA,
Brought forth at all their symposia,
From gilt-edged portals.
Not meant for mortals;
Eat not or the gods'll hose ya'.

71523 WORDS - DEFINED Daniel Ford

AMBSACE, an unpleasant surprise,
Means you've less than most other guys.
Bad omen, perhaps,
Especially in craps,
Wherein it is known as 'snake eyes'.

71524 WORDS - DEFINED Chris Papa

The picnic was spread out very late;
It had clouded rain, so we couldn't wait.
Suddenly she doubled
As thunder grumbled;
Was is something Amelior ate?

71525 WORDS - DEFINED Luana Namaste

Ameliorate Earhart flew
Coast to coast alone, it is true.
She then tried the world,
Her neck scarf unfurled,
But was lost in Pacific blue.

71526 WORDS - DEFINED Larry

Too heavy my foot on the gas.
Result was AMERCE,
But really, what's worse
Is knowing that you were an ass.

71528 WORDS - DEFINED Barb

Billy Bob was AMERCED for his pranks,
To the tune of two thousand French francs.
With cold words, metallic,
Judge call Bill's crimes Gallic
And stranded him on the Seine's banks.

71529 WORDS - DEFINED Elois

A transexual ran full AMOK,
Looking to poke, stroke, or suck
Any gal or guy,
That might just pass by,
Attracted to such a queer duck.

71530 WORDS - DEFINED Chris Papa

The riotous doings AMOK,
Even by the high-muck-a-muck,
Serve to remind us
Of what's behind us;
There is always room for a schmuck.

71531 WORDS - DEFINED Daniel Ford

Wordplay we rarely will duck,
Although a fine balance we've struck;
With evil designs,
Our perverted minds
Are often sent punning AMOK.

71532 WORDS - DEFINED Gary Hallock

A most useful sign, AMPERSAND,
Saves few letters that would spell "and";
Conserves vital space,
In any old place,
Especially with partners at hand.

71533 WORDS - DEFINED Chris Papa

AMPERSAND, the concept linker,
Stands for AND for streamlined thinker;
Although some do feel
That sign does appeal
To only a tiddledewinker.

71534 WORDS - DEFINED Daniel Ford

If bold AMPHIGORIES you'd write,
Make certain they're fluffy and bright,
With rhyme and great style,
Which will make folks smile,
Like a literary light sprite.

71535 WORDS - DEFINED Chris Papa

Nonsenseical text, AMPHIGORY,
May sometimes excape the wiggery.
Sound rather cocky
Like Jabberwocky,
But oft is just style of piggery.

71536 WORDS - DEFINED Daniel Ford

It is a bit tough, but I see a
Thing or two good 'bout AMUSIA.
When you hear some hooey
Like say "Louie Louie,"
No more will it greatly confuse ya.

71537 WORDS - DEFINED Gary Hallock

With no harmonic sense, AMUSIA,
Be sure that a singer won't choose ya,
'Cause he'll drive ya crazy
With corny tunes maizy,
And other tidbits of dysgeusia. (clinical lack of taste)

71538 WORDS - DEFINED Daniel Ford

ANACOLUTHON to grammar
Is nonsequitor hammer,
Which fears no losses,
Out the rules tosses,
Sounding like kids Katzenjammer.

71539 WORDS - DEFINED Daniel Ford

ANACOLUTHON is, my dears,
Culmination of all my worst fears.
It just serves to name,
Goof in the word game;
I've been doing many long years.

71540 WORDS - DEFINED Chris Papa

The ANAGRAM is letter scramble,
Through which some keen minds like to ramble.
But my puny brain
They don't entertain.
So on hidden script I won't gamble.

71541 WORDS - DEFINED Chris Papa

My spelling is good, as you see.
The words come quite easily to me.
If my eyesight is bleary,
And my eyes are all teary,
It's clear I have "analogy."

71542 WORDS - DEFINED Jim Weaver Collection

Inasmuch as she was a shilling;
Inasmuch as she was so willing.
Inasmuch as six inches
When cop's lantern pinch us:
Inasmuch as six months just a-swilling.
(poetic repitition)
71543 WORDS - DEFINED Naz

ANASTROPHE's like ANODE;
CATASTROPHE like CATHODE.
Seems clear to me
The meaning should be:
"Event in super good mode."

71544 WORDS - DEFINED Phylcarp

ANASTROPHE, say only can I,
Speak to, way weird, if you try,
Don't flow like smooth satin,
Sounds like pig Latin,
With erudite sound hard to buy.
(inversion of normal word order, to market she went)

71545 WORDS - DEFINED Chris Papa

Old poets know ANASTROPHES,
Endowing verse with past trophies,
Inverted word order,
An inpact afforder
And not linguistic catastrophes

71546 WORDS - DEFINED DMF

Heard "size doesn't matter," it's true!
And I want to reassure you
I'd rather the part
Be big...A man's heart;
The part where anatomy won't do!

Who did funny things there by night,
Like smoking things hip,
In the end lost his grip,
Becoming a loose ANCHORITE.

A virginal nun from Manila,
With past pure and white, real vanilla,
Thought Justine was swell,
Abandoned her cell,
Bound for new life with ANCILLA.

71550 WORDS - DEFINED Chris Papa

Surrounded by nubile ANCILLAE,
The boy from Hope, slick Willie,
Turned a few tricks
With White House chicks
Named Monica, Millie and Tillie.

71551 WORDS - DEFINED Norm

ANHEDONIA's a state of despair,
Which hopefully is very rare.
I'd rather be groovy
Like Marx Brothers movie,
Enjoying a gleeful life's share.

71552 WORDS - DEFINED Chris Papa

Miss Scarlette was all in a rage
When told to stop acting her age.
For to not seem anile

71554 WORDS - DEFINED Chris Papa

When lumpfish eggs make their incursion,
Caviar freaks spewed ANIMADVERSION.
"That stuff's for the birds.
It's common beyond words!"
They huffed as they destroyed the sturgeon.

71555 WORDS - DEFINED Norm Brust

Critic's remarks, ANIMADVERSION,
Performers see as cast aspersion,
By those who do none
Of things they have done.
Of common sense, quite a subversion.

71556 WORDS - DEFINED Daniel Ford

Her ANIMADVERSION on size,
Came to him as no surprise,
Since he knew his tool,
Though from midget school,
Could perform, and please her, likewise.

71557 WORDS - DEFINED Chris Papa

Heating and cooling is ANNEAL;
May soften glass and temper steel,
But lead to breezes,
Causing me sneezes
And sinuses feeling surreal.

71558 WORDS - DEFINED Daniel Ford

ANNEAL, defintion's a bore,
But etymological store,
Says that "al" means fire,
Which describes entire
"Friend of Enviroment", Gore.

71559 WORDS - DEFINED Chris

ANNELIDOUS, for crossword vets,
Clue that is hedging the bets,
You can go to town,
On 24 down,
"Rare adj. for what early bird gets."

71560 WORDS - DEFINED Chris Papa

Segmentally ringed, ANNELIDOUS,
Earthworms are also lumbricidous,
Their channeling forms
Good drainage for storms,
Though slimy trails are lubricidous.

71561 WORDS - DEFINED Daniel Ford

When stalking the tasty ANNELIDOUS,
Early bird must be quite insidious.
For a worm's full of slime,
To him it's no crime --
Little bird cannot be too fastidious.

71562 WORDS - DEFINED Sue

The beauty he doted upon,
Said he'd get his reward ANON.
His pockets she'd clean
And then fled the scene;
Both money and maiden long gone.

71563 WORDS - DEFINED Chris Papa

It comes at once, or shortly, ANON,
This thing with men who smell chiffon.
Be they quite portly,
Or young and sportly,
They will dream of coming on an' on.

71564 WORDS - DEFINED Daniel Ford

There was virile bridegroom named John,
Whose wife put her lingerie on,
With hope that his thing
To a great size might bring,
So she could have it ANON and on and on.

71565 WORDS - DEFINED Chris Papa

There! Hope it meets the occasion.
I need very little persuasion
To turn limerick dandy
To something quite randy,
Whether it brings denigration.

71566 WORDS - DEFINED Chris Papa

"On and on," if of bridegrooms you mean,
In years when a marriage is green,
Soon withers and fades
And patience of maids
Replaces the lust at the scene.

71567 WORDS - DEFINED Chris Papa

If shortly, sometime soon be ANON,
Why do we over newlyweds fawn?
If thin or portly
With manners courtly,
We still hope for upstream trip to spawn.

71568 WORDS - DEFINED Daniel Ford

Both humans and fish have the hope
And sometimes one needs help to cope.
With ladders, perhaps,
Both fish and some chaps
Can either climb up or elope.

71569 WORDS - DEFINED Chris Papa

ANOPSIA's loss of eyesight
From structural defect or blight,
May be offset by nose
And the glory of Rose,
Whose petals are silky at night.

71570 WORDS - DEFINED Daniel Ford

ANOPSIA brings visual trouble;
If partial, the victim sees double.
In any case cost:
Depth vision is lost,
With targets missed, historic rubble.

71571 WORDS - DEFINED Chris Papa

A lass from the days ANTEBELLUM,
With warm charms enough, she could sell 'em.
She made love to the fleet
In ways so descrete,
That she'd never kiss, much less tell 'em.

71572 WORDS - DEFINED Chris Papa

Make verse swing and sing,
I just think I'll decline design!

71573 WORDS - DEFINED Chris Papa

Perhaps of woman GYNOPHAGUS;
Point shouldn't be missed,
With misanthropist,
There's no neeed for a SARCOPHAGUS.

71575 WORDS - DEFINED Daniel Ford

I hope you won't find me unstable,
But I find that I'm only able
In a manner unkind,
To ANTIPHONY find,
Right in Mendelev's Table.

71576 WORDS - DEFINED Chris Papa

As kids, excavation, deep-holed,
"To China", or else we "South Poled",
Those spots ANTIPODAL
Are anecdotal;
Australia's the place, I've geen told.

71577 WORDS - DEFINED Chris Papa

An ANTIPYRETIC will aid
The high temp that some virus made;
Though not the right lever
For raging love fever,
Where remedy is to get laid.

71578 WORDS - DEFINED Chris Papa

Aspirin is good anesthetic;
It also is ANTIPYRETIC.
So if you feel ill,
Take two of this pill,
And avoid all actions athletic.

71579 WORDS - DEFINED Norm Brust

Grates on my poor ears in a way
Unesthetical,
ANTITHETICAL,
To helping me have a good day.

Now suffers from classic aphasia.
Paronomastic
Trips on fantastic
New words to delight and amaze ya.

71581 WORDS - DEFINED   Chris Papa

Or primates of other nice shapes,
Who don't pose at all,
But in a cage small,
Put up with our forementioned gapes.

71582 WORDS - DEFINED   Chris Papa

Amazing how silly folk freeze,
Into statues, attempting to squeeze
An image etern',
They never will learn,
But look like a bunch of monkeys.

71583 WORDS - DEFINED   Chris Papa

An opening, cleft, APERTURE,
May be gap 'twixt petals' soft blur,
Where blossom's locus
Is central focus,
Like some O'Keefe floral picture.

71584 WORDS - DEFINED   Daniel Ford

The APERTURE, I do surmise,
Like iris in front of my eyes,
Through camera lets in,
The posed silly grin,
Or open-mouthed looks of surprise.

71585 WORDS - DEFINED Chris Papa

APHELION, farthest away --
Perihelion, closest say,
Where Icarus fried
And Daedalus cried,
A feeling one's fathers betray.

71586 WORDS - DEFINED Daniel Ford

A fan (a nubile and feely one)
Said "Groupie? Well no, I'm not really one.
I'm so far from that star
In his large pruple car,
I feel like I'm at an APHELION!"

71587 WORDS - DEFINED Eva

The Earth far from sun APHELION
And close again at perihelion
Also does toddle,
Wobble and waddle,
Going from brown to green like chameleon.

71588 WORDS - DEFINED Daniel Ford

APHELION means far from the sun,
As orbit, if you're in one,
It gets colder there,
Need a blanket to share,
Or someone in bed for the fun.

71589 WORDS - DEFINED Chris Papa

Mid-east's in a state 'pocalyptic,
Awaits Saddam's files APODICTIC;
Since previous stuff

Ill tempered, rehashed, and quite cryptic.

71590 WORDS - DEFINED Chris Papa

I'll send Wife a Valentine new
Expressing that tender Greek view:
For many a year
You should know, my dear,
My Love's APODICTIC for you!"

71591 WORDS - DEFINED Chris Papa

For all that I know, quite contrary,
APOLLONIA, extraordinary;
The strong toothless saint
In ancient ways quaint,
Became all children's "tooth fairy".

71592 WORDS - DEFINED Chris Papa

APOLLONIAN Russians, it seems,
Incorporate wheels in their themes,
In which they see sun,
Though Freud, not undone,
Found wheels that meant sex, in our dreams.

71593 WORDS - DEFINED Chris Papa

The search for work APOLLONIAN
May lead to the fields Elbonian,
The mud-lands Dilbert's
Where word-play Gilbert's
Lost on management draconian.

71594 WORDS - DEFINED Daniel Ford

Harmonious, APOLLONIAN,
Elysian fields Oxonian
Were thought to be good
When Newton there stood,
But then dook dour tones Miltonian.

71595 WORDS - DEFINED Daniel Ford

APOLOGIA like a swinging gate,
Depends on the weather and date,
And stands that you take,
Mistakes that you make,
On positions both small and great.

71596 WORDS - DEFINED Chris Papa

We saw APOLOGIA true,
As Clinton tried his best to do
With Monica's name,
But soon he found shame
When he learned she save the dress, blue!

71597 WORDS - DEFINED Maggie

I do understandd why he lied!
He thought he would never be tried!
But I think that he,
Was strong as can be
And I'm glad this has finally died!

71598 WORDS - DEFINED Maggie

No man should have to go through
What Clinton was subjected to.
For many a man
Would be in the pan
And fried...or made into a stew!

71599 WORDS - DEFINED Maggie

Now I don't condone what he did.
I would have flipped my proverbial lid!
If he was my guy,
Then I would ask why,
As I shampooed his body with "Rid".

71600 WORDS - DEFINED Maggie

APOPHASIS, Gilbert sure knew,
In G & S shows, quite a few.
It comes down to this;
A man steals a kiss,
Saying, "This is what I will not do!"

To some though, it's simple psychosis.

71607 WORDS - DEFINED Daniel Ford

Political structure, APPARAT,
Is so often pejorative that
It's hard to remember

The thespian Simon Russell Beale,
BARDOLATER surely non-pareil,
With royal robes girt,
On stage fell down hurt,
But played on as though pain he'd not feel.

71738 WORDS - DEFINED Elois

In Shakespeare worship, BARDOLATER
Displays the signs of idolater,

He was eager and active
And not unattractive,
Though his B.O. was just a touch musky.

As such it's a phrase that's found in,
"Pirates of Penzance",
Where just by some chance,
"SLave of Duty"s hanging round in.

71870 WORDS - DEFINED Chris Papa

Obligatory duty, BOUNDEN,
Is excuse for some to be houndin'
All others about
Who little rules flout,
And over the fences are boundin'.

71871 WORDS - DEFINED Daniel Ford

To sanitize language, BOWDLERIZE,
Censors let nothing evade your eyes;
Puritanical
And tyranical,
Their life-purged books become social lies.

The Starr Report lifted disguise,
Of Slick Willy's life, no surprise.
In future we'll see
This grand legacy,
For children, we must BOWDLERIZE.

Depending on allies you've got.

71875 WORDS - DEFINED Chris Papa

Concerted avoidance, BOYCOTT,
May follow demise of Koi brought,
From the goldfish ick
Which made them so sick,
Of the fish merchant's boy caught.

71876 WORDS - DEFINED Daniel Ford

The soul of wit is brevity;
Each word to be filled with gravity.
BRACHYLOGY's core
Is "Less is more,"
Oft at the price of clarity.

71877 WORDS - DEFINED Kim

A gent who BRACHYLOGY used
In speech, left his listeners confused,
With nouns but a fraction
And no verbs for action;
Short sentences seemed very bruised.

71880 WORDS - DEFINED Chris Papa

The place for beer and food, BRASSERIE,
Use glasses from its glassery
To serve with gusto
Those drinks robusto,
And don't like glass-mashing crassery.

71881 WORDS - DEFINED Daniel Ford

The word BRASSERIE is neat,
For place were you sit down and eat;
Although it may sound
As though worn around
To cover a breast and its teat.

71882 WORDS - DEFINED Chris Papa

"Trial By Jury", show about BREACH,
Of promise, just hear the bride screech,
"I love the dear cad,
But he's just so bad,
You must a cash settlement reach."

71883 WORDS - DEFINED Chris Papa

The gap in the wall is a BREACH,
Through which the damned water may leach,
At which point no tyke
Can hope to fix dike
With finger or sand from the beach.

71884 WORDS - DEFINED Daniel Ford

An overweight fellow might ask it.
"Do you think too big's my breadbasket?"
If wise, you'll reply

For a while, it's nice to pretend.

71890 WORDS - DEFINED Chris Papa

My "trial" promotion was all set.
Proud of my new job? You bet!

Whose manners were wicked and fell.
At a wedding he tried
To goose the young bride,
Which landed him in BRIDEWELL.

71894 WORDS - DEFINED Eva Amata

A BROGAN is something I'd wear
When there's a cool nip in the air.

My foot wear inspired,
Are sandals, which shout "I don't care!"

71899 WORDS - DEFINED Chris Papa

The subject of many a slogan:
Nike's "Just do it!"
Buster Browns rue it,
All the way to a Navaho hogan.

71901 WORDS - DEFINED Daniel Ford

Some heavy shoe-wear know as BROGUE,
Remain, despite sneakers now vogue;
The former are seen,
On consort of the queen,
The latter, on feet of a rogue.

71902 WORDS - DEFINED Chris Papa

Causing grief, when it made the news.
Now I am quite sure
The ones with a lure...

Though you survive the verbal thrashing,
Bad BRUXISM comes
As anger benumbs,
And wears the poor teeth with such gnashing.

71912 WORDS - DEFINED Chris Papa

Nocturnal tooth grinding, BRUXISM,
May be cause of married schism,
But to tell the truth,
It's better than crwth (ancient Celtic lyre)
Sounds of apneic masochism.

71913 WORDS - DEFINED Daniel Ford

There are fewer wagons today,
Where folks roll in bundles of hay
Or otherwise frolic
In manner BUCOLIC;

71914 WORDS - DEFINED Chris Papa

I see threatening clouds drawing near;
With BUMBERSHOOT at home, I fear
The deluge will find
Some ways most unkind,
To soak me both front and in rear.

71915 WORDS - DEFINED Chris Papa

Color matters not for BUMBERSHOOT.
If it rain protects, be umber chute,
For in that case
We all will race
To its spreading arms and under scoot.

71916 WORDS - DEFINED Daniel Ford

About rain I don't give a hoot,
Protected by my BUMBERSHOOT,
But if I get damp,
I'll switch to a Gamp;
Like Paddington, I'll look real cute.

71917 WORDS - DEFINED Chris Papa

Umbrella is a BUMBERSHOOT?
A wacky word! Now that's a hoot.
Guess that explains
Why, when it rains,
A smile is such good substitute.

71918 WORDS - DEFINED Gary Hallock

Junk mail and spam that arrive as BUMF,
Cause many an old man to harrumph.

Controlling intriguers, CABAL,
Must remain secret, or a pall
Will fall on the group.
They'll be in the soup,
And their schemes become a pratfall.

71927 WORDS - DEFINED Daniel Ford

CABAL is a group that will plot,
To obtain a something they've not.

Pure CACOPHONY rules the day.

71937 WORDS - DEFINED Chris Papa

The CACOPHONY of children's cheers
Is sometimes music to parent's ears,
But oft it unnerves
And causes car swerves
And the need for some tippling of beers.

71938 WORDS - DEFINED Daniel Ford

For the sin of reaching too high,
Babel's builders under the sky
Brought to the world
With tongues unfurled,
CACOPHONY and confusion's cry.

71939 WORDS - DEFINED Esther

Of schnorrers, and that really sucks.
One woman named Madge
Taught her dog how to CADGE,
And that mongrel came home with ten bucks.

71940 WORDS - DEFINED Observer

Self-decimating wins, CADMEAN,
May bring nobles to ways plebian.
As meat-grinding nymph
Causes great loss of lymph,
To suitor with lance Priapean.

71941 WORDS - DEFINED Daniel Ford

And not so ready
His august monk's role to abuse.

72000 WORDS - DEFINED Chris Papa

For sharing memorial places,
The CENOTAPH easy replaces
The burial site
With monument might
Or horses, broad swords, and fine laces.

72001 WORDS - DEFINED Daniel Ford

When you want to compose a rhyme fine,
If a CENTO whose words do not shine,
In writing give pause,
Think copyright laws.
You'll be sued once for each purloined line.

72002 WORDS - DEFINED Elois

The CENTO, poetic form prized?
Quite silly, as I've realized.
Bringing lines we've heard,
In manner absurd,
Unflatteringly plagiarized.

72003 WORDS - DEFINED Chris Papa

CEREBRAL lass, a sex resister,
Who passed over men for a "sister",
Flat chested as well,
And ugly as hell,
Had never a lad who had missed her.

72004 WORDS - DEFINED Chris Papa

Confetti that's made from the CHAD
Of paper punched out 'til it's had
Three little holes neat,
Falls soft on the street,
Countering the ticker tape fad.

72005 WORDS - DEFINED Daniel

Beware of confetti-like CHAD --
Its corners are pointed and bad!
A card reader/punch
Spews out a whole bunch --
Its coners as sharp as a brad.

72006 WORDS - DEFINED Nick

Separating the CHAD from the sheet
Is like gleaning chaff from the wheat,
Though in this case
Winning the race
Goes to one with sheet-keeping feat.

72007 WORDS - DEFINED Daniel Ford

Braided or twisted before baking,
Like family reunion ice-breaking,
Though you love them all,
You'd much rather call,
Unlike CHALLAH, your best is leave-taking.

72008 WORDS - DEFINED Karen

The twisted sweet bread known as CHALLAH
Does honor the many-named Allah,
Though some think it odd
That wordship of God
Accompanies Chicken Marsala.

72009 WORDS - DEFINED Daniel Ford

CHALLAH's a special egg bread,
Dissected with ancient prayer said,
An honored tradition,
Fulfilling a mission,
Not merely a belly, instead.

72010 WORDS - DEFINED Chris Papa

A hypochondriacal man
Consulted an old CHARLATAN,
Who took fortune small
For nothing at all
And worse health than when he began.

72011 WORDS - DEFINED Chris Papa

The work that is done in CHARRETTE
Is frantic as frantic can get.
Till a goal you are,
Then off to the bar
For something refreshing and wet.

72012 WORDS - DEFINED Chris Papa

He had eyes on a nice filly fine;
To ride her was his grand design.
His friend to abet,
Said "Dan, lets CHARRETTE!"
"No way," said Chris, "This project's all mine!"

72013 WORDS - DEFINED Gunjan

I like the color CHARTREUSE
'Cause it helps me to shed the blues.
I like it on ties
Where it dazzles the eyes,
But I don't think it works well on shoes.

72014 WORDS - DEFINED Norm Brust

Poor blind folks who dress without clues,
May bring with the clothes that they choose,
Darks, somber and quiet
Or rainbows of riot,
Neon pinks with a splash of CHARTREUSE.

72015 WORDS - DEFINED Chris Papa

On the other hand I have to tell
I see sighted folk there, as well,
Whose matches oft seem
Like a colorblind scheme,
Picked by a seeing-eye dog from Hell.

72016 WORDS - DEFINED Chris Papa

Discreetly cautious, we are CHARY
Of commenting on someone hairy.
Is that a toupee?
We cannot just say,
For the reaction could be scary.

72017 WORDS - DEFINED Daniel Ford

In U.S. 'twould be extraordinary
For people to chortle at CHARY.
I think we would find
That what comes to mind
Is the wholly acceptable "wary."

72018 WORDS - DEFINED Chris Papa

Of charity, sir, I'd be CHARY,
As of warranties one should be wary.
Each one has a motive
That's not always votive --
And nowhere is there a good fairy.

72019 WORDS - DEFINED Eva Amata

When the Good Lord hastens to CHASTEN,
One wonders just how much His grace and
Compassion allow
Any sinners now
To find their own way in world racin'.

72020 WORDS - DEFINED Daniel Ford

As the bricklayer worked on the wall,
He allow a huge brick to fall.
Before we CHASTEN
This erring mason,
We must pay the shop steward a call.

72021 WORDS - DEFINED Norm Brust

Imelda thought CHAUSSURE...great word.
Her closet, they say was absurd!
With thousands of pair,
Feet never went bare!
But maybe it's lies that we heard!

72022 WORDS - DEFINED Maggie

Observe "ma CHAUSSURE", shining bright,
Bought at Thom McCan for price right.
Although you can tell
From that funny smell,
They trampled through dog-poop last night.

72023 WORDS - DEFINED Chris Papa

There once was a man whose CHAUSSURE
Was so smart you just knew he was poor --
For the rich don't require
The trappings of 'squire';
They have 'it' already, monsieur.

72024 WORDS - DEFINED Eva Amata

The footgear I prefer as CHAUSSURE
Are great clodhoppers, you can be sure.
Those wrap-around boots
Take care of my roots,
So I quickly wash off all manure.

72025 WORDS - DEFINED Daniel Ford

CHAUVINISM, scoundrel's haven,
Attracts both bold and the craven,
To blindly defend,
To the bitter end,
As biased, know-it-all maven.

72026 WORDS - DEFINED Chris Papa

This Chauvin sounds not so much fun,
Napoleonist amok run,
Though perhaps not as grim,
As his latter-day kin,
A CHAUVINIST telling blonde pun.

72027 WORDS - DEFINED Karen

There was a sweet girl they named Kate,
Who found out she was very late.
When she called her Max,
And gave him the facts,
He swiftly left, saying, "checkmate!"

72028 WORDS - DEFINED Barb

When sailors are too long at sea,
Ship's captain try quite properly
To overyfly CHECKMATE
Sex with a deck mate;
In foc'sle will be what will be.

72029 WORDS - DEFINED Chris Papa

The neocons have set a trend
Towards which centrists are trying to bend.
But like Mom and apple pie,
The CHEVAL DE BATAILLE
Of liberals is still tax and spend.

72030 WORDS - DEFINED Norm Brust

Though hobbyhorse, CHEVAL de BATAILLE,
Is also the favorite thereby.
Most often, of course,
Its beaten dead horse,
Which politicos ride throught the sky.

72031 WORDS - DEFINED Daniel Ford

A full head of hair, CHEVELURE,
Loosely rolled like La Pompadour,
Is now mostly seen
On femmes multi-teen
And often seems tinted bluer.

72032 WORDS - DEFINED Daniel Ford

Although it's a quality poor,
Each chevalier feels that his lure
To the female sex,
And on "hunk" index,
Requires a grand CHEVELURE.

72033 WORDS - DEFINED Chris Papa

CHIMERA cobbled from many parts,
With biological fits and starts,
In Frankenstein way,
The Shelley mainstay,
Or human genes with E. Coli hearts.

72034 WORDS - DEFINED Daniel Ford

CHIMERA a mixture that's odd,
Assortment so very rough-shod,
It joins parts quite weird,
Makes mixture that's feared,
Not likely to be act of God.

72035 WORDS - DEFINED Chris Papa

"So, you want to sell the old nag,"
Said the horse-buyer, "What's the price tag?"
Said the old farmer,
Himself, a charmer,
"Did you come to buy or CHIN-WAG?"

72036 WORDS - DEFINED Observer

If I ken the meaning of CHOUSE,
Eschew it when it comes to spouse,
Or without delay,
There'll be hell to pay,
With you, perhaps, out of the house!

72037 WORDS - DEFINED Chris Papa

In cheating and trickery you CHOUSE,
The behaavior of only a louse,
So please mend your ways;
That crime never pays
And pack rat may be kleptocrat mouse.

72038 WORDS - DEFINED Daniel Ford

Before in real war you'd engage,
Read "Best of French Battles," new rage.
CHRESTOMATHY neat,
It manages feat
With volume that is single page.

72039 WORDS - DEFINED Chris Papa

Men emerge from CHRYSALIDES
Uttering songs and balladies,
Not from hearts in throats
But much bran and oats:
Flatus and borborygmides.

72040 WORDS - DEFINED Daniel Ford

A bachelor's a mere CHRYSALIS,
Matured when he seeks wedded bliss.
But if the pair won't gel,
Cocoon looks real swell.
That's marrieage game, just hit or miss.

72041 WORDS - DEFINED Chris Papa

An evil of maltreatment chronic,
Invention of dweller CHTHONIC,
Gift of old Satan,
All folks a-hatin',
Is known today as "high colonic."

72042 WORDS - DEFINED Chris Papa

What a shame it is and ironic,
That lads so sweet and Byronic
Will bring roses of red
'Til they get you in bed,
Then crawl back to their rock most CHTHONIC.

72043 WORDS - DEFINED Kim

Infernal underworld CHTHONIC
Is filled with great riches sonic.
Screams of rappers noise,
Inane Backstreet Boys,
And more caca cacophonic.

72044 WORDS - DEFINED Daniel Ford

Thinking of things CHTHONIC,
And actions defined as demonic:
There's Monica's chthong
And Willie's dong,
And prevarication that's chronic.

72045 WORDS - DEFINED Norm

But the epitome of this fine trait
Is the man whom we love to hate;
Who bumps off his father
Then goes on to blather
For help: I'm an orphan! What a fate!

72046 WORDS - DEFINED Esther Hecht

Such baggage of hubris one hauls,
CHUTZPAH, in old Yiddish recalls
The trait of the few
Who win what they do
By having a big set of balls.

72047 WORDS - DEFINED Chris Papa

If big balls were all that it took
To have CHUTZPAH, just take a look
At women with verve,
And much brazen nerve,
Who've got it, and whom no one can brook.

72048 WORDS - DEFINED Esther Hecht

A young film-going CINEAST
Who prefers a young, nubile cast,
Was told he was shallow
And also quite callow."
"Is that really a sin?" he then asked.

72049 WORDS - DEFINED Sheryl A Lemma

At one time the poor CINEAST
Would go to dark movies for blast.
With Cable TV
We're likely to see
Couch potato, fat and silly-assed.

72050 WORDS - DEFINED Chris Papa

CINEASTE'S life seems so stark;
They daily their derrieres park
And stare at silver screen.
Seek what films may mean,
Remaining always in the dark.

72051 WORDS - DEFINED Chris Papa

If like me, you're shaped like a wheel barrow,
Movie seats tend to be far too narrow.
The happiest CINEASTE
Is the one whos is skinny-assed,
And tend to eat like a sparrow.

72052 WORDS - DEFINED Norm Brust

A CINGULAR garment, the corset;
I could not more highly endorse it.
It pushes your fat
From where it is at,
To where is should be, when you force it.

72053 WORDS - DEFINED Gary Hallock

Sexy Sue was glad, if you will,
That she took CIRCADIAN pill.
Ever ready for Max
And frontal attacks,
Which day and night, his role to fill.

72054 WORDS - DEFINED Chris Papa

There once was a temptress named CIRCE
Who'd turn men to pigs when they'd her see.
But most women say
We're pigs anyway,
So this isn't much of a curse, see?

72055 WORDS - DEFINED Gary Hallock

Now CIRCE, with beauty and wiles,
Had all the right stuff that beguiles
The lust of strong men,
And so even when
As male pigs, they sported large...smiles.

72056 WORDS - DEFINED Chris Papa

CIRCULAR paths to a man's lady fair,
With weird ways of wooing quite rare,
May delay the entry
Of some anxious gentry,
Who manage, in end, to get there.

72057 WORDS - DEFINED Chris Papa

Our President's CIRCUMLOCUTION,
Evaded impeachment solution.
Conduct out-of-bounds,
Produced real great mounds,
Of B.S. that called elocution.

72058 WORDS - DEFINED Chris

Filled with hot lust and great gore,
The heroes CLAMBER

Who always was ready for more.

72059 WORDS - DEFINED Chris Papa

Applause from friends and the CLAQUE
Cannot be construed as feedback,
Since they're very much
Arrangements or such
Attempts by an egomaniac.

72060 WORDS - DEFINED Daniel Ford

A CLAQUE is a clique that'll clap,
Shriek anad whistle for any old crap.
They'll flatter and fawn
When you hold a salon,
For a quick cash incentive, old chap.

72061 WORDS - DEFINED Eva Amata

A new talk-show host and sidekick
Lost their TV show double quick.
Their ratings were bad,
Producers got mad
When their hired CLAQUE didn't click.

72062 WORDS - DEFINED Observer

CLEMENT, the name of a child,
Who tended to be rather wild,
With evil so sotted,
His kitty garrotted,
In CLEMENT a status reviled.

72063 WORDS - DEFINED Chris Papa

The CLERIHEW form I have tried.
I'm sure it won't serve as a guide,
But it's very short;
A rhyme of the sort
That sends a terse message that's snide.

72064 WORDS - DEFINED Chris Papa

The guy said our meter was wrong.
The lines were too short or too long.
So overwrought, he'd
Swear never to read;
Dismissed us in terms very strong.

72065 WORDS - DEFINED Chris Papa

He dreamt that he dwelt in COCKAIGNE,
A cottage in a shady lane,
With days full of ease
And such food to please,
All washed with great gulps of champagne.

72066 WORDS - DEFINED Chris Papa

If your filled with much COCKALORUM,
Your friends you'll abuse and you'll bore 'em.
For people who brag
Are such a big drag,
It's easier just to ignore 'em.

72067 WORDS - DEFINED Gary Hallock

The loud-mouthed jock, COCKALORUM,
Will boast to any small quorum,
'Bout feats of his brawn,
And of need to spawn,
Devoid of good taste or decorum.

72068 WORDS - DEFINED Chris Papa

Crowing little COCKALORUM
Thinks himself soli cantorum;
Nothing excuses
Just how he uses
Braggadocio to bore 'em.

72069 WORDS - DEFINED Daniel Ford

Now, what's a poor fellow to do,
When caught, red-handed, in stew,
Except try and get by
And tell, by and by,
COCKAMAMIE tales, one or two.

72070 WORDS - DEFINED Chris Papa

COCOONING at home in our lair,
A pleasure which we really share;
It brings warmth and smiles,
Not many air miles,
And saves us a good deal of fare.

72071 WORDS - DEFINED Chris Papa

The myriad joys of COCOONING;
Not least among them is spooning,
Demands that the lair
Has space for a pair;
A solo cocoon leads to mooning.

72072 WORDS - DEFINED J'Carlin

Some terms need a little fine tuning,
Such as: what is done while COCOONING.
Beneath that red blanket,
If she starts to yank it,
They're forking now, no longer spooning.

72073 WORDS - DEFINED Gary Hallock

The news from the Mid-Eastern press,
Which will their dumb reader impress,
And blind them with hate,
At bottom I'd rate;
CODSWALLOP, it is, more or less.

72074 WORDS - DEFINED Chris Papa

A good limerick should never be grim
Or be solemn just like a nice hymn.
Served up with a dollop
Of silly CODSWALLOP,
With lightness and fun, it should brim.

72075 WORDS - DEFINED Norm brust

CODSWALLOP will never define
All of our limericks divine!
While limited verse
And somewhat terse,
When done well, it feels sublime.

72076 WORDS - DEFINED Barb

With dinosaurs I feel COEVAL;
My memory fails
And as for details,
They're lost in the ages primeval.

72077 WORDS - DEFINED Chris Papa

COGNOSCENTE, a know-it-all,

A terrible sight,
So they never write,
But instead you get a collect call.

72079 WORDS - DEFINED Daniel Ford

The people who know facts a-plenty,
On all sorts of things,
As my applause rings,
For plurals, like ten or twenty,

72080 WORDS - DEFINED Chris Papa

72081 WORDS - DEFINED Chris Papa

COLONEL BLIMP is to most Anglophiles,
An object of pity and smiles.
But poor Tony Blair
With his youthful flair,
Has more abuse coming in piles.

72082 WORDS - DEFINED Chris Papa

The image of COLONEL BLIMP'll
Cause your cheek to show its dimple.
But today's right-winger
Needs a sharper zinger;
The issues are not quite as simple.

72083 WORDS - DEFINED Norm Brust

Alas, COLONEL BLIMPS still abound!
All kinds of politics give them ground.
Some writers are worse,
But of those who write verse,
Hope some humor and worth will be found.

72084 WORDS - DEFINED Barb

The COLUBRINE organ of men

72085 WORDS - DEFINED Chris Papa

Brussels sprouts is a dish I can pass;
It tastes bad and generates gas.
A Belgian COMESTIBLE
I find indigestible,
Which should be banned from cooking class.

72086 WORDS - DEFINED Chris Papa

Christmas edibles, COMESTIBLE,
Are not always so digestible.
The heavy fruitcake,
If many bites take,
Makes for gut feelings detestable.

72087 WORDS - DEFINED Daniel Ford

What's edible is COMESTIBLE.
Though what's above does seem detestable,
So in the debate,
We must hereby state
That good taste is quite contestable.

72088 WORDS - DEFINED Daniel Ford

Dumb dogs swallow all that's ingestable,
Some of it not quite COMESTIBLE.
When pantyhose goes
From hips to the toes,
Comes out whole, indigestable.

72089 WORDS - DEFINED Chris Papa

Brussels sprouts, highly prized COMESTIBLE,
Have a following that is inestimable.
Though some guests, when you
Put sprouts on the menu,
Never get past the vestibule.

72091 WORDS - DEFINED Chris Papa

Congress folks fight, fume, and fuss,
Instead of just working for us.
They promise COMITY,
But leave us vomity,
Wanting to kick them and cuss.

72092 WORDS - DEFINED Chris Papa

COMMODE is an interesting word,
Chest of drawers, or a pot for a turd,
Or urine to save,
A place where you lave,
Or contemplate life that's absurd.

72093 WORDS - DEFINED Chris Papa

COMMODIOUS may seem to say
More than it does...come what may!
A very roomy space?
There is no disgrace!
So I'll have to learn how to play!

72094 WORDS - DEFINED Maggie

Life in the most humble abode,
Is COMMODIOUS, when there's a load,
Of room, for the folks,
But not for slow-pokes,
Dawdle too long in commode.

72095 WORDS - DEFINED Chris Papa

Spacious and roomy, COMMODIOUS,
Needed for dances melodious,
Is gone, I do fear,
When the crowds appear;
Movement and smells become odious.

72096 WORDS - DEFINED Daniel Ford

My old pal and buddy, COMPADRE,
Will always be there with an odd dray
To cart you on home,
When you've cracked your dome
Pursuing that fickle tart Audry.

72097 WORDS - DEFINED Daniel Ford

A clever COMPADRE I knew
Would write limericks described as "blue."
They all brought a smile
Though once in a while,
The censors would warn to eschew.

72098 WORDS - DEFINED Chris Papa

COMPURGATOR, conspirator cool,
Swears to live by the "golden rule."

72270 WORDS - DEFINED Chris Papa

DEUS EX MACHINA is facile.
When the heroine is trapped in a castle,
Down from the sky
Comes a guy who can fly,
Sparing the playwright much hassle.

72271 WORDS - DEFINED Norm

We seldom, if ever, have seen a

72274 WORDS - DEFINED Eva Amata

Though once it meant dealing with devil,
Today on a much different level,
DIABLERIE brings
Just mischievous things;
Pranks, in which others may revel.

72275 WORDS - DEFINED Chris Papa

What I need to improve the kissing:

The pyramids, monuments grand!
Garbage dumps on the ohter hand,
Seen in EKISTICS,
No need for mystics,

72404 WORDS - DEFINED Chris Papa

With chances for wealth, EL DORADO
Prompts many to act with bravado.
The get their cumeuppance
Which is not worth tuppence,
Executioner for The Mikado.

72405 WORDS - DEFINED Daniel Ford

EL DORADO, for which many scheme,
Though worthy goal it may oft seem,
With wealth all around
As conquistadors found,
May only be some foolish pipe dream.

72406 WORDS - DEFINED Chris Papa

Supported, ELEEMOSYNARY,
Are church, abbey, and seminary,
Though often the most
They get is the host
For their efforts to keep in airy.

72407 WORDS - DEFINED Daniel Ford

ELEEMOSYNARY's a word,
Whose use is a bit of absurd,
To keep us confused,
But lawyers it's used,
When charity's "party of third".

72408 WORDS - DEFINED Chris Papa

He gazed at church relic triptychal,
Whose meaning was ELLIPTICAL,
Unable to see
What symbols might be,
Except to a medievalist cryptical.

72409 WORDS - DEFINED Chris Papa

Those ovide figures ELLIPTICAL
Presage messages quite mystical,
Though how Easter Bunny
Got involved is funny,
And perhaps apocalyptical.

72410 WORDS - DEFINED Daniel Ford

I just bought a trainer elliptical.
Because of the fat rolls that are typical
Of any new mom,
Who once was a bomb,
But now might not pass a physical.

'Cause she had some germs
That came from resisitant drug, niche.

An EMBONPOINT figure like pillow
Won't fly away quick when sails billow
And won't harm a thingy
As do women springy,
Those slender young wisps of the willow.

72413 WORDS - DEFINED Daniel Ford

There once was a fellow named Juan
Who only loved gals EMBONPOINT.
If you were slim
You were not for him!
Just the thought of a tryst made him yawn!

72414 WORDS - DEFINED Barb

A senorita from San Juan,
Was inclined to soft EMBONPOINT;
All flesh, nothing phoney,
No prominence bony,
To jab you while getting it on.

72415 WORDS - DEFINED Chris Papa

Soft EMBONPOINT's much preferred form,
No concave depressions to gorm. (daub with sticky matter)
So when having sex
A shape that's convex
Makes it neater and nice to perform.

72416 WORDS - DEFINED Fran

EMBONPOINT with excessive poundage
Makes people look biggage and roundage.
Without diet care,

EMINENCE GRISE, if you please,
Is the power behind what we sees.
As with Bush and Cheney
Though I'm not complainy,
Which guy has more college degrees?

72418 WORDS - DEFINED Peter Wilkins

Osama does as he would please,
A sort of EMINENCE GRISE.
Wrapped, it is said,
In a nice diapered head,
And flowing beard down to his knees.

72419 WORDS - DEFINED Cris Papa

In politics, the EMINENCE GRISE
Has more power than boss, the big cheese.
He calls the shots
And hatches the plots
With far fewer people to please.

72420 WORDS - DEFINED Norm Brust

The power that's behind the throne
By EMINENCE GRISE is well known.
When the coup comes with guns,
He flees, flies and runs
When he knows that his cover is blown.

With Wifie on Saturday nights,
When instead of hopin',
He found she was open
To what he thought was his by rights.

72423 WORDS - DEFINED Chris Papa

Lavishing praise, ENCOMIUM,
When all about's pandemonium,

Of praise quite earthy
And prizes plated with chromium.

72424 WORDS - DEFINED Daniel Ford

Comes that state of love that we're in,
Which helps our old world take its spin.
From hormones ENDOGENOUS
Brings feelings erogenous
At place that's three spans from the chin.

72425 WORDS - DEFINED Chris Papa

ENDOGENOUS drives from within
We reject, since they may lead to sin.
These restraints, exogenous,
Tend to lodge in us,
Causing thoughts of what might have been.

Before his desire was sated.
Says Doc, "Here' blue pill,
So go get your fill."
His nights are now triple X-rated.

72428 WORDS - DEFINED Norm Brust

There nothing to me that's feebler
Than an aging ENFANT TERRIBLE,
Like this nut, Le Pen,
Who gets jollies when
He makes Frenchmen shout, "Horrible!"

72429 WORDS - DEFINED Norm Brust

An ENFANT TERRIBLE I knew
Conversed in a manner quite blue;
Four letter words used,
His listeners bruised,
Till into a bishop he grew.

72430 WORDS - DEFINED Chris Papa

When mitered, it was a known fact
He had to quick clean up his act.
In good ways he'd march;
Now bishop is ARCH,
And noted for smooth tongue and tact.

72431 WORDS - DEFINED Chris Papa

Both Clintons are quite ENGAGE,
Each in a particular way.
The lady seeks power,
While Bill will deflower
Intern lasses that come his way.

72432 WORDS - DEFINED Chris Papa

As lies of our pols rage unchecked,
The public's good trust is sure wrecked.
Such conformity
Sees ENORMITY
Of moral decay, I suspect.

72433 WORDS - DEFINED Chris Papa

Monstrous misuse of ENORMITY
Is a great huge nonconformity;
An evil humongous,
Like some northern fungus;
Its use is but an abnormity.

72434 WORDS - DEFINED Daniel Ford

Can drive the wet kids near insane.
Urine release is
Called ENURESIS,
Causing psychosocial drain.

72438 WORDS - DEFINED Chris Papa

To the lady with bed-wetting nieces,
Said the doctor, "They have ENURESIS."
Suggested Nurse Chandler,
A Texas pan-handler,
"Just tape on the bedpans 'til it ceases!"

72439 WORDS - DEFINED Observer

Urinary leaks, ENURESIS,
Are involuntary releases
During nighttime dreams
Or day's stressful themes,
Surely a painful anamnesis. (reminiscence)

72440 WORDS - DEFINED Daniel Ford

Now here is a word that I know
As a nurse, I'm afraid it is so!
With diapers pulled tight
All day...not just night;
ENURESIS really tells "tail" of woe!

72441 WORDS - DEFINED Maggie

So here's to the dry underwear!
With three cheers for the graying of hair!
Just make several stops;
A rule that is tops,
And keep rubber pad on the chair!

72442 WORDS - DEFINED Maggie

Abusive cursing with INVECTIVE
Is a behavior quite infective.
And will elicit
Gestures explicit,
Suggesting the Hades directive.

72443 WORDS - DEFINED Daniel Ford

Injecting poison, ENVENOM,
As does snake through a cowboy's denim,
Leaves one embittered
At the transmitter
And likely to take action agin'em.

72444 WORDS - DEFINED Daniel Ford

Do not let yourself get hyper,
Stomp on the head of that viper,
Beware of the dance
In vulnerable pants --
Walk away -- be just a griper.

72445 WORDS - DEFINED Daniel Ford

ENVENOMING has fatal goal,
Poisoner plays vital role,
In history's pages,
Of Middle Ages,
Tactic L. Borgia'd extol.

Arises (here in parenthesis)
When uncaring rubes,
Those squares in the cubes,
Can't take two-consonant synthesis.

72447 WORDS - DEFINED Daniel Ford

EPENTHESIS, colorful speech,
Just out of intelligence's reach.
From Kalikak's learned,
The tribal badge earned,
Collection of imbeciles each.

72448 WORDS - DEFINED Chris Papa

Why let amuddlement effect us;
Flustration need not perplex us;
We'll just go with the flow
And let our brains grow
Into becoming much more ambidexterous.

72449 WORDS - DEFINED Luana Nemaste

It does leave a bad taste, metallic,
Emphasized, in large print italic,
And no idle boast,
EPHERMERAL most,
Is thing called "Gratitude Gallic."

72450 WORDS - DEFINED Chris Papa

The Mayfly's life is EPHEMERAL,
Lasting but a day in general,
With new wings to flex
In searching out sex,
Before reaching tends condemneral.

72451 WORDS - DEFINED Daniel Ford

Two astronauts out on a date,
The pair were getting on great.
"Same thing tomorrow?"
She answered with sorrow,
"EPHEMERIS shows time to wait."

72452 WORDS - DEFINED Chris Papa

Value of star charts EPHEMERIS
Has become as waste pile euphemous;
There's no refuting
GPS routing,
Makes tables rather ephemerous.

72453 WORDS - DEFINED Daniel Ford

EPICENE just sounds very fitting
Of someone between sexes flitting,
Like the talent which
Enables a switch
To pee, whether standing or sitting.

72454 WORDS - DEFINED Chris Papa

EPICUREAN life's not for all,
For those who heed hedonist call,
Enjoy pleasure's brevity,
But their longevity
Waits on heart artery's wall.

72455 WORDS - DEFINED Chris Papa

Henny Youngman was the champion
EPIGRAM contest by far won,
With his one-liners
Told wine and diners,
And on the boob tube just for fun.

72456 WORDS - DEFINED Larry

A fellow who'd EPIGRAMS pass,
Felt he was at the top of his class.
But most people thought
Such slick glibness brought
Him title of "Mr Smart Ass".

72457 WORDS - DEFINED Chris Papa

Adage inscribed in stone, EPIGRAPH,
Need not always be an epitaph,
But when the old crones
Can't move their old stones,
It may be time for the cenotaph.

72458 WORDS - DEFINED Daniel Ford

EPIGRAPHS impress the lasses;
Some even startle the masses.
The writers I find,
Somewhere in my mind,
As a smarmy bunch of smart-asses.

72459 WORDS - DEFINED Chris Papa

When you've bright idea, if any,
You'll call it your EPIPHANY.
It sometimes is best
To keep close to your chest,
Avoiding a ruckus or tiff, any.

72460 WORDS - DEFINED Chris Papa

Repeated end phrase, EPISTROPHE,
And its fore-sister anastrophe,
When used together
May be sweet heather,
But more often yield catastrophe.

72461 WORDS - DEFINED Daniel Ford

I tried to include some EPISTROPHE
Within this short verse but it is for me
A difficult rhyme
Anaphora very short time,
I suffered severe mental dystrophy.

72462 WORDS - DEFINED Gary Hallock

Mike Cope sent one good for a laugh;
He proposed "Slick Bill's EPITAPH.
Said his tomb should say
In most playaful way,
"He comforted rod in his staff!"

72463 WORDS - DEFINED Chris Papa

Character's final words: EPITAPH,
As Orson Welles' 'Enjoyed a carafe,'
Are found over graves
Of our honored braves,
Heroes who culled wheat from the chaff.

72464 WORDS - DEFINED Daniel Ford

Our medical skills make us brag,
When we cure some equestrian's nag.
But we breed better germs
In our biotech firms;
That new epizootic's a drag.

72465 WORDS - DEFINED Eric Seaberg

An epizootic disease
Has made the cows weak in the knees.
When it comes to my dinner,
I'll stick with a winner;
And tofu's my choice, if you please.

72466 WORDS - DEFINED Terry Casale

Epizootic diseases, I am told,
Bring grave danger to those in the fold.
Bearing hoof, horn, or wings,
It doesn't care that it brings
The chance of not growing old.

72467 WORDS - DEFINED Susan Hawes

My koi have come down with the flu;
The goldfish are all turning blue.
Is it epizootic?
Or chaotic biotic?
Please tell me -- I sure wish I knew.

72468 WORDS - DEFINED Eric Seaberg

Fast-spreading ill, EPIZOOTIC,
Makes critturs sick, maybe neurotic,
Which makes pet owners
Pull some strange boners,
Like wide use of antibiotics.

72469 WORDS - DEFINED Daniel Ford

Young Richard, though clearly a hick,
Must be well-yclept for a trick.
For girls stand in line
With him to entwine
Upon his EPONYMOUS dick.

72470 WORDS - DEFINED Nick

Outlaw sprawl and the blare,
And bring an end to Californication.

72472 WORDS - DEFINED Kim

EQUITANT love play is "in",
And though once considered a sin,
Even the missionary
Has learned to vary
Ways that might make your head spin.

72473 WORDS - DEFINED Chris Papa

It took not an ERG of intelligence,
The first job I had that gave recompense.
I, proud as can be,
That someone paid me,
Knew the value of work ever thence.

72474 WORDS - DEFINED Elois

On days when I feel quite bonhomic,
And everything's bright and most comic,
I muse that a chap
May offer his lap
To lady, as seat ERGONOMIC.

72475 WORDS - DEFINED Chris Papa

An ERISTIC couple I knew,
Always there when an argument flew,
Intent on point scoring,
Erotics ignoring,
Are now seeking each, partners new.

72476 WORDS - DEFINED Chris Papa

ERISTIC I can become,
Encountering politicos dumb,
Who with diatribe,
Try to proscribe
And hope that I will then succumb!

72477 WORDS - DEFINED Barb

"ERSTWHILE" has a poetic feel,
While "WHILOM" is too big a deal.
Guess 'FORMER''s okay
In a common way,
But not if you'd sound like big wheel.

72478 WORDS - DEFINED Chris Papa

Though micturition duels are best,
When you lads compete for the jest.
The challenge I'd rate,
To out-ERUCTATE,
Decidedly puerile contest.

72479 WORDS - DEFINED Daniel Ford

My mate and I quickly withdrew
From a bilious church-going shrew
Who ERUCTATED,
Then rudely stated,
"You people have sat in my pew!"

72480 WORDS - DEFINED Observer

ERUCTATES and flatulent ways
Are very much part of my days!
I chart notes with glee,
Just glad it's not me,
But reminded that youth is a phase.

72481 WORDS - DEFINED Maggie

The belcher's hymns of ERUCTATION
Have no peers from insufflation.
Unless it's that part
That delivers the fart,
In equally rude lamentation.

72482 WORDS - DEFINED Daniel Ford

I once knew an ERUDITE elf,
Who'd read every book on the shelf.
So smart, in the end,
He had nary a friend,
Though he sure was full of himself.

72483 WORDS - DEFINED Chris Papa

Her soft, inviting rump bent;
Urgings of coming hump sent.
And could scarcely contain
The warm tug and strain
Felt in his phallus ERUMPENT.

72484 WORDS - DEFINED Chris Papa

Spring daffodils trumpet ERUMPENT,
A robust releasing of drum pent
Up by winter's roil
Of wind-frozen soil,
Till we see those jonquils so pungent.

72485 WORDS - DEFINED Daniel Ford

If hoarding of riches you care,
Be certain to provide an heir.
Or else you'll be beat
By the state's ESCHEAT;
They'll swoop in and take all the share.

72486 WORDS - DEFINED Peter Wilkins

I'm sure that it can be a feat
To forestall a statehood's escheat,
By making a will.
However the bill
Will leave you just white as a sheet.

72487 WORDS - DEFINED Barb

If you're eighty and would not be dissed,
ESCHEW confusion, on this insist:
When ladies lie down,
Don't stand there and frown,
Always refer to your little list.

72488 WORDS - DEFINED Daniel Ford

Though they might not ever ESCHEW,
The chasing of girls, quite a few,
Those guys in their eightys,
When catchin' their Katies,
May not recall what they're to do.

72489 WORDS - DEFINED Chris Papa

The avoidance habit does ESCHEW,
But it's not easy -- we know it's true.
When color's needed
And brown is ceded,
The stuff hits the fan and then you.

72490 WORDS - DEFINED Daniel Ford

Though vulgarity I generally ESCHEW,
Occasionally my verse does turn blue.
There are times, I submit,
When a word like "shit"
Just fills the rhyme and adds color, too.

72491 WORDS - DEFINED Norm Brust

Synthetic forces ESEMPLASTIC
Oft change our thinking in ways drastic,
As perhaps a word
Is not quite what's heard;
Delicious turns paronomastic.

72492 WORDS - DEFINED Daniel Ford

I know an old limericist spastic,
Who thinks that all sex is fantastic.
And will in most times
Insert into rhymes
This theme in a way ESEMPLASTIC.

72493 WORDS - DEFINED Chris Papa

With girls ESEMPLASTIC each night
To take masochistic delight,
The Marquis de Sade
Stayed hard and en garde,
Excited by sight of their plight.

72494 WORDS - DEFINED Nick Lanyon

All along the greening ESPLANADE,
To the pretty young ladies he'd nod
And think in his head
About antics in bed;
Little wonder his pants fit so odd!

72495 WORDS - DEFINED Sheryl

The soldiers were beseiged in their fort,
And stocks of food were growing short.
So they sent a fusilade
Across the ESPLANADE,
Forcing the beseigers to abort.

72496 WORDS - DEFINED Norm Brust

In Boston there is ESPLANADE
Along the Charles river to trod.
Get cold beer for sips,
Enjoy fish and chips,
But know that the former is scrod.

72497 WORDS - DEFINED Chris Papa

Some folks haven't heard of that food
And think that the word does allude,
In a tired sense,
To sex act's past tense,
As after a couple has screwed.

72498 WORDS - DEFINED Chris Papa

A zealout ESPOUSES a cause,
About which he boringly jaws,
But a spouse just espouses
A spouse (skirt or trousers,)
Along with the dreaded in-laws.

72499 WORDS - DEFINED Eva Amata

Sweet marriage, young man would ESPOUSE,
When beautiful maid would arouse.
He'd sample the wares,
Then free from all cares,
Quickly denounce all his vows.

72500 WORDS - DEFINED Chris Papa

The ESTIVAL season now wanes,
And with it mosquito bite pains.
I leave it with shrugs
And all of its bugs,
As lawn greens with most welcome rains.

72501 WORDS - DEFINED Dr Limerick

Brackish waters of the ESTUARY
Are home to bittern solitary,
But he's seldom seen
Amid rushes green,
Because that heron is too wary.

72502 WORDS - DEFINED Daniel Ford

ESTUARY, far arm of the sea,
Into right where the river should be,
Life interesting makes,
But sadly it takes
Some potable water from me.

72503 WORDS - DEFINED Chris Papa

A factoid most certainly strange,
Of how human minds can derange.
It seems that for some,
ETERNITY's come,
While waiting for red light to change.

72504 WORDS - DEFINED Chris Papa

There was an ETHEREAL dancer
Who was nether a stomper nor prancer.

72505 WORDS - DEFINED Eva Amata

Bad boy, who left food on his plate
Was doomed to a hidious fate:
With cane was behinded,
Of China reminded,
And good health would ETIOLATE.

72506 WORDS - DEFINED Chris Papa

Make pale and feeble, ETIOLATE,
Does have effects that accumulate,
Resulting in sire
With a future dire,
For lack of a son does emasculate.

72507 WORDS - DEFINED Daniel Ford

When that innocent grin on your guy
EVINCES some sin, never try
By interrogation
To vent your frustration,
And whatever you do, don't ask "Why?".

72508 WORDS - DEFINED Eva Amata

But the work is nice,
When leavened with spice,
And along the way, to procreate.

72521 WORDS - DEFINED Chris Papa

And marriage vows were obliterated,
His relations with Rodham
Pretty much hit bottom,
And now he lives ex-Hillary-ated.

There once was a royal randy Rex,
Who dreamt of EXIMIOUS sex.
His forty wives, fakes,
Had constant headaches.
He'll wed few score more, one suspects.

72524 WORDS - DEFINED Chris Papa

Wholly unknown to abstemious.
Old men so stingy
That they lead dingy
Existences ignominious.

72527 WORDS - DEFINED Chris Papa

Helvitia is home to the Swiss.
Say "Sverige" and a Swede's in bliss.
Say "Nederland" to the Dutch;
It's not asking much.
Using EXONYMS won't earn you a kiss.

72528 WORDS - DEFINED Norm Brust

There are those with much on their plate,
Who still our fair country berate.
Good lesson to teach
Those spoiling our beach;
Allow each to expatiate.

72529 WORDS - DEFINED Chris Papa

Pundits our senses do satiate.

Contain fallacies,
It's their attempt to ingratiate.

72530 WORDS - DEFINED Daniel Ford

On prowl on a wild weekend night,
Plied lady with gin,
In hopes he would win
Her love, or some sex EXPEDITE.

72531 WORDS - DEFINED Chris Papa

Atoning for misdeeds, EXPIATE,
We cannot fully escape our fate,
For it's only grace
Will find heaven's space
And sin's consequence obliterate.

72532 WORDS - DEFINED Daniel Ford

A sin she'll EXPIATE
By rushing the cooking,
And when I'm not looking,
She puts half-raw food on my plate.

72533 WORDS - DEFINED Norm

Off the cuff, EXTEMPORANEOUS
Remarks meant to be spontaneous,
Do need some forethought,
Or a biting quick shot
Could mean a nose loss cutaneous.

72534 WORDS - DEFINED Daniel Ford

An EXTEMPORANEOUS wit
Thought that he would be a great hit
With insult and jibe;
Now you could describe
That his face has a nose that won't fit.

72535 WORDS - DEFINED Chris Papa

Surely it's plain for all that will see
That limericks are just thoughts which we,
As writers of rhyme,
Compose every time
Rather EXTEMPORANEOUSLY.

72536 WORDS - DEFINED Barb

In the Senate, there isn't surprise,
Where pols like to EXTEMPORIZE.
That much of their speech
Has nothing to teach;
Content neither clever nor wise.

To where juisdiction will play,
The felon benighted,

Phillipine EXTRADITION tracks on,
Case which decided its facts on
Massive hoard shady,
Acquired by lady,
Taken from Shoeless Joe Jackson.

72541 WORDS - DEFINED Chris Papa

What's EXTRINSIC's not inherent,
But probably not transparent.
Like mess on a dress
From lack of finess;
Its arrival there was errant.

72542 WORDS - DEFINED Darryl

EXTRINSIC means, comes from outside,
Like stain on a dress you might hide.
The spiller we'll catch,
By DNA match,
To guilty one then, "Woe betide!"

FACETIOUS to full, it was said.
Got laughs from tales tall,
And though gals would fall
With laughter, none fell to his bed.

72545 WORDS - DEFINED Chris Papa

Oh poor tyro, FACETIOUS Fred,
All alone in your comfy bed.
With wit don't dicker,
Find out what's quicker,

72546 WORDS - DEFINED Elois

FACINOROUS folks do bad deeds;
I think that they come from bad seeds!

Please nominate me for this title.
I always will shirk
All types of housework,
'Cause if I don't do it, my bride'll.

72554 WORDS - DEFINED Gary Hallock

A work avoider and sidler,
Whose natural course

We can hope is nothing but charade.
Braggadocio
Tastes like, don't you know,
An unsugared glass of lemonade.

72560 WORDS - DEFINED Daniel Ford

Divorce, half his pay, dulled her pain.

72569 WORDS - DEFINED Elois

FARRAGO is quite a mixed dish,
As cod is to gefilte fish.
Though Goyim pronounce it,
The Tribe just denounce it
And settle for plain old "gemisch."

72570 WORDS - DEFINED Chris Papa

A FARRAGO is a great mixture
As the English language admixture,
Where all sorts of words

72576 WORDS - DEFINED Chris Papa

Limerick writers fall into two schools:
Those who don't and who do follow rules.

For being FASTIDIOUS
And for emulating Fabrege's jewels.

72577 WORDS - DEFINED Norm Brust

Under her glare FRIGORIFIC.

72674 WORDS - DEFINED Chris Papa

The chilling cold of FRIGORIFIC
Can at length become soporific,
As when the tool rigid
Meets with the frigid,
And the schnorer seems sonorific.

72675 WORDS - DEFINED Daniel Ford

A hermit with sex taste terrific,
Had mate who was quite FRIGORIFIC.
And when he got in
Her 'Temple of Sin',
Got penile frostbite terrific.

FROUFROU is in the libretto
Of that Lehar whirl
As the name of a girl
Who flirts in "The Merry Widow."

72682 WORDS - DEFINED Chris Papa

Encumbered with too much FROUFROU.
With pillows on the bed

Today, it is more FUGACIOUS.
I was also up quick
For a second trick.
Today, the interval is more spacious.

72686 WORDS - DEFINED Norm

Fleeting fame, all too FUGACIOUS,
Is glory for the pugnacious,
For when ticket's punched,
Their brains have been crunched
And left the realm of sagacious.

72687 WORDS - DEFINED Daniel Ford

After one has been caught cheating.
Monogamy's good,

For crimes that he did perpetrate.

72697 WORDS - DEFINED Chris Papa

Poor hubby, who never could wait
To have premature 'jaculate,
Produced marriage strife,
Caused his soggy wife
Against sex to then FULMINATE.

FULSOME, who's meaning is shady,
Turns me to coward most fraidy.
A word I would chose
To otherwise use,
In describing a buxom young lady.

With stuff you're unwilling to hear.
When they start up their GAMBIT,
I mind it a damn-bit
And flee quickly, showing my rear.

72720 WORDS - DEFINED Chris Papa

Had great girth and troubles likewise.
She married Fat Frank.
On this you can bank:
Their kids ain't the most petite size.

72806 WORDS - DEFINED Chris Papa

A Grecian inscribed with some Greek
The ruins where he took a leak;
Such signed and unsigned
GRAFFITI defined,
The language in which we now speak.

72807 WORDS - DEFINED Nick

Talk of Parthenon GRAFFITI
While munching grape leaves and ziti,
Seems enough to stop a
Young man drinking grappa
From any further entreaty.

72808 WORDS - DEFINED Daniel Ford

Confetti is ground GRAFFITI,
In Italy they use Ziti,
In Greece they fry things,
Including dough rings,
But less pasta that fresh meati.

72809 WORDS - DEFINED Reddog

GRAFFITI, in eye of beholder,
It might be some limericks bolder.
We couldn't do worse,
That compose our verse,
In lines that will attract and smolder.

72810 WORDS - DEFINED Chris Papa

No TV for me, Halloween,
There's GRAND GUIGNOL stuff on the screen.
Masked guys with chainsaws,
Wolf men with sharp claws,
And the longest fangs I've ever seen.

72811 WORDS - DEFINED Chris Papa

The violence which mankind has hurled,
In massacres which have unfurled,
In many a far place,
Is the brutal face
Of our GRAND GUIGNOL of the world.

72812 WORDS - DEFINED Chris Papa

GRATUITOUS, "free as the larks",
Like passes at old baseball parks,
Is something too grand;
On the other hand,
When GRATUITOUS precedes "remarks".

72813 WORDS - DEFINED Chris Papa

GRATUITOUS violence and sex?
Don't go to local cineplex;
What's seen on TV,
Here or across sea --
What most we abhore, news reflects.

72814 WORDS - DEFINED Darryl

Superfluous is GRATUITOUS,
As slimy gobs are pituitous.
When in spitting war,
The cad evens score,
With bombs and tries to spit two at us.

72815 WORDS - DEFINED Daniel Ford

The GRAVAMEN of suing spouse,
In shedding her hubby, the louse,
Was "sex on the side",
To help judge decide
That she should keep more than the house.

72816 WORDS - DEFINED Chris Papa

GRAVAMEN, to court we travel,
And in Halls of Justice unravel,
Mid conflicting pleas,
Why Monica's knees,
Look like abrasions from gravel.

72817 WORDS - DEFINED Chris Papa

She doesn't quite live in a hovel,
Or work with a long-handled shovel,
So one might surmise,
What's seen with our eyes,
Is not from some gravel, but grovel.

72818 WORDS - DEFINED Chris Papa

A trogdolyte monk of depravity,
Lured lass to iniquitous cavity.
She liked to play there,
And soon his dark lair,
Became her new center of GRAVITY.

72819 WORDS - DEFINED Chris Papa

A heavenly body's GRAVITY
Attracts some others of suavity.
But if their joint motion
Ain't slowed by devotion,
It may lead to some concavity.

72820 WORDS - DEFINED Daniel Ford

The GRAVITY here on the ground
Is bound to surround you, I've found.
But in space there's no weight
And no diets; that's great!
And no further I'll need to expound.

72821 WORDS - DEFINED Gary Hallock

Some poor ladies suffer the fate,
Selecting some guy for a mate,
Who says that he will
While he has his fill,
With GREEK CALENDS as nuptual date.

72822 WORDS - DEFINED Chris Papa

Young ladies by nature GREGARIOUS,
Who hope to remain nulliparous,
The hermits in these
Rhymes should not tease,
Lest rectitude become precarious.

72823 WORDS - DEFINED J'Carlin

A young lad with manner GREGARIOUS,
Sought girls in new ways various,
But all he could find
Were men of like mind,
Seeking action nefarious.

72824 WORDS - DEFINED Chris Papa

Couples hot, unable to wait,
All eager to rush wedding date,
To GRETNA GREEN run
To jump start the fun,
And honeymoon really first-rate.

72825 WORDS - DEFINED Chris Papa

The quickie marriage on GRETNA GREEN
May not be soon smashed to smithereens,
But note at parkside,
That less cautious bride
Who was known as Lady Mondegreen.

72826 WORDS - DEFINED Daniel Ford

It's really a comical scene,
Those quicky nups in GRETNA GREEN.
A hurried "I do";
Forget "I love you."
Life is simple when you're seventeen.

And will make most moist organs GRIDE.

72829 WORDS - DEFINED Chris Papa

Let us hope that justice is swift
For those who would perpetrate GRIFT,
So they may join flocks
Of those pounding rocks,
That's jail-time, if you catch my drift.

72830 WORDS - DEFINED Chris Papa

The ease with which grifters gain GRIFT
Often has me feeling quite miffed.
It's just not enough
To complain of such stuff,
'Cause now I'm the one who's been stiffed.

72831 WORDS - DEFINED Daniel Ford

As lively and bright as a GRIG,
Who dances so sprightly a jig.
I never have been
Since when I was thin
And people then called me a sprig.

72832 WORDS - DEFINED Daniel Ford

But now that you have a big rump,
With waistline in which fat rolls clump,
Too bad that you're taller,
Since if you were smaller,
I'd certainly call you a stump.

72833 WORDS - DEFINED Chris Papa

A sparky and profligate welder
Seduced a young girl called GRISELDA.
She, meek while he welded,
Was swiftly Zeigfelded --
No wiser, but certainly elder.

72834 WORDS - DEFINED Nick Lanyon

When it comes to amassing of shoes,
The champ we are certain to choose
Is Marco's Imelda,
Who was no GRISELDA
And still hardly has paid her dues.

72835 WORDS - DEFINED Chris Papa

When Brittania did rule the waves,
Which kept tars from too early graves,
And scurvy's dark fog,
Was lime with their GROG,
A pleasant elixir for saves.

72836 WORDS - DEFINED Chris Papa

Diluted rum was quickly called GROG,
Which sailors throught more suited to frog.
But French did not whine
For any but wine,
Leaving those tars aground in the bog.

72837 WORDS - DEFINED Daniel Ford

A new word I learn now and then,
GROK is Martian way to say "ken",
Or "dig it", you see,
And obviously,
A usage for teen denizen.

72838 WORDS - DEFINED Chris Papa

The reinforced eyelet is GROMMET,
Through which goes the aglet as comet,
Zipping thus right through
To lace up your shoe;
Any more cute stuff and I'll vomit.

72839 WORDS - DEFINED Daniel Ford

A GROMMET to pull the lace through,
Works best when you're tying your shoe.
First left, then the right,
You pull it real tight.
Then start it all over anew.

72840 WORDS - DEFINED Observer

The GROTESQUE limerick unreasonable,
With such lax morals treasonable,
Is but brought to mind
With weather, the kind
That makes such bad thought only seasonable.

72841 WORDS - DEFINED Chris Papa

In Greenland there was GROTESQUE guy,
Who thought native girls he might try.
But none of them "poked"
And so he then yoked
With reindeer who were grazing by.

72842 WORDS - DEFINED Chris Papa

In Alaska, never you fear,
Yens sexual for any reindeer
Are never quite sought,
Or GROTESQUELY thought,
With Musk Oxen conveniently near.

72843 WORDS - DEFINED Barb

The GROUNDLING of ignoble birth
Finds in his farts unbidled mirth;
Though poor and despised
And in rags disguised,
'Tis said he'll "inherit the Earth."

72844 WORDS - DEFINED Chris Papa

The GROUNDLING life's often the pits;
For in the mud is where he sits.
He's seeing the play,
But that's not to say,
He avoids where the upper crust spits.

72845 WORDS - DEFINED Daniel Ford

Sometimes small investment we make,
By offering up a GRUBSTAKE.
Don't know if return
Will be enough to earn,
Or simply the grubbing of fake.

72846 WORDS - DEFINED Chris Papa

Investors' seed money, GRUBSTAKE,
Is proffered in hope they can take
Ten to hundred fold
Investment in gold,
Then do it again for greed's sake.

72847 WORDS - DEFINED Daniel Ford

Entrepreneurs jump at the chance,
With hardly any backward glance,
For building coffers
With other's proffers,
And slipping the gold in their pants.

72848 WORDS - DEFINED Daniel Ford

To be GUDGEON, with senses dulled,
Like widgeon, an odd bird, thick skulled.
One waits for a crook,
To set out his hook,
Then, Wham!, a new sucker is gulled.

72849 WORDS - DEFINED Chris Papa

The term "guinea pig" is abused,
Since in lay terms it's often used
To describe what I fear
Was once called "volunteer",
Which may keep some doctors confused.

72850 WORDS - DEFINED Harold

The under-chin skin folds are GULAR,
Evidence of an aged ruler,

Wattle is getting,
Like man, a rakish old schooler.

72851 WORDS - DEFINED Daniel Ford

Our President, a gifted tooler,
With ladies, more hot than cooler,
Regardless of votes,
Has yen for "Deep Throats",
Beats "oral" sex, when it is "GULAR".

72852 WORDS - DEFINED Chris Papa

Though lust with gust some prudes would dis,
Its vitalness we must not miss.
The practice, it's clear,
Is how come we're here;
As source of pure humor, it's bliss.

72853 WORDS - DEFINED Elois

Over limericks some have fumed and fussed,
Because verse is of sex and lust.
To those few I'd say,
'Tis better to play
And hail with lascivious GUST.

72854 WORDS - DEFINED Chris Papa

An oenophile takes keen delight, GUST,
In varieties coming from must,
When flavors golden
Hint of molds olden,
Have escaped the most killing leaf rust.

72855 WORDS - DEFINED   Daniel Ford

Voracious, onmivirous, devouring,
Gourmandise, Falstaffian, empowering;
There's nothing subtle
About the verb "To GUTTLE."
It conjures up an appetite that's towering.

72856 WORDS - DEFINED   Norm Brust

Guys from den to kitchen shuttle,
Getting beer and chips to GUTTLE.
Then with big head,
Go off to bed,
Leaving mess for wife to buttle.

72857 WORDS - DEFINED   Elois

The honeymoon bride would perplex
And with some bladder problems, there vex.
But still, all in all,
Was held in great thrall
By the regular GYMKHANA of sex.

72858 WORDS - DEFINED   Chris Papa

There certainly wouldn't be anarchy
If editing limericks were a GYNARCHY,
Monks would be flailed,
And hermits all jailed,
And pols all chided just for malarkey.

72859 WORDS - DEFINED   J'Carlin

Women govern -- GYNOCRACY,
As subtle form of democracy,
Wherein GYNOCRACY
Starts at menarche,
And men discover autocracy.

72860 WORDS - DEFINED Daniel Ford

When we GYP with gypsies connect,
It's politically incorret.
But language has lost
At uncounted cost,
Some color and now has defect.

72861 WORDS - DEFINED Daniel Ford

Dear people, please heed my advice,
Don't use the word "GYP", it ain't nice;
From "Gypsy" derived,
These days it's contrived,
As P.C. offense in a trice.

72862 WORDS - DEFINED Chris Papa

A GYROVAGUE, wandered into the cave
Of an anchorite whose name was Dave.
Repelled by the smell
In this monastic cell,

Not place of Hell that we feared,
But ocean's deep floor,
So far from a shore,
No fear your rear end will be seared.

A piece of mind's eye,
A memory long bye,
At fond backward glance ever keen.

72871 WORDS - DEFINED Chris Papa

It's easy to sit and lament
'Bout youth that was carelessly spent.
Then I was bolder,
Now I'm much older,
The HALCYON days have all went!

72872 WORDS - DEFINED Observer

Against the norm is HETERODOX,
But when all choose the unorthodox,
Do they not become
The uniform some
Oft running like lemmings off the docks?

Young shepherds to good morals hew,
Knowing the right thing to do.
Their duty to keep
Watch over the sheep,
Not playing the ram to each ewe.

72939 WORDS - DEFINED Chris Papa

Whenever the word HIE is said,
It means one should "get out the lead",
And move with great speed,
Go real fast, indeed,
Before one more moment has sped.

72940 WORDS - DEFINED Chris Papa

When helping with cures quite terrific,
One's given prescription specific;
It's written you see,
All quite cryptically,
As medical HIEROGLYPHIC.

72941 WORDS - DEFINED Chris Papa

Some picture symbols HIEROGLYPHIC
Are found in caves and on walls cliffic,
In Ur and Chaldeas,
Conveying ideas
Semiotics now find pontific.

72942 WORDS - DEFINED Daniel Ford

The HIEROPHANT is the chief priest
Whose word is law, to say the least,
Which must be obeyed
Always, I'm afraid,
Unless you don't believe in the beast.

72943 WORDS - DEFINED Daniel Ford

In the boonies I live, HINTERLAND,
Where every week, a large biker band,
One and all can be seen
Having lunch at the "Bean",
With no hint of assumed contraband.

72944 WORDS - DEFINED Elois

Young lads in the far HINTERLAND,
When 'lots of hot chicks' they demand,
Will cull out the best
From all of the rest
Of the feathery farmyard band.

72945 WORDS - DEFINED Chris Papa

The inland, rural, or HINTERLAND
Is also home to the vintner band
Who make our fine wine
(Well some of it's fine).
And hardy souls who can winter stand.

72946 WORDS - DEFINED Daniel Ford

A buxom belle from HINTERLAND
Was always in greatest demand;
In worldly ways wise,
She'd ever surprise
With moves most farm girls understand.

72947 WORDS - DEFINED Chris Papa

Tagalog, tongue of the Philippines,
Is not well-known here, by any means.
But BOONDOCKS we know
Thanks to GI Joe,
Means HINTERLAND, with pastoral scenes.

72948 WORDS - DEFINED Norm

America's HINTERLAND, "Boonies,"
Is the home to quite a few loonies.
They play with their guns
And tattoo their buns,
Hypocritically pursuing Moonies.

72949 WORDS - DEFINED Norm Brust

To Sally, her sallyport was
A HINTERLAND, far from Eros.
So, at his attempt
That port to pre-empt,
Young Sally was pretty damn cross.

Mediterranean ladies are cute,
Their dark fashing eyes are a beaut;
Their faces sink ships,
Save hair above lips,
And axillae all quite HIRSUTE.

72951 WORDS - DEFINED Chris Papa

The unkempt one who is HIRSUTE,
In peat-smoked flannels of Knute,
Will be seen as a grunge,
In need of deep plunge,
And a big fat horse's patoot.

72952 WORDS - DEFINED Daniel Ford

The hair-covered one is HIRSUTE,
Takes pains not to appear the brute.
Coifed perfectly so,
Designed to show,
The hairy one as more astute.

72953 WORDS - DEFINED Chris Papa

Sort of person who wears a black suit,
Smokes an occasional cheroot,
Drinks single malt neat,
Offers femmes his seat,

72954 WORDS - DEFINED Daniel Ford

I've gone from a auricle clear;
The passage of time, I do fear,
Takes hair from my head
And moves it instead,
And leaves me with a HISPID ear.

72955 WORDS - DEFINED Chris Papa

HISPID is like a fly's thorax,
Bristle-covered as the Lorax,
More like three-day beard
Than hirsute one feared,
Who killed the Kurds with his war axe.

72956 WORDS - DEFINED Daniel Ford

My son once explained it to me.
His profs tore his books with some glee.
Perhaps you have heard

72958 WORDS - DEFINED Chris Papa

Patients with constipation chronic,
Quail at the words "high colonic."
A soft heart could bleed;
They quail and they plead;
Behavior that's just HISTRIONIC.

72959 WORDS - DEFINED Joanne

One could be a wee bit HISTRIONIC
When faced with illness chronic,
And doctors prescibe
"Roll over on side,"
And treat you with a high colonic.

72960 WORDS - DEFINED Barb

Some screech in a way HISTRIONIC,
In decibels oft supersonic;
I'd quick fix propose:
To give each of those
A personal, swift, high colonic.

Mean time has come to enjoy glory,
But those creaking knees
And those canities (white hair at temples)
May come early, if you're a Tory.

72962 WORDS - DEFINED Daniel Ford

When Willy grows older and HOARY,
Tales of Oval Office sex story
Will be chipped in stone,
On mountain alone,
Confined to that strange category.

72963 WORDS - DEFINED Chris Papa

The white hairs we think of as hoary,
Are signals for oratory.
Though more as from Frost,
Than is Senate lost,
Where speeches often are gory.

72964 WORDS - DEFINED Daniel Ford

It would my great dignity rob,
If I were now forced to HOBNOB,
With some cliquish types,
Accustomed to gripes,
Of my ways of dressing like slob.

72965 WORDS - DEFINED Eva Amata

There was a young fellow named Carr
Who HOBNOBBED with a girl in a bar.
He got quite familiar
But when he said "Will ya?"
She told him "You're going to far."

72966 WORDS - DEFINED Eva Amata

Whenever HOBSON'S CHOICE is the call,

On this you can bet:
The best that you'll get

72967 WORDS - DEFINED Chris Papa

Mr Henry Ford had his voice;

72970 WORDS - DEFINED Observer

The common people, HOI POLLOI,
Oft mistakenly do employ

72975 WORDS - DEFINED Sheryl A Lemma

Quyana, Yup'ik Eskimo word,
Most pronounceable I have yet heard,
Has meaning of "Thanks";
Put that in word banks,
Holophrastic straight talk, so absurd!

72976 WORDS - DEFINED Barb

That can know God's mind,
Leaving us to find

72982 WORDS - DEFINED Norm

With sex and guns as titillation,
Pop media's got a fixation.
Now nudes and gore
Bring only a snore,
Not exquisite HORRIPILATION.

72983 WORDS - DEFINED J'Carlin

For HORRIPILATION exquisite,
One needs only again to revisit
The Hitchcock milieu,
Where gore's not in view
And the sex index high, but implicit.

72984 WORDS - DEFINED J'Carlin

At the sight of large words, my heart thumps,
Prepared for liguistic long jumps.
Now HORRIPILATION,

All moral leadership blew he,
But, despite the facts that he knew, he
Lectured the nation
On each TV station,
With earnest HORTATIVE hooey.

72988 WORDS - DEFINED Chris Papa

HORTATIVES, given advice,
Can either be mean, or be nice.
But since most are free,
They usually
Need some review once or twice.

For their favorite bone in the throat.
The HYOID, unmatched

72996 WORDS - DEFINED Chris Papa

The human hyoid bone's unique;
Large, with no neighbors, a freak.

72999 WORDS - DEFINED Elois

HYPERBOLE, to tall talk related,

At places the Romans called IDES.
We now just count days
Through the lunar phase,

To figure what might be an ide.

73072 WORDS - DEFINED Larry Falk

I once knew a struggling poet
Who tried to rhyme INCHOATE.
The result was a hash;
He broke out in a rash
And his wife said, "Wouldn't you know it!"

73073 WORDS - DEFINED Norm Brust

My emerging career as a poet
Is best described as INCHOATE.
I can do the trick
With a limerick,
But if I tried a sonnet, I'd blow it!

73074 WORDS - DEFINED Norm

To those with an INCHOATE view
Of ideas that are recent and new,
I'd like to declare
What comes with white hair,
Is state where you don't have a clue.

73075 WORDS - DEFINED Chris Papa

INCHOATE, the imperfect form,
For some folks, is the thinking norm.
They speak, I do fear,
Without brains "in gear",
And spew forth nonsensical storm.

73076 WORDS - DEFINED Chris Papa

INCHOATE often gets my goat,
Implying need for learning rote.
If one would know it,
To become more choate;
Why should the prep school be called Choate?
(incoherent)
73077 WORDS - DEFINED Daniel Ford

INCHOATE, unfinished, chaotic,
Virtual, unreal, abiotic,
Down-market and boring,
The Web leaves me snoring,
Though some people find it hypnotic.

Since she wan't frocked
And consequently INCOMMODE.

73079 WORDS - DEFINED Chris Papa

Congress, INCORRIGIBLE lot,
Even with lives on the spot,
Will politics play,

A concept that's hard to indicate
When the local gang
Would prefer to hang
Their rivals and their wrongs vindicate.

73082 WORDS - DEFINED Daniel Ford

INDEFEASIBLE things are quite rare,
Since on Earth, there's little that's fair.
With no hope for cure,
Death, taxes are sure.
Other pledges just vanish in air.

INDICIA markings often pass
For postage stamps by office brass;
Use by mailers bulk
Has brought me to sulk:
Practice isn't really first class.

73084 WORDS - DEFINED Daniel Ford

INDICIA, a scanner inspects,
Need for right postage corrects,
I think It might say,
In a fancy way,
Italian wording for "index".

73085 WORDS - DEFINED Chris Papa

INDIGENCE, a word with allure,
Genteel way to describe the "poor".
It leads some to say
In a poetic way,
That INDUSTRY's the only cure.

73086 WORDS - DEFINED Chris Papa

When to better half I note indite,
My penmanship, spouse calls "a sight".
"Looks like tracks of a tern,

In the twenties, the state of INEBRIETY
Was the hallmark of high society.
Then came the repeal
Along with New Deal,
And Depression, all cause for sobriety.

73090 WORDS - DEFINED Norm Brust

If drunkeness be INEBRIETY,
As say the masters of our piety,
They let us all watch
Our intake of Scotch:
A wee dram of every variety.

73091 WORDS - DEFINED Daniel Ford

An American lush in Paris,
In constant INEBRIETY,
"J'aime plus du rouge vin,
Et bouve all I can.
The result, I make lots of oui, oui!"

73092 WORDS - DEFINED Chris Papa

Oui, Oui, vin rouge drunk to satiety
Will certainly outrage society.
But 'tis good for the heart
And provides a good start
For enjoying a night's inebriety.

73093 WORDS - DEFINED J'Carlin

73097 WORDS - DEFINED Chris Papa

INELUCTABLE: Word I can't sever
From book, which if read, takes forever:
James Joyce's Ulysses
Is not read by sissies.
If you do, you can't help feeling clever.

73098 WORDS - DEFINED Elois

Dave sought not to INGRATIATE
Himself with warm dame,
He played the old game
Returning to his stone-cold mate.

73105 WORDS - DEFINED Chris Papa

Poor Dave, social outcast, would wait,
In bars, to INGRATIATE
Himself to a lass,
But his manner crass,
Left him to his lonely fate.

73106 WORDS - DEFINED Chris Papa

His fawning might work, I suppose,
Except, when in young Love's throes,
Grin he'd not erase,
Nor look at girl's face,
Admiring and ogling at THOSE.

73107 WORDS - DEFINED Chris Papa

Young male and female combination
Starts out as a simple flirtation,
But then comes the marriage,
And then baby carriage...
An INIMICAL situation!

73108 WORDS - DEFINED Observer

73110 WORDS - DEFINED Daniel Ford

When INION produces a doldrum,
Recall life is but a conundrum.
What results is but inium
When from conominium
We peel off the pro-tective condom.

Proper cover should be applied.
Lest your internals

Keep them watered from the inside.

73119 WORDS - DEFINED Darryl

Protecting skin, INTEGUMENT,
Staves off those microbes virulent.
Keeps insides in, no doubt,
As well as outsides out,
Until in death to dregs you went.

73120 WORDS - DEFINED Chris Papa

INTEGUMENT, long word for skin,
Such as your body's wrapped in,
Gone, it loses,
Important juices,
And battles your body can't win.

73121 WORDS - DEFINED Chris Papa

So when outside in this heat,
By sweating, your skin will excrete
Plenty of water.
So you should just ought'er
Grab two pints and put up your feet.

Or given to stone-faced fibbing.

73125 WORDS - DEFINED Daniel Ford

'Twixt ribs INTERCOSTAL resides,
No place that is subject to tides,
Of friends I am boastal,
Who live INTERCOASTAL,
And take me on fishing boat rides.

73126 WORDS - DEFINED Chris Papa

Each day these new words out you crank,
And usually for them, you I'll thank.
But I'm thinking "Good Grief!"
What is this "INTERLEAF?"
I'm sorry; I'm drawing a blank.

73127 WORDS - DEFINED Gary Hallock

And learned some new forms of INVECTIVE.

73131 WORDS - DEFINED Eric I Seaberg

I am now bemused and reflective;
Unamused as I search for directive
For brain cells to blend
Toward a sumptious end,
In search of a brand new invective.

73132 WORDS - DEFINED Luana Nemaste

The f-word's become one big yawn
And so overused, it's time to move on.
When was it we heard
A new dirty word.

Since Columbine came on the scene,
We're addressing the groups that are mean.
IRENIC we need,

Our morals have grown rather lean.

73140 WORDS - DEFINED Maggie

Aunt Irene, who loved gin and tonic,
Was frequently tart and ironic.
Venting spleen, she was splenic
And never IRENIC
And her rages were almost symphonic.

73141 WORDS - DEFINED Eva Amata

There one was a poor schizophrenic,
Who wished for a life more serenic.
He never could tell
Which voice came from Hell,
Or which led to thoughts more IRENIC.

IRREFRAGABLES hard to refute,
Like "Haste makes waste."
"No accounting for taste."
And "From ugly trees grows sweet fruit."

73146 WORDS - DEFINED Chris Papa

With appeals through the popular mass,
A dangerous sport,

73155 WORDS - DEFINED Chris Papa

I told my classes that JAWBONING,
When inflation is out on the wing,
Won't do any good,
Be it understood,
Market forces are stronger than king.

73156 WORDS - DEFINED Larry Falk

JAWBONING's coercion's close clone,
Like wheedling funds via phone.
If legal or not,
It helps fill the pot,
But depletes our good moral tone.

73157 WORDS - DEFINED Chris Papa

73711 WORDS - DEFINED Daniel Ford

I will tell you when it's too late
To osculate with a great date;
He might get too shy

Then premature, ejaculate.

73712 WORDS - DEFINED Barb

While this we here only postulate,
If you'd avoid the ejaculate,
Result of kissing:
Periods missing.
Don't use spermicide gloss too late.

73713 WORDS - DEFINED Daniel Ford

73736 WORDS - DEFINED Chris Papa

Denigrate not light PALAVER;
For such talk is social salver;
Nabobs nattering,
Cherubs chattering,
Keep one from seeming cadaver.

73737 WORDS - DEFINED Daniel Ford

If for you, my meaning does quaver,
Pronounce the word as "pal"-"laver",

I suppose it is also soap-saver.

73738 WORDS - DEFINED Chris Papa

His chatty date just drove him wild;

Melody d'amour the pair hums.

73740 WORDS - DEFINED Chris Papa

The use of PALILOGY clever,
Is a nice poetic endeavor.
Though it seem absurd,

73741 WORDS - DEFINED Chris Papa

"Madam, I'm Adam," said he.
"The world's first PALINDROM!", said she.
Eve's observation
Provoked Adam's exclamation:
"The world's first wordsmith, that's me."

73742 WORDS - DEFINED Norm Brust

I find PALINDROME wretched curse;
It's like anagram, only much worse,
Because all the words
Assembled in herds,
Have meanings when read in reverse.

73743 WORDS - DEFINED Chris Papa

Reversible word the PALINDROME
In superstition does find a home.
Luck forward and back,
Like gem in haystack,
Or perhaps having a buddy in Rome.

73744 WORDS - DEFINED Daniel Ford

There here is a word that's worth knowing.
The PALINDROME's pathway
First letter to last may
Make sense when it's either way flowing.

Unless cased in a tough canvas,

And quite a red rash on the ass.

73746 WORDS - DEFINED Daniel Ford

Then stay there on moldy PALLIASSE,
Though safer, it's sure,

Without political pull's torque,
Must be less furtive,
Become assertive
Ayn Rand Fountainhead hero Rourke.

73874 WORDS - DEFINED Daniel Ford

PILIFEROUS refers to hair,
Pilferous, take notice and care,
Is like what Time does,
In taking our fuzz,
Until it is no longer there.

73875 WORDS - DEFINED Chris Papa

A strange word is PILIFEROUS
Rictal bristle ambiguous.
Not on gherkin
But with merkin
Correct word is ulotrichous.

73876 WORDS - DEFINED Nancy

The hairy one is PILIFEROUS,
Growing strands quite splendiferous,
But problems arise,
For unclean hair pies
Are a felt mat most odiferous.

73877 WORDS - DEFINED Daniel Ford

When like a hair, it is PILIFORM;
Tiny, finger-like is villiform,
As seen lining gut
Or tongue surface, but
The thinnest, thread-like filliform.

73878 WORDS - DEFINED Daniel Ford

The PILOSE bald head, if you stare,
Shows some vestigial hair.
It's not quite a mop,
That covers the top,
And some guys just feel it's not fair.

73879 WORDS - DEFINED Chris Papa

PILOSE, covered with hair vellus,
As face and bald heads tell us,
Is not always joy,
For pimples of boy
And bald pate oft potions sell us.

73880 WORDS - DEFINED Daniel Ford

The game: appealing to PILOSE,
Hinges on ones who would try those
And the insistence,
Market persistence
Of hucksters with heads adipose.

About things in well furnished flats,
To impress some dame,
Plays the PINCHBECK game,
Displaying his K-Mart ersatz.

73882 WORDS - DEFINED Chris Papa

A wide golden chain seem to clinch neck.
Those lured to her loins
Were soon asked for coins,
For her charm, like her jewelry, was PINCHBECK.

73883 WORDS - DEFINED J'Carlin

I thought them generic game larks.
Each repeat sound mates
The alternate states,
Alliterates to aural harks.

73884 WORDS - DEFINED Chris Papa

PING PONG is a bouncing ball game,
Describing dilemma's horned frame,
Or some mugwump's ghost,
Who sits on a post,
Can not commit, can not take aim.

73885 WORDS - DEFINED Daniel Ford

PING PONG in a level flat plain,
YO-YO just moves up-down again.
Like Ying-Yang of space,
Return to their place;
To watch them will drive you insane.

73886 WORDS - DEFINED Chris Papa

I think I told you just last week
I loved those French words, so to speak.
But now I can see,
They're not all for me.
PISSOIR...It may havoc wreak!

73887 WORDS - DEFINED Maggie

PISSOIR, it must be believed,
Is word that is not to be grieved.
When all's said and done,
When there's a need for one,
You'll find it, and then be relieved.

73888 WORDS - DEFINED Chris Papa

PISSOIR, sidewalk relief for men,
Provides no aid for women when
They have urgent need,
With due haste or speed,
To find a squat spot for a hen.

73889 WORDS - DEFINED Daniel Ford

Something we humans must do.
A quick starting stream
Can feel like a dream,
If nature is beckoning you!

73890 WORDS - DEFINED Maggie

For granted, some thing seem to be.
Till old age starts reminding thee,
That functions can fail,
You might leave a trail,
If PISSOIR is not easy to see.

73891 WORDS - DEFINED Maggie

Or other Plum bum,
But Latin's lead, toxic to thee.

73909 WORDS - DEFINED Daniel Ford

To be a beginner in French.

73928 WORDS - DEFINED Chris Papa

POLYGLOT speaks of tongues many.
But if you'd extend antennae,
Though languages few,
The ideas they brew,
May sometimes make no sense in any.

73929 WORDS - DEFINED Chris Papa

An autodidact POLYGLOT
Found his love life was going to pot.
He'd get quite confused
Over which word be used
To request discretely what's sought.

73930 WORDS - DEFINED J'Carlin

A POLYGLOT ought to be taught
In his head to organize thought
In only one tongue
Or up he'll get hung
And out of his mouth will come naught.

73931 WORDS - DEFINED Gary Hallock

Think fondly of love,
But when push comes to shove,
Can but wish they were much younger men.

74276 WORDS - DEFINED Chris Papa

This week I beat my rival Bernie In
The local pool room tourney in
A game of eight-ball.
I'm now standing tall
And the future looks SATURNIAN.

74277 WORDS - DEFINED Norm Brust

Those golden ages SATURNIAN,
As told in old songs Hibernian,
Memorialize
The wishes of guys
Influenced by wines sauternian.

74278 WORDS - DEFINED Daniel Ford

A horny lecher is the SATYR,
Who takes the Sabines now and later.
And when he's angling
Or merely dangling,
Needs the hands of a master baiter.

74279 WORDS - DEFINED Daniel Ford

He thought, "I would like to date her,
And ravish her, just like a SATYR."
Then played out his folly
With a plastic dolly,
Who's life-sized when you inflate her.

74280 WORDS - DEFINED Chris Papa

That Sabine abductor, the dude,
Leching for action real lewd,
Took ladies and tore 'em,
Right there in the Forum;
I think he deserves to be booed!

74281 WORDS - DEFINED Chris Papa

The SCAPEGOATS we always attack,
Because they can never fight back.
They bear all the blame
From hunts that inflame,
Or groups that seem to have the knack.

74282 WORDS - DEFINED Chris Papa

The brunt of the blame falls on SCAPEGOAT,
So it's good if he wears a great coat
To dull slings and arrows
Whose bruises and harrows
Might drive him to flee in escape boat.

74283 WORDS - DEFINED Daniel Ford

If smallpox we'd wish to prevent,
Vaccinia is heaven sent
To SCARIFY those,
Lest virus expose
Them to bioterror event.

74284 WORDS - DEFINED Chris Papa

SCHADENFREUDE, envy's bad name,
Diminishing another's fame,
Better not gloat,
Else misfortune's coat
May fit upon you, much the same.

74285 WORDS - DEFINED Chris Papa

SCHADENFREUDE is the wicked delight;
The secret wish that someone else might
Get caught in acts new
That you'd like to do;
If only you weren't so up tight.

74286 WORDS - DEFINED Chris Papa

SCHADENFREUDE, in which we take joy
In the pains that some others annoy,
Must be carefully watched.
For the joy may be scotched,
If the pains should our own good destroy.

74287 WORDS - DEFINED Daniel Ford

At base of cliffs covered with SCHIST,
The talus is fanned with a twist.
To climb up such slate
Brings slippery fate,
Lest belay is tight in the fist.

74288 WORDS - DEFINED Daniel Ford

Although it may come as a blow,
To all, it's important to know,
A geologist
Knows granite from SCHIST,
But sometimes not 'ass from elbow'.

74289 WORDS - DEFINED Chris Papa

There's nothing but pity to feel
For poor bugger known as SCHLEMIEL.
He gets stick's wrong end,
And misfortunes tend
To pile up, as Fortune's raw deal.

74290 WORDS - DEFINED Chris Papa

Haven't we all met one or two?
A poor SCHLEMIEL, who just won't do.
He just seems so sad,
He's never a cad...
But you sure are glad he is not you!

74291 WORDS - DEFINED Maggie

When SCHMALTZing Matilda is played,
Australians recall that decade
When life was just brill,
Pre-Aids and post-pill,
And everyone always got laid.

74292 WORDS - DEFINED Nick

The other SCHMALTZ, that we don't eat,
Helps get you dear ladies in heat;
If guy will but throw in,
He'll then get to go in
Place that is sure hard to beat.

74293 WORDS - DEFINED Chris Papa

Whether fond sentiment to a wife,
Or something you spread with a knife,
The tribe members know,
That history will show
Pure SCHMALTZ is the essence of life!

74294 WORDS - DEFINED Chris Papa

When he's ofered a job, he'll decline,
While he displays his "work for food" sign.
The goal of a SCHNORRER
Is to leave you poorer,
His attitue's "what's yours, is mine!"

74295 WORDS - DEFINED Observer

A SCHNORRER will stay cool and calm,
And never show sign of a qualm,
And he'll quote you scripture,
And smile as he rips your
Last dollar from your sweaty palm!

74296 WORDS - DEFINED Observer

A SCHNORRER would never preclude
Your valuables except for food.
He'll take what you've got,
The beans and the pot;
He's out to get all you've accrued!

74297 WORDS - DEFINED Observer

I don't mean to sound like a Scrooge,
But the number of SCHNORRERs is huge.
They're seldom discrete;
They're on every street.
It seems there has been a deluge!

74298 WORDS - DEFINED Observer

If SCHNORRERS your hardened heart thaws,
Before giving, better take pause.
They're very adept
At what they accept.
What's "theirs" is for them, as is "yours".

74299 WORDS - DEFINED Chris Papa

The advantage taken by SCHNORRERS,
Like that of the slimy corn borers,
Takes sweetness from hearts,
But no good imparts,
And produces a mess of horrors.

74300 WORDS - DEFINED Daniel Ford

A word like this one "schwarmerei"
Kind of makes me want to cry.
An little boo hoo
I'll punt it to you.
And it can put tears in your eye!

74301 WORDS - DEFINED Maggie

The sparkling diamond does SCINTILLATE,
Like sun from the dew drop pistillate.
When rain-drenched daffodils
Seem to be laughing still,
Beaming from atop stems pencillate.

74302 WORDS - DEFINED Daniel Ford

SCIOLISM, which fool employs,
Showing off smarts for the boys,
Is greeted with dread
And better unsaid.
"Empty barrels make the most noise."

74303 WORDS - DEFINED Chris Papa

I'm a dedicated SCIOLIST, I fear.
It's an occupation which I hold dear.
I show off my trivia
To all Oscars and Livia --
Do you know why ale is different from beer?

74304 WORDS - DEFINED Norm Brust

A SCIOLIST, I knew one such;
On most any subject he'd touch.
An idea he'd hatch;
A surface he'd scratch
While imparting nothing of much.

74305 WORDS - DEFINED Chris Papa

Now you may think that I'm kind of daft
But a botanist showed me his shaft.
I asked "Is there power
In that added flower?"
He said, "YOu'll be SCION with my graft!"

74306 WORDS - DEFINED Kitten

Though any family has SCION,
Prominent ones with frequent flyin'
Are so often named
When scion is tamed
Or tapped with patriarch's dyin'.

74307 WORDS - DEFINED Daniel Ford

A guy meets a gal; His heart's flyin'
And after some heavin' and sighin',
Some love is engendered
And soon she's surrendered
And branching off with a young scion.

74308 WORDS - DEFINED Gary Hallock

An elderly lecher named Ryan,
To make pretty starlets kept tryin',
But his favorite son
Had the girls on the run.
For Ryan's young scion they're sighin'!

74309 WORDS - DEFINED Win Robins

"Forgiveness is great," it is said,
But when she found mate in the bed
With his old best friend,
She'd to lawyer wend,
And sue for a SCISSION, instead.

74310 WORDS - DEFINED Chris Papa

Dividing or cutting by scission
Is meant to make a clean division.
But in politics
The whole process sticks,
Giving splitting headaches and derision.

74311 WORDS - DEFINED Daniel Ford

To divide and conquer's the rule
For victory, we learned late in school.
To creat a SCISSION,
A disparate vision
Is a fine way to take down a fool.

74312 WORDS - DEFINED Eric Seaberg

The SCOP is an old English bard,
Who has been by poetry tarred.
His verses of rhyme,
A Pentatette crime,
Can be viewed as only canard.

74313 WORDS - DEFINED Daniel Ford

SCRIPOPHILY, if you could care,
Is search for stuff extremely rare,
Like stocks and bonds old,
Whose value, I'm told,
Has long since vanished into air.

74314 WORDS - DEFINED Chris Papa

Classic stocks and bonds, SCRIPOPHILY,
Collected books, bibliography;
Collections like these
Often many please,
But rag-tag ones appear scruffily.

74315 WORDS - DEFINED Daniel Ford

If SCRUMPTIOUS should be delicious,
So tasty and even nutricious,
Why then, oh why,
When that word is nigh,
Are my taste buds quite so suspicious?

74316 WORDS - DEFINED Daniel Ford

He told me my meals were "scrumptious",
And my car and apartment were "sumptious"!
But oh, my dear,
The outlook was drear,
When I heard that he said I was "frump"-tious.

74317 WORDS - DEFINED Barb

A head-bashing killing did SCUPPER
The captain as he ate his supper.
The mutineers rushed
To watch body flushed
Through scupper, as watched from deck upper.

74318 WORDS - DEFINED Daniel Ford

When poor prophets are put upon,
With immoral goals woe begone,
Poor prophet may dread
The loss of his head,
As Salome SCUPPERED sweet John.

74319 WORDS - DEFINED Chris Papa

SCURRILOUS phrases they say.
Kids think it is cool.
They use it at school.
Glamour and sex, lead the way!

74320 WORDS - DEFINED Chris Papa

The Limerick, SCURRILOUS verse,
Is often obscene or perverse.
It can be as bent
As the fellow from Kent,
Although it's remarkably terse.

74321 WORDS - DEFINED Eva Amata

All politicians, more or less,
Are demagogs quite SCURRILOUS,
With egos all huge,
"Apres mois le deluge,"
Embarking on policies perilous.

74322 WORDS - DEFINED Chris Papa

CHARYBDIS' whirlpool, down the drain,
Could assure the sailors' pain.
Even missing the rocks,
Searching Siren's locks,
Ere regaining the bounding main.

74323 WORDS - DEFINED Daniel Ford

Ancient sailors knew risk of SCYLLA,
Odysseus passed Priscilla;
Rocky hell to be
From Penelope,
And Sirens give not a scintilla.

74324 WORDS - DEFINED Daniel Ford

If SCYLLA-CHARYBDIS you face,
It's definitely not the right space,
Because I do ween,
It's somewhere between,
A rock and a very hard place.

74325 WORDS - DEFINED Chris Papa

A fate worse than death is in store
For those who'd this warning ignore.
'Cause if you crack up,
You'll run right smack up,
Hundreds of Wops on the shore.

74326 WORDS - DEFINED Chris Papa

Not only sheets of stamps SE-TENANT,
Those of us in some age getting on,
Must hold together
Through all the weather,
Till we're paid for what we're setting on.

74327 WORDS - DEFINED Daniel Ford

Aging leads to aged, SENESCENCE,
Far from one's callow adolescence,
When ambitious dreams
Yielded secretion streams,
And life goals had less evanescence.

74328 WORDS - DEFINED Daniel Ford

As we age, beholding SENESCENCE
And understanding youth's evanescence,
There can be no doubt
The wily will out,
And wit becomes rejuvenescence.

74329 WORDS - DEFINED Daniel Ford

Up here in Alaska's long dark,
A winter's SENNIGHT can be stark.
When when all's done and said,
And your snuggled in bed,
Undercover life can be a lark!

74330 WORDS - DEFINED Barb

In olde days the new bride would speak,
When honeymoon questions would tweak,
That after love plays
For the seven days,
"A SENNIGHT sure makes a whole week!"

74331 WORDS - DEFINED Chris Papa

An old saying that the folks speak,
If SENNIGHT of sex you would seek,
Though it odes inspire,
Result can be dire.
For seven nights does make one week!

74332 WORDS - DEFINED Chris Papa

A week of nights does make a SENNIGHT;
It takes that long learning to sin right;
Which constant practice,
Even a cactus
Can fare pretty well in a cockfight.

74333 WORDS - DEFINED Daniel Ford

So maybe the rabbis were right
In setting aside a sennight
And then one more
Just before
Indulging in sex for a fortnight.

74334 WORDS - DEFINED Esther

And this is the reason, you see,
In Jerusalem, the Holy City,
Religious folks
With rabbinical strokes,
Have 7.6 kids per family.

74335 WORDS - DEFINED Esther

In English, some phrases revealing
Their actual sense no concealing.
But only when thought of
At length is there got of
The actual sense and the feeling.

74336 WORDS - DEFINED

My lover was nothing if not SENTIENT.
She had this unfortunate penchant
Of playing with knives.
Many beaux lost their lives.
Sensitive she was, but so trenchant.

74337 WORDS - DEFINED Norm

For sex every guy has a penchant,
If he is alive and half sentient;
It's always been true
And if you doubt you do,
You're probably not paying attentient.

74338 WORDS - DEFINED Gary Hallock

A current debate in our sights,
Is from champs of animal's rights.
The thought they give vent:
That things SENTIENT,
Deserve to be treated as wights.

74339 WORDS - DEFINED Chris Papa

Our SENTINEL, furred black and tan,
He looks out for squirrel or man
That might soon attack
The folks of his pack,
And with gleaming canines barks ban.

74340 WORDS - DEFINED Chris Papa

The SENTINEL's guard all alert,
Protecting his own from all hurt.
I wouldn't abuse
The word to name news
Which spreads propaganda and dirt.

74341 WORDS - DEFINED Chris Papa

When approaching with amorous intent,
'Tis best to begin with trenchant
Remarks on her flair,
Not color of hair,
Or she'll dump you for someone SENTIENT.

74342 WORDS - DEFINED J'Carlin

If a tree falls in the forest,
SEPTEMTRIONAL realm's poorest,
For each little leaf,
Ecology's grief,
I guess you can call me a Gore-ist.

74343 WORDS - DEFINED Karen

I promise from now on, henceforth,
Instead of refering to North,
Long syllable thing,
Will from my mouth ring,
SEPTENTRIONAL will come forth.

74344 WORDS - DEFINED Chris Papa

'Tis Spring and across our great nation,
Like daffodils with expectation,
The grannies and gramps
Leave their winter camps
In SEPTENTRIONAL migration.

74345 WORDS - DEFINED Chris Papa

Things of the North, SEPTENTRIONAL,
Are often also small tree sonal,
Because of the cold
And boreal fold
Of icy aurora coronal.

74346 WORDS - DEFINED Daniel Ford

A simple partition, the SEPTUM,
Allows separates where we've kept 'em,
Keeping things peptic
From the ones septic,
Or sperm from partners when we've slept 'em.

74347 WORDS - DEFINED Daniel Ford

Each nose has a SEPTUM and wings,
To which in fad fashion oft brings
This new generation
Much perforation,
With baubles and bangles and rings.

74348 WORDS - DEFINED Chris Papa

For those whose cerebrum's not spacious,
'Tis best to act in ways SEQUACIOUS,
Than boldly confide
That what's there inside,
Are ideas ill-thought and fallacious.

74349 WORDS - DEFINED Chris Papa

SEQUELA for dereliction
About contagion restriction,
And price you both pay
For such careless play:
Mutual sex interdiction.

74350 WORDS - DEFINED Elois

Serried troops reviewed SERIATIM,
General reported verbatim.
Many divisions
Have filled my visions
And continued ad nauseatim.

74352 WORDS - DEFINED Daniel Ford

Casanova, great lover, gals date him,
Deflowered them SERIATIM,
They all had their fun,
But when he was done,
Not one had managed to mate him.

74353 WORDS - DEFINED Chris Papa

Floyd, a killer SERIATIM,
Of mosquitoes as they ate him.
Sucking corpuscles
From his calf muscles,
One by one sent to their fate, grim.

74354 WORDS - DEFINED Darryl

SESQUIPEDALIAN? Now there's a laugh.
Descendant of Sasquatch? I will have
To assume she was mated
When aliens raided
And bore a large child "Bigfoot and a half!"

74355 WORDS - DEFINED Garry Hallock

Scops that are SESQUIPEDALIAN
Quite dexterously would not fail in
Fitting their chaff
In a foot and a half
Of a Pentatette brobdingnagian.

74356 WORDS - DEFINED J'Carlin

With such long words SESQUIPEDALIAN
And badinage colored azalean,
I cannot but think
That such a big stink
Belongs in the outback Australian.

74357 WORDS - DEFINED Daniel Ford

Don't throw out those "houses of glass"
Since when did that thwart a smart ass
From lobbing a stone
At anyone's throne.
I'll lob back the shards and still sass.

74358 WORDS - DEFINED J'Carlin

We really don't mind it a bit,
Go get an occasional hit
From a smart rapscallion,
SESQUIPEDALIAN,
Whose lengthly scansions won't fit.

74359 WORDS - DEFINED Chris Papa

Elocutions pedantic, eschew them;
I, generally speaking, won't do them.
A few affectations
On special occasions;
Some polysyllabic, but few o'them.

74360 WORDS - DEFINED Gary Hallock

Consider the phrase "settle down"
It's one that is bantered around.
But what can be inferred?
Let's consider each word,
and see if the sense can be found.

74361 WORDS - DEFINED

The first word is "settle," 'tis true.
But who wants to settle, do you?
The second word, "down"
Generally said with a frown,
Is redundant, it seems on review.

74362 WORDS - DEFINED

You'd better not hire a hall
For bold SEXCENTENARY ball,
Because, my poor dears,
Most men of those years
Don't celebrate sex much, at all!

74363 WORDS - DEFINED Chris Papa

My mother's young sister, today,
Seduced me, to see if I'm gay.
Entente cordiale,
So good for morale --
My SEXTANTe has led me astray.

The SEXTANTS that were used at sea,
Are antiques now, evidently.
In maritime grind,
The GSP's find
Exactly where ships ought to be.

74365 WORDS - DEFINED Chris Papa

In pursuit of her needs she's undaunted;
Her assets she's brazenly flaunted.
She'd never say "can't",
My over SEXTANT,
Who always gets just what she's wanted.

74366 WORDS - DEFINED Elois

If barbershop four got to SEXTET,
Singing for Clinton would be vexed yet.
Perhaps soixante neuf be

Giving a fellow tea au sexe-tete.

74367 WORDS - DEFINED Daniel Ford

Usual SHAGGY DOG STORY's running
Involves much elaborate cunning,
To describe each blade mown
And elicit great groan
From the punch line's horrendous punning.

74368 WORDS - DEFINED Daniel Ford

The very first SHAGGY-DOG STORY:
Since his day's work in the stone quarry,
Joe was very drunk
And smelled like a skunk,
Not fit to drive home his lorry.

By the dim light of the barroom taper.
Fuzzy eyesight too,
From drinks quite a few;
He could cause other drunks by his vapor.

74370 WORDS - DEFINED Larry

He saw an ad in "Lost And Found".
"Lost one shaggy dog type of hound,
Large money reward --
Signed British Lord."
And the drunk in the pub looked around.

74371 WORDS - DEFINED Larry

And then he became quite elated;
What he spied, reward was rated.
At the end of the room,
A large dog did loom,
With shaggiest hair, not plaited.

74372 WORDS - DEFINED Larry

So he left his watering hole,
And took the dog to his shack as a goal.
Cleaned up and changed clothes,
Sprayed essence of rose,
And went with dog to get his dole.

74373 WORDS - DEFINED Larry

Went to the palace, pants all baggy.
Lord opened door, aged and craggy.
"You advertised for
Shaggy dog and more?"
"Yes, but he wasn't that shaggy."

74374 WORDS - DEFINED Larry

SHANGRI-LA may be place that's ideal,
Unfortunately, nowhere that's real.
There is little joy
'Cause man will employ
Destructive will with great zeal.

And the manner of fraud is the same.
But I get the hunch,
They cheat after lunch,
'Cause they play the snail SHELL GAME.

74378 WORDS - DEFINED Kitten

Engaged in a sexy SHENANIGAN
With lusty old dyke
And said, "This I like!
I'll never to back to a man again."

74380 WORDS - DEFINED Gary Hallock

Tricks or mischievous SHENANIGAN
Are dirty to Mrs Hannigan;
They're not just hijinx,
"They stink!"'s what she thinks,
"And you boys might find your fanny tan!"

74381 WORDS - DEFINED Daniel Ford

It seem a perpetual truth:
SHENANIGANS of era's youth
Are to an adult
Equated with "cult"
And thought of as being uncouth.

74382 WORDS - DEFINED Chris Papa

74384 WORDS - DEFINED Daniel Ford

Jack and Jill went from the valley,
Cautioned to not SHILLY-SHALLY.
What happened on hill,
Till Jack had his fill,
Only Jill knows, as she kept a tally.

74385 WORDS - DEFINED Chris Papa

When push comes to shove, down and dirty,
Most men prefer women who're flirty.
But flee from the kind
And say, "Never mind,"
To those who are sulky and shirty.

74386 WORDS - DEFINED Chris Papa

Irascible, bad tempered, SHIRTY,
As though once flogged by someone quirty,
Are surely not moods
Liked in girls or foods,
The chef has presented as purty.

74387 WORDS - DEFINED Daniel Ford

The SHIVAREE that the crowd brings,
To top off the nuptual flings,
Creates quite a din,
Disguising within,
The loud creak of banging bed springs.

74388 WORDS - DEFINED Chris Papa

Cacaphonius revel, SHIVAREE,
Comes not from a sense of chivalry,
But rather sniggles
And little giggles
And anticipation shivvery.

To avoid goose dropping
And dance all the more raggle-taggle.

74408 WORDS - DEFINED Daniel Ford

I'll tell you what's wrong with this scene,
It's legal to shoot at a SKEIN,
But not worth a braggle
To shoot at a gaggle,
Unsporting, effeective, but mean.

When we give the SKUNKWORKS free rein,
The results may never be plain,

In homberg or trilby;
Once again, Golaith is slain.

74410 WORDS - DEFINED Daniel Ford

Reasearch often fields some "Young Turks",
Each, authority and well-worn paths shirks,
They're productive sorts,
All scruffy in shorts,
And found in a a place called SKUNKWORKS.

74411 WORDS - DEFINED Chris Papa

Most all social chatter I hear,
Are rumors, and tales of SMALL BEER.
I listen, eyes glazed,
Remain quite unphased,
Goes in, and right out of each ear.

74412 WORDS - DEFINED Chris Papa

I'll take that nice word, you can't bar me,
A delightful adjuective, SMARMY,
Reserved for the few,
If ever I knew,
Enlisted in the "Smart-Ass Army".

74413 WORDS - DEFINED Chris Papa

Which he lost due to punk's street purviews:
"Give that jacket to me,
I've a knife, you can see.
SNICKERSNEE or your leather. You choose."

74415 WORDS - DEFINED Elois

Sad Sue would just SNIVEL and whine,
"I'd like a new lover of mine."
She unlocked her hips
And painted her lips;
Now new beaux await in a line.

74416 WORDS - DEFINED Chris Papa

A limerick that tries to be civil
Is regarded by some as just drivel.
"If it isn't real crude
Or extremely rude,
It's just boring doggerel, they SNIVEL."

74417 WORDS - DEFINED J'Carlin

To say "nickname" in a fancy way,
One uses the noun SOBRIQUET.
It has friendly spin,
This "chuck on the chin",
And makes for delightful word-play.

74418 WORDS - DEFINED Chris Papa

The SOBRIQUET could have been sweeter,
(We might have doused Bill with salt petre.)
But yesterday's sign
When I marched in the line
Said, "Where is that girl when you need her?"

74419 WORDS - DEFINED Antigone

It's a SOCKDOLAGER day over here;
The sun is so bright; the sky's clear.

"Slick Willy" our SOI-DISANT sheik,
When a tiny thong had a peek,
Threw caution aside,
No thought of his bride,
Indulged in "No-Sex", (tongue in cheek).

74421 WORDS - DEFINED Chris Papa

I love SOI-DISANT words exotic;
French ones are very erotic.
They please one's ear,

74422 WORDS - DEFINED Maggie

The word "sojourn's" a strange one I'd say
And employed in more than just one way.
It's, with nothing amiss,
It's own antithesis,
Since it means first to go and then stay.

SOLECISM use may beget
A look of disdain you'll regret,
Though you may not know,
You've stepped on a toe,
By failing at word etiquette.

74424 WORDS - DEFINED Chris Papa

Grammatic blunder, SOLECISM,
May bring thunders of criticism,
And up in a blaze
Goes the turn of phrase,
You'd thought a clever witticism.

74425 WORDS - DEFINED Daniel Ford

SOLECISM brings social strife,
Among the poor boors it is rife.
Like striking a pose,
With thumb to your nose,
Or eating one's peas with a knufe.

74426 WORDS - DEFINED Chris Papa

Or when is a close public place,
All crowded with so little space,
Expelling foul gas,
In loud manner, crass,
With big, goofy smile on your face.

74427 WORDS - DEFINED Chris Papa

SOLICISM was oft diagnosed
In the old days by Emily Post.
"It's an etiquette breach
When you stand up and reach

74430 WORDS - DEFINED Chris Papa

As a mother I do often fear
That some of the language I hear
That's used by our youth,
It is rather uncouth!
And harsh on my sensitive ear.

74431 WORDS - DEFINED Maggie

Now SOLECISM may raise a brow,
It ain't always proper, no how!
But I'd rather hear
Improper quite dear,
Than the foul words that I'm hearing now!

74433 WORDS - DEFINED Chris Papa

SOLIPSISM, self-referential,
To thinking Descartes preferential,
Is certainly better

Whose being is self-reverential.

74434 WORDS - DEFINED Daniel Ford

The self is referenced in SOLIPSISM
As a philosophic narcissism,
Where self-referential
Thoughts reverential
Strike others more as a solecism.

74435 WORDS - DEFINED Daniel Ford

It may be a wee bit simplistic,
But SOLIPSISM isn't so mystic.
Think of one who uses,
Such thoughts when he chooses,
As sort of a great egotistic.

And then they will call
You SYLPH and new chocolates will send.

74545 WORDS - DEFINED Chris Papa

The perfect place to woo fair maids,
Is there among the SYLVAN shades,

SYMPOSIA we have today,
Have changed from original way.
Most are quite dry,
Although they do try
To engage in cerebral play.

74547 WORDS - DEFINED Chris Papa

SYMPOSIA, I've been to a few;
Some I enjoyed, some I slept through.
But I like to go
To be in the know,
If the subject is one I might do.

Who practiced in ways most ad hoc;
Result was pathetic,
Methods SYNCRETIC,
Decried by the law as pure "schlock!"

74550 WORDS - DEFINED Chris Papa

SYZYGY, three lined up in the skies,
Lovely astronomic exercise,

Felt a trident belonged in a sheath.
But he thought it was dumb
For the name of a gum,
For, in Latin, it means 'three teeth'.

74677 WORDS - DEFINED Keith Gilman P0111

The tripartite image is TRIPTYCH,
The reasons for which are quite cryptic.
I imagine those
Like Durante's nose
Just need more space for the elliptic.

74678 WORDS - DEFINED Daniel Ford

Beware the TROIKA, leading trio,
If you're a neighbor down near Rio,
For when the junta
Acts contrapunta,
Disappearance follows con brio.

74679 WORDS - DEFINED Daniel Ford

A TROIKA in loving won't do,
Because when it comes time to do
The menage-a-trois-like,
You may take a far hike
When the frozen out lover, is you!

74680 WORDS - DEFINED Chris Papa

The panoply of poetic TROPE,
A substitute phrase kaleidoscope,
Includes combinations
That give nauseations
Or make one a grouchy misanthrope.

74681 WORDS - DEFINED Daniel Ford

Ye writers, abandon all hope!
Nor leave the poor reader to cope
With inactive verbs
And those monstrous blurbs,
Replete with much saccharin TROPE.

74682 WORDS - DEFINED Chris Papa

On chiasmus, plus other caprices,
And rhetorical tropes,
I failed like the dopes
For mentioning T-fucking-mesis.

With TRUNNEL, his wet swollen peg,
He boarded the gunwale her leg.
Then fastening, they
Were well under way,
His semen on course for her egg.

74685 WORDS - DEFINED Nick

The swelling wood fastener, TRUNNEL,
Holds planks from keel to the gunwale,
So that sloop will sail
Without need to bail,
Avoid deep of Neptune's tunnel.

74686 WORDS - DEFINED Daniel ford

Find ways to fasten a TRUNNEL,

Your TSURIS is all it must be.
I've listened and am weeping, see.
And so what else, nu,
Can I also do?
Accept this card in sympathy.

74689 WORDS - DEFINED Chris Papa

Hegemony breeds troubles, TSURIS,
Oft described in novels by Uris:
From Exodus pains

For old Mother Nature,
The Malevolent Witch of Debris.

74694 WORDS - DEFINED Elois

A lithe lovely lass from Rangoon
Was caught in a raging TYPHOON.
Her rainments in shreds
Turned most fellows' heads,
As she turned and she gave them a "moon".

While enjoying a darkened view place.

74701 WORDS - DEFINED Daniel Ford

There once was a pastoral UKASE,
That guys shouldn't any sheep chase.
But they caught a clown
In lea with pants down,
Defendant now in a ewe case.

74702 WORDS - DEFINED Chris Papa

It's ours just to use
And not to abuse;
So it's USUFRUCT, or it's the End.

74727 WORDS - DEFINED Eva Amata

USUFRUCT, it's hard to resist it.

74729 WORDS - DEFINED Daniel Ford

"Thou shall grant to all USUFRUCT",
Was a commandment that really sucked.
'Twas deleted on sight
'Cause Moses thought it might
Cause a lot of folks to get fucked.

74730 WORDS - DEFINED Norm Brust

So droit du seigneur's USUFRUCT;
Apocryphal right to induct

For insecurity,
An immaturity,
To which we all cry, "Mama mia!"

74777 WORDS - DEFINED Daniel Ford

VERBALISM's a surfeit of words,
Used by man converyer-absurds,
Who spout a large spate,
But what's on the plate?
Not one good idea, just turds.

74778 WORDS - DEFINED Chris Papa

VICISSITUDES rampant beset us,
At every turn contretemps met us.

74915 WORDS - DEFINED   Eva Amata

Whether ewes will, as WETHER ewes won't,
The sheepish responses really don't
Matter to rams,
For they stand on gams,
Driving ewes home, as is their wont.

74916 WORDS - DEFINED   Daniel Ford

Ewes find "guy" WETHERS not hot,

Though there's never a chance just to sit.
When two babies cry,
You can try and try,
But two year olds like to throw fits!

Something I think will amuse,
Give children free access to booze.

Now she's three and twenty? -- no way!
But the years have flown,
And how she is grown,
And now is a mum since this May!

So now I tell you and your man,
Enjoy her at five, while you can.
She'll not be there long,
She'll grow big and strong
And leave you for some hairy man.

75558 YOUNG - CHILDREN Archie

But if you have loved her just right,
It won't come as much of a fright.
For a choice you once made --
Like you, she'll make the grade,
And in white, she'll make a great sight!

75559 YOUNG - CHILDREN Archie

Why thank you, your lim's really nice,
She's truly my sugar and spice.
The tooth fairy thief
Stole all her front teeth,
But a nice shiny coin will suffice.

He found and fired his fathers gun.
The report was so loud

If I farted or played with my tool.

Modern girls, the elevens and twelves,
Put their morals on very back shelves.

Your dog craps in my yard
And it sure makes it hard
To clean up the kids after play.

Lttle Willy is writing a text
Which has feminists everywhere vexed.
The cover's a beaut!
And Willy's real cute!
One might think that our boy's oversexed.

75603 YOUNG - CHILDREN - WILLY John Miller

Little Willy, his eye out for gore,
Nailed Sister right onto the floor.
"Don't mar the paint!"
With wry humor quaint,
His mother yelled in from the door.

Young Willy, with ruffles so frilly,
Fell into the fireplace, the silly.
Though the room has grown cold,

The heart to now poke up poor Willy.

His mother, at first, grew perplexed,
But soon became angered and vexed;
Willie poisoned the tea
Of his Father, you see,
And his Mama said, "Now Will, what's next?"

Those youngsters not out of their teens,
Are impatient of lectures by Deans,
On restraining desires
And banking the fires,
That burn in their skirts and their jeans.

75611 YOUNG - TEENS G0198

They go on exerting their wills,
They use neither condoms nor Pills,
They does what they pleases,
Catch ghastly diseases,
And their poor parents pick up the bills.

75612 YOUNG - TEENS G0199

I can't stop laughing to find
That the "experts" can just be so blind.
Are they really perplexed
That young boys are not vexed
By adventures of sexual kind?

75613 YOUNG - TEENS John Miller

Abuse of this type makes me laugh;
I'd give them some practical math;
When I was thirteen,
I'd thoght it real keen
To lay a girl my age plus half.

75614 YOUNG - TEENS John Miller

I was instantly hot for Maxine,
The sight of her brought thoughts obscene.
Her curvaceous bod
Stiffened my rod;
I almost shot cream in my jeans.

Much less with a big strapping lad
Who can measure his dick
With a folding yardstick,
And too dumb to even get mad.

75617 YOUNG - TEENS

The passage from youth to senescence
Involves a disturbing decrescence
Of youthful virility

75619 YOUNG - TEENS RSSPB

When young I went scouting in Kent;
With my troop I lay down in a tent.
Our hormones caused bones
Causing synchronous moans,
As we waggled our woggles and spent.

75620 YOUNG - TEENS Peter Wilkins

With his woggle he'd stir up the soup.
If his face went all dreamy,

Whose taste in sex partners was poorest.
She mounted a stump,
Shoved a limb up her rump,
And made her huge orifice sorest.

76397 ZOOLOGY - CAPRIDAE Darren Sullivan

Old billy goats are prone to strut;
They'll stomp at the ground with horns jut.
Smart nannies in stride
Will just step aside,
And will not take an if, and, or butt.

76398 ZOOLOGY - CAPRIDAE Travis Brasell

In Bartlett's thick book of great quotes
Is something that pleases lean goats.
Not words of the sages,
But succulent pages
Make up for the goat's lack of oats.

76399 ZOOLOGY - CAPRIDAE Tucker D. Ott P9004

Once two goatherds who ever did dote
On each other, when wed, signed a note:
"To mix herds would be wrong"
Thus their love lasted long,
Because neither one got either's goat.

76400 ZOOLOGY - CAPRIDAE Prof M-G

76402 ZOOLOGY - CAPRIDAE Martin B. Smith P8309

To settle their flock,
Good nannies will rock

76404 ZOOLOGY - CARNI His Peace

A fennec can hear blocks and blocks;
From the desert, he's kind of a fox,
With ears big as a basket
You just have to ask it,
"Is it a fox with big ears or big ears with a fox?"

76405 ZOOLOGY - CARNI Sylvia S Crocket P0105

A male panda peed on the wall;
To make it seem he's six feet tall,
He does a handstand
To employ his gland,
Which actually, is rather small.

76406 ZOOLOGY - CARNI Marlene Lewis

A panda the zoo named Big Thing
Met his counterpart, known as Ling-ling,

They chew on their meat when it's pink.
They grumble and growl;
At new moons they howl --
Believing all vegetables stink.

76408 ZOOLOGY - CARNI

76423 ZOOLOGY - CERVIDAE Cap'n Bean P0311

There once was a low-flying goose,

76424 ZOOLOGY - CERVIDAE Marsha Magee (Friar)

76426 ZOOLOGY - CERVIDAE

An odd-looking creature, the moose;
It's almost as big as a hoose.
Though tender when young,
And when properly hung,
I'll be cooking this Christmas a goose.

76427 ZOOLOGY - CERVIDAE Peter Wilkins

The Scots are all slightly obtuse
With vowels quite hard to deduce.
So don't say your prayers
When Jock complains there's

76428 ZOOLOGY - CERVIDAE Archie

A moose that's as hard as concrete,
Got that way from drinking booze neat.
In a bar Buuba loaned
Him enough to get stoned.
But he's steady as a rock on his feet.

76429 ZOOLOGY - CERVIDAE Dan Sullivan

The moose is not known for his beauty.
Compared to the elk, he's no cutie.
But he's got all the tools
And the cows are no fools;
They're quite sated when he's done his duty.

76430 ZOOLOGY - CERVIDAE Actaeon

The moose is not handsome nor svelte,
King's ransom not paid for moose pelt;
Why then elevate?
Moose to symbol of state,
Celebrate him with love so heartfelt.

76431 ZOOLOGY - CERVIDAE Joel D Ash P0401

In New Hampshire he's on a car plate,
Homely image that folks venerate;
Ungainly, malformed,
Into beauty transformed,
Ugly duckling that no one can hate.

76432 ZOOLOGY - CERVIDAE Joel D Ash P0401

You'll find him on tee shirts and hats,
Bull moose worn by true democrats;

76433 ZOOLOGY - CERVIDAE Joel D Ash P0401

But moose can drive drivers stark mad,
A smash into one can be bad;
Egad what a mess!
Excess of distress,
And a death in the crash very sad.

76434 ZOOLOGY - CERVIDAE Joel D Ash P0401

Moose icon I can't understand,
The slobbering moose far from grand;
Moose madness abstruse,
Image use too profuse,
In its place pine or spruce I'd expand.

76435 ZOOLOGY - CERVIDAE Joel D Ash P0401

No huge antlered creatures 'round here,
The best that we have is wild deer.
Who'll soon turn and run
From the sound of the gun.
A moose would cause stained shorts, I fear.

76436 ZOOLOGY - CERVIDAE

The bull moose has nostrils so wide,
You could park the Titanic inside.
The effect of a sneeze:
Leaves fall from the trees
And rabbits in burrows will hide.

76437 ZOOLOGY - CERVIDAE Tiddy Ogg

This is, to be sure, a neat tick;
To sneeze hard enough to bare stick,
For sticks they do eat.
And it's a nice treat
For the moose, but for me, I'd be sick.

76438 ZOOLOGY - CERVIDAE Anon

The sticks are not sweet, sour, or malty.
The moose seems to not see this faulty.
It may need a drink;
At least I would think,
For that sneeze has made sticks very salty.

76439 ZOOLOGY - CERVIDAE Anon

Can you believe this is no spoof?
The radio swore it was truth.
Up in Alaska,
Almost a disaster;
Man had a moose stuck in his roof.

76440 ZOOLOGY - CERVIDAE Tony Burrell

Every cow, horse, and pig he would goose.
Harassment his crime,

The Swedish style elk is a moose,

76449 ZOOLOGY - CETACEA Tiddy Ogg

A poor set of crew he has chose,

Cries old seaman Staines:
"This stuff sure ain't rain."
Says bo'sun "No lad, thar she snows!"

76453 ZOOLOGY - CETACEA Tiddy Ogg

So onward, round Iceland she goes;
The steam in the boiler has froze.
The young cabin boy

The bo'sun nods, "Aye, there be floes."

76455 ZOOLOGY - CETACEA Tiddy Ogg

At Greenland they stop for a spell;
In bar-rooms they really raise hell.
They're thrown in the slammer,

76456 ZOOLOGY - CETACEA Tiddy Ogg

Once more when afloat in that crate,
Poor Roger meets old Jonah's fate.
Advice he has spurned,

76457 ZOOLOGY - CETACEA Tiddy Ogg

He'd slipped on his wee bit of soap,
And though for the rail he did grope,
His grasp bore no fruit.
However, his boot
Got caught in an old pile of rope.

This tale's getting long now, for sure,
So 'fore all you folk start to snore,
I'll cut things down short:

76459 ZOOLOGY - CETACEA Tiddy Ogg

The whole crew? Well not altogether,
For there, while she's bulled through the weather,
Behind them they trail,
The bloody great whale,
And Rog on the end of his tether.

76460 ZOOLOGY - CETACEA Tiddy Ogg

Although for poor Rog death was close,
He's freed, and as everyone knows,
Much time in the drink,
Makes you wrinkled and pink,

76468 ZOOLOGY - CETACEA John Dohner P8901

A whale is a mammal, you say,

A remarkable beast is the aardvark.
It speaks softly and not with a hard bark.
Some think its song sweeter

76475 ZOOLOGY - EDENTATE John M. Burns P9707

An avidly ambitious aardvark
Commenced a career as a card shark.

You've out-of-date black-and-white stripes!
What could be duller

We tigers are high fashion types.

76757 ZOOLOGY - FELIDAE - WILD Laurence Perrine P8812

A tiger, by taste anthropophagous,
Felt a yearning inside his esophagus;
He spied a fat Brahmin
And growled, "What's the harm in
A peripatetic sarcophagus?"
(paripatetic - wandering, anthropophagous - man-eating)

Missed his shot, so to smooth out such bumps,

In great numbers came guys and dolls.

76760 ZOOLOGY - FELIDAE - WILD   Albin Chaplin

My cat Basingstoke, I admire
He's furry, black, white -- and entire
Well, entire and bold
Until that night unfold --
The night that he jumped in the fire.

76761 ZOOLOGY - FELIDAE - ZSERIES

So now hang on tight to your seat
With this tale you are in for a treat
And when it is told
Your blood will run cold
At the fate that this cat will soon meet.

76762 ZOOLOGY - FELIDAE - ZSERIES

Now Basingstoke was never wary
Till he tried to kung-fu the canary
He jumped for the sky
And soared up quite high -
The soaring stopped (here it gets scary)

76763 ZOOLOGY - FELIDAE - ZSERIES

Because he dropped, into the fire
The flames and the smoke seemed his pyre
With his fiery tum
And blackened bum
He went round the room in a flyer!

76764 ZOOLOGY - FELIDAE - ZSERIES

Who could have guessed he'd beat out his chest
And desperately tried with some zest,
To see if his rear
Would fit in a beer
And still this poor cat couldn't rest.

76765 ZOOLOGY - FELIDAE - ZSERIES

He'd guts, and he sang while in pain
Tho you should have seen him next strain -
He was stuck like glue
In the bottom of the loo
And trying to pull on the chain!

76766 ZOOLOGY - FELIDAE - ZSERIES

And there is an uglier rumour
He lost more than his sense of humour
So life is no joke
For poor Basingstoke
Became a bit of a gloomer.

76767 ZOOLOGY - FELIDAE - ZSERIES

His sad tale, it is truly tragic
The flames and the smoke robbed his magic
He sits and he sighs
With tears in his eyes
While thinking sad thoughts, hemorrhagic.

76768 ZOOLOGY - FELIDAE - ZSERIES

Our Basingstoke was such a charmer
But he should have worn some armour
He only raises smiles
And suffers now from piles
While ladies all say "like a farmer."

76769 ZOOLOGY - FELIDAE - ZSERIES

He was happy and handsome and hairy
Red-bloodedly liking canary.
Since walking the fire
He's had to retire
Somewhere between fritter and fairy!

Feral cats you're bemoaning..."Alas...?

Rode to town the lady from Niger?
Was the smile on his face
From her succulent taste,

An old alley cat we called Stast,
Would hide on the roofs of Belfast.
When housecats came out,
He'd carefully scout,

76785 ZOOLOGY - FELIDAE - ZSERIES

For my cat, I'm looking for a name;
Something classy, but nothing too lame.
She's a ginger female tabby,
And just a bit babby,
Cute, cuddly and extremely tame.

Sir Ffrank became boasting and proud
And told of his exploit out loud.
Handmaidens betressed
Were more than impressed,
And 'round him they formed a big crowd.

77413 ZOOLOGY - MYTHICAL - DRAGONS   Archie

Go back twenty years, a real meanie
Was by all of the witches made Queenie.
She stirred up her pot,
Made spells from old snot.
And worse, her true name was just Jeanie.

77414 ZOOLOGY - MYTHICAL - DRAGONS   Archie

A dragon that Jeanie just hated
For birth in a field she just waited
And cute little Morgan
Was born in the sorghum,
But boglins to Jeanie then prated.

77415 ZOOLOGY - MYTHICAL - DRAGONS   Archie

The stitch in her madness and wroth
Cast spells in her pot and then quoth
"Now Morgan is cursed
As human be nursed!"
And added a terrible oath.

77416 ZOOLOGY - MYTHICAL - DRAGONS   Archie

"And girl you shall be till you walk
Through dragonfire with a balk.
Only then will your scales
Attract dragon males.
'Til then only human you'll talk!"

77417 ZOOLOGY - MYTHICAL - DRAGONS   Archie

So Morgan was raised as a girl
And learned how to knit and to purl.
And often her sister
Would gladly assist her
While putting her hair in a curl.

77418 ZOOLOGY - MYTHICAL - DRAGONS   Archie

Her sister was Vicki the good,
Who helped in young Morgan's girlhood;
Raised her fit for an Earl
But she'd only twirl
At the sight of the dragon Daffyd.

77419 ZOOLOGY - MYTHICAL - DRAGONS   Archie

For Daffyd was handsome and strong;
A dragon whose tail was so long,
With a flame that's so hot,
The smile that he's got
Makes Morgan's young heart sing a song.

77420 ZOOLOGY - MYTHICAL - DRAGONS   Archie

Meanwhile the crude lusts of Sir Ffrank,
Whose hole was unwashed and it stank,
Now caused him to ask --
Taking sips from his flask --
For the hand of sweet Morgan, point blank.

77421 ZOOLOGY - MYTHICAL - DRAGONS   Archie

Sweet Vicki said, "Bold dragonslayer,
Sir Ffrank, will you please hear my prayer.
Although Morgan does cower,
A right royal dower
Will surely make her so much gayer."

77422 ZOOLOGY - MYTHICAL - DRAGONS   Archie

"Perhaps," she said, thinking so fast,
And trying to flabber his ghast,
"A chest full of jewels,
Quite often in fuels
The passions of those thought downcast."

77423 ZOOLOGY - MYTHICAL - DRAGONS   Archie

Young Morgan cried, beginning to swoon,
While Ffrank, the black-armored poltroon,
Just glared at them both
And swore a great oath,
And spat, but he missed the spitoon.

77424 ZOOLOGY - MYTHICAL - DRAGONS   Archie

"For Morgan's fair hand, I will bring
A Dragonstone green, and be-ring

And being part French,
He started his au revoiring.

77425 ZOOLOGY - MYTHICAL - DRAGONS   Archie

And when he had gone through the door,
Our Morgan arose from the floor.
"Oh, Vicki," she cried,
Quite far from dry-eyed,
"I heard the fell oath that he swore!:

77426 ZOOLOGY - MYTHICAL - DRAGONS   Archie

"My Daffyd loves green stones the most;
Now soon he will just be a ghost.
The nasty Sir Ffrank
Will come back and swank;

77427 ZOOLOGY - MYTHICAL - DRAGONS   Archie

But Vicki just smiled, "There's a cost
To love which must risk being lost.
Run, give him your glove.
In battle, your love
May save him from being down-tossed.

77428 ZOOLOGY - MYTHICAL - DRAGONS   Archie

Sir Ffrank entered into the cave,
The home of our Daffyd the brave,
In which all of his gems
And gold diadems,
The walls and the floor, line and pave.

77429 ZOOLOGY - MYTHICAL - DRAGONS   Archie

Sir Ffrank hid the reason for meeting
Behind a kind jovial greeting,
So Daffyd smiled back,
Not fearing attack,
And offered both tea and a seating.

77430 ZOOLOGY - MYTHICAL - DRAGONS   Archie

For dragons are basically kind;
They love to talk, just mind to mind.
Their thinking is deep,
Providing you keep
Returning stray jewels you may find.

77431 ZOOLOGY - MYTHICAL - DRAGONS   Archie

The blackest of knights looked around;
His eyes lit on gems in a mound.
Dissembling still,
He planned to do ill,
While visiting there underground.

77432 ZOOLOGY - MYTHICAL - DRAGONS   Archie

And Morgan was scared for her Daff,
So she left the castle so safe.
Evading the guard,
She then ran so hard,
And arrived at the cave like a waif.

77433 ZOOLOGY - MYTHICAL - DRAGONS   Archie

And entering inside she saw
The drama unfold on the floor.
With glove in her hand,
She only could stand
And watch the green dragonblood pour.

77434 ZOOLOGY - MYTHICAL - DRAGONS   Archie

From dwarven law foul Ffrank had learned
That dragonblood by dragonfire's spurned.
And so the first blow
Unwarned from below
Had split Daffyd snout before it burned.

77435 ZOOLOGY - MYTHICAL - DRAGONS   Archie

The blood falling down like a stream,
Spilt his fire and turned into steam.
Two small bands of flame
Confused Daffy's aim,
For Ffrank's scheme had worked like a dream.

77436 ZOOLOGY - MYTHICAL - DRAGONS   Archie

Defended by split bands of fire,
Hurt Daffyd watched Ffrank's sword rise higher,
Now aimed at his eyes,
There were no replies.
It seemed that sir Ffrank was the slyer.

77437 ZOOLOGY - MYTHICAL - DRAGONS   Archie

Fair Morgan, in fear, gave a shout
And ran to give Ffrank a hard clout.
She passed through the flame
That from Daffyd's mouth came,
Distracting Sir Ffrank with a shout.

77438 ZOOLOGY - MYTHICAL - DRAGONS   Archie

And the oath that the witch Jeanie made
Caused Morgans sweet girlhood to fade.
And there in her place
Was a gold dragon face,
An Ffrank, now in fear, dropped his blade.

77439 ZOOLOGY - MYTHICAL - DRAGONS   Archie

They herded him back to the castle,
And gave him to Vicki like a parcel.
She had him all stripped
And deservedly whipped
Then sent to the fields as a vassal.

77440 ZOOLOGY - MYTHICAL - DRAGONS   Archie

So that's how my own Daffyd Graud

A sexy street walker named Willa
Got a john that was really a thrilla.
To a zoo Willa went
And over she bent,
To be fucked by a lowland gorilla.

77950 ZOOPHILY - APES

As encore our lovely Miss Willa,
Having not had enough of a filla,
So still being wet,
Off to Scotland she set,
To get fucked by a highland gorilla.

77951 ZOOPHILY - APES

It's not quite as strange as it seams,
That Willa would like primate cream.
That chimp'd often say,
Before he started to spray,
That Willas' the gorilla my dreams.

77952 ZOOPHILY - APES

But later the horny young Willa
Decided to go for the killa.
So she took a long flight
(In fact, overnight)
To get fucked by the famous Godzilla.

77953 ZOOPHILY - APES

Now Godzilla was not in the mood
(He was ailing, had gone off his food)
But he beat on his chest
When Miss Willa undressed,
And our heroine once more was screwed.

77954 ZOOPHILY - APES

But Willa went back on the street
And she said "Fucking apes may be neat,
But they don't have a cent,
So I must pay my rent
With nuts and bananas - how sweet!"

77955 ZOOPHILY - APES

A zookeeper's wife, Mrs. Daw,
Said, "Though menfolk may jabber and jaw
Of their prowess in bed,
The gorilla," she said,
"Is much better at it than pa."

77956 ZOOPHILY - APES A. N. Wilkins P8408

There once was a girl from Manila
Who gave head to a two-ton gorilla.
Now when she described
The taste she imbibed,
She stated, "It sure ain't vanilla!"

77957 ZOOPHILY - APES Anonymous Bosch

There once was a man who one day
Sailed with a zoo to Bombay.
He was strapped to the tiller
By a sex-mad Gorilla,
And Bombay is a fucking long way!

77958 ZOOPHILY - APES P. J. John

In books by T Pratchett, a hairy 'un,
You might think a total barbarian
Was once a real man,
Now an orang utan,
And acts as a college librarian.

77959 ZOOPHILY - APES Tiddy Ogg

Now Pratchett don't give him a name,
But such are the rules of my game,
To aid later rhymes,
When I fall on hard times,
I'll call the ape Fred, just the same.

77960 ZOOPHILY - APES Tiddy Ogg

Now after an evening of sin, you are
OD'ing on granny's sloe gin, you are
Both kneeling and reeling.
That's much like the feeling
Of a drop through the space-time continua.

77961 ZOOPHILY - APES Tiddy Ogg

And thus fell our ape through the ether, a
Split second, he's now in Ibiza;
A flash, then he's found;
He's slipped to the ground,
Like the leak in an old maid's urethra.

77962 ZOOPHILY - APES Tiddy Ogg

You see, then, through matter etheral,
He's landed on solid material.
Down there in old Spain,
Where it rains on the plane,
In a manner most wholly sureareal.

77963 ZOOPHILY - APES Tiddy Ogg

Now attitudes racist have long
Existed on Earth, But King Kong
Shows clearly the schism
That pure speciesism
Is wholly and utterly wrong.

77964 ZOOPHILY - APES Tiddy Ogg

So poor Fred's career literary,
He finds is now quite staionary.
He can't get a job,
Till he meets Cockney Bob,
Who runs, with his half-brother Barry...

77965 ZOOPHILY - APES   Tiddy Ogg

...A seedy hotel called the Joy
Of Sax, (as such sounds they enjoy,)
Who says, "Hey, you oughter
Come be our hall porter
For peanuts, most all we employ."

77966 ZOOPHILY - APES   Tiddy Ogg

Now Mr and young Mrs Offerstone
Were taking a trip far away from home,
But she's getting angrier.
He's off drinking Sangria,
And she calls the receptionist on the phone.

77967 ZOOPHILY - APES   Tiddy Ogg

They send up Fred with his banana,
He finds Phyllis there sans pajama.
The great big orang
Soon gives her a bang,
And takes her damn near to Nirvana.

77968 ZOOPHILY - APES   Tiddy Ogg

What happens when hubby comes home,
On finding his wife not alone?
The tale's pretty groovy,
It's all in the movie:
"Hairy Porter and Phyl Offerstone."

77969 ZOOPHILY - APES   Tiddy Ogg

While screwing an ape in the Congo,
Dr. Livingston once felt his wand go
As limp as an eel.
"Though," he said, "No big deal,
I was sad disappointing the pongo."

77970 ZOOPHILY - APES A. N. Wilkins P8408

All the lady apes ran from King Kong,
For his dong was unspeakably long.
But a friendly giraffe,
Quaffed his yard and a half,
And ecstatically burst into song.

77971 ZOOPHILY - APES L0613

"Sire, why does the navy bring all
Of these female apes in the yawl?"
King Solomon sighed,
And then quietly replied:
"They're for times with the concubines pall."

77972 ZOOPHILY - APES A. N. Wilkins P8408

The latest reports from Good Hope,
State that apes there have pricks thick as rope,
And fuck high, wide and free,
From the top of one tree
To the top of the next -- what a scope!

77973 ZOOPHILY - APES L0304

Don't tickle my ape on the nape.
He can't handle a jibe or a jape.
Though he's usually tame,
When he's teased, then he'll maim,
Kill, wreak mayhem, loot, pillage and rape.

77974 ZOOPHILY - APES Robin K. Willoughby P8408

Here on alt.sex.bestiality,
We discuss nature's grand sensuality.
In reading the news
And chatting with zoos,
We salute man's inherent duality.

77975 ZOOPHILY - APES Jim Weaver Collection

There was an old man of the Cape,
Who buggared a barbary ape.
Said the ape, "Sir, your prick,
Is too long and too thick,
And something is wrong with the shape."
(The ape said, "You fool, You've got a square tool,)(1879)

She attained her nirvana
With a large peeled banana,
But alas, an orangutan ate her.

77980 ZOOPHILY - APES   Karen B

A pongo felt quite like an ape;
He always got into a scrape
Resulting in purges.
His natural urges
Would lead him from conquest to rape.

77981 ZOOPHILY - APES   Bill Backe-Hansen   P8409

My monkey can play a Stradivarius
And walks a high wire quite precarious.
He's a contortionist, too!
In great demand at the zoo
Where he boffs she-apes in positions most various.

77982 ZOOPHILY - APES   Hungarian

The duchess of Whiteside cried, "Rape!"
When she found in her bedroom, an ape.

Lewd ways have led lecherous Otto
Deep down in a moss-covered grotto.
From the barks and the squeals,
One undoubtedly feels
That Otto has ravished a potto!
(That "All roads lead to Rome" is his motto.)
77986 ZOOPHILY - APES G1296

There was an Old Man of the Cape,

There once was a timid young pongo
Who knew that he didn't belong, so
He thought a prospectus

Would make even him quite a strong beau.

77988 ZOOPHILY - APES Bill Backe-Hansen P8409

On the street where I live there's this monkey,
Who screeches quit loud and smells funky.
And right next to his door
Lives Winnie the whore,
Who he visits when he's feeling spunky.

77989 ZOOPHILY - APES Dudesdead

This arrangement you might think is odd,
But Winnie does not mind his small bod,
'Cause Winnie, you see,
Is just three-foot three,
And the monkey just loves eating cod.

77990 ZOOPHILY - APES Dudesdead

A horny zoo keeper named Mapes
At the apes often lustfully gapes.
He avers: "All the flunkies
Get to diddle the monkeys.
Us zoo keepers should rate the she-apes."

That's been trained to back up to a stump.

77992 ZOOPHILY - ARTIO MrMalo

Have you tried, Mr Malo, a sheep?
They're horny as hell and they leap
On you morning and night
For your sexual delight,
And they're tighter than cows (and Bo Peep.)

Clad loosely in black silk pajamas.

Knocked him from his ladder.

77999 ZOOPHILY - ARTIO Pat McGregor

My friend said it would be a laugh,
If he could service a giraffe.
With the aid of a ladder,
The dirty sod had her,
And he now has a twenty-foot calf.

A hippo is never inclined,
Not even the agile kind,
To climb a tall tree.
He will not agree.
But for sex, I just know he won't mind.

78001 ZOOPHILY - ARTIO Jim Weaver Collection

Said the young hippopotamus, Flo,
Of her lumpy, lugubrious beau:
"When I'm near him I sigh;
He's a really fun guy,
And the hunkiest hippo I know."

78002 ZOOPHILY - ARTIO Cyber Geezer

An oversexed male hippopotamus
Was taken with feelings quite sodomous.
He thrust with a grunt
But instead of her cunt,
He shoved his dick in where her bottom is.

78003 ZOOPHILY - ARTIO Jim Weaver Collection

Although sex in most beasts is dichotomous,
I have read that the gay hippopotamus
Does exist still in nature,
Though nothing is stranger --
Or vulgar, I venture, when sodomous.

78004 ZOOPHILY - ARTIO Pat Byrnes

Some horses were teasing a gnu;
A fence blocked his path, not his view.
He could see the mares woo him,

We take care of our animals; pets,
When they're sick, we take them to the vets.
But some cowboy mentality
Practices beastiality,

78009 ZOOPHILY - ARTIO Jane D. Hughes P9012

You know quite a lot about cows,
And probably more about sows.
They're pleasures and joys,
Enjoyed by farm boys,

But that's just because she's a gnu;
She lives here in Colchester zoo.
She's new to the town

Not me, though, I'm going away;
I'll miss that unseemly affray;

All that semen that shot into Sue?

There once was a man called Tim Teagle
Who tried fucking a bald-headed eagle.
It was lust all gone wrong,
The bird clawed his dong;
He had much better luck with the seagull.

One old bird. End result: didn't work.

A young ornithologist's curse
Was a lust quite depraved and perverse.
His desires, so they say,
To indulge in "fowl play"
More than once took a tern for the worse.

Who indulged in behavior perverse.
Since young birds he would fuck,
Sometimes goose, sometimes duck,
But he once took a tern for the worse.

A marvelous bird is the toucan,
Who when engaged in a screw can
Stand on his head,
Shove beak in instead.
If you think that's a cinch, see if you can.

Put his dong in a hole

Woodpeckers are strange birds, indeed;
With their peckers, they don't eat birdseed.
Instead their hard peckers
Are tree and house wreckers;
Be interesting to see how they breed.

Impregnated her sister,
She thought sex would knock all her teeth out.

78297 ZOOPHILY - BIRDS AND BEES   Res Ipsa

There is a site about sex;
No, it's not what you expect.
No porn will you find,
In fact quite sublime,
And its called the sex project!

78298 ZOOPHILY - BIRDS AND BEES

Izzy said to his mistress in Texas,
"I'm happy as hell there's two sexes.
If we had only one,
Bed would be no damn fun...
Ain't it great the way sexin' affects us?"

Do all female critters have snatches?
"Yes. Many are covered with thatches.
Others are bare.
And if you care,
A snatch's from whence each critter hatches.

At the zoo a new bride from LePage,
Said on seeing the stork, "Though of age,
And wed sex weeks to Willy,
...I know it sounds silly,
But I'm glad you're locked up in that cage.

Was doing things she shouldn't oughter.
But refused to believe
They could make her conceive,
Because she'd been told the stork brought her.

His eldest said, "Dad, about babies --
Please tell me, no ifs, ands, or maybes --
Are they brought by this bird,
Which is sort of absurd,
Or love bugs that bite you, like rabies.

78303 ZOOPHILY - BIRDS AND BEES   Armand E Singer   785

Anxious mother told sweet daughter Vi,
"You will learn soon enough as did I.
When you see he can't hide
What seems swelling with pride.
That's desire in your beholder's fly."

Or tickle the end of their clit."

"From whence," asked young Bo, "did I come?
Please tell me, dear Pop, where I'm from!"
Then in a voice proudly,
Bo's father said loudly,
"Your from the same place whence I come!"

78308 ZOOPHILY - BIRDS AND BEES   Travis Brasell

You took forty weeks to appear,
From that place that fellows hold dear.
And soon you will learn,
The way to return
And do it for many a year.

The call up a good local whore.
She sends up a bird
And a bee (it's absurd),
But that's what I think, and I'm four.

78310 ZOOPHILY - BIRDS AND BEES   Al Willis   P9604

I've heard of the birds and the bees,
The flies and the frolicsome fleas.
The same thing occurs,
With the hims and the hers,
And I hope, with the you's and the me's.

There was a young man of Seattle,
Who bested a bull in a battle.
With fire and gumption,
He assumed the bull's function,
Impregnating a whole herd of cattle.   (Deflowered)

78312 ZOOPHILY - BOVIDAE   L0646

A hapless segundo named Bird
Had trouble controlling the herd.
The bulls humped his cows,
His crew, cook, and sows --
A spectacle close to absurd.

78313 ZOOPHILY - BOVIDAE   Armand E Singer   612

There once was a man from Seattle
Who had screwed a lot of cattle.
His balls hung so low
He tied both in a bow,
And swung them over his saddle.

78314 ZOOPHILY - BOVIDAE   G1316

A well hung lad from outside Seattle,
Had a thing about romancing cattle.
He saw a young cow,
And thought her a WOW!,
But so did the bull, hence the battle!

78315 ZOOPHILY - BOVIDAE

This morning I'm proud as can be;
Had twin bulls born sometime 'round three.
They're well-hung strong stock,
Which comes as no shock
'Cause both of them boys favor me!

78316 ZOOPHILY - BOVIDAE Travis Brasell

An actor from Brent, Alabama,
Screwed a calf in one act of a drama.
Though that may be the rage,
She was underage,
So they slung the guy's ass in the slamma.

78317 ZOOPHILY - BOVIDAE John Miller 0272

The farmer, his trousers unbuckled,
Showed his rod, which the little calf suckled.
Her tongue was divine
And her throat took his wine.
What threw him was when the cows chuckled.

78318 ZOOPHILY - BOVIDAE Actaeon

The cattleman Jim, due to greed,
Was trying to hurry the breed-

So he started to pull,
But what came first was a stampede.

There was a young man from Seattle,
Whose balls were so small they would rattle.
He tried 'em on chickens,
Got good as the dickens,
And now he can satisfy cattle.

78320 ZOOPHILY - BOVIDAE

On the plains, miles west of Seattle,
Lived a farmer whose last name was Prattle;
A cowpoke they called him,
For, bovine, he balled 'em;
He truly was close to his cattle.

As he slid off the back of a yak,
A Tibetian Lama said, "Mac,

For a crack at a yak's a real snack!"

For mine dates to when I caught a calf

"But why do you want a divorce?"
His old cow replied,
"Cause when your inside,

The other ranch hands thought it strange
Jeb spent so many nights on the range.
When they caught Jeb with cattle,
To the range boss they tattled.
Jeb replied, "I just needed a change."

Now what I have said is quite true;
Those less endowed can make do.

78326 ZOOPHILY - BOVIDAE Frank Fazed

When I said, "I've an hour and a half,"
The madame just started to laugh.
She said, "At our rates,
You must be Bill Gates
Or you'll settle for a nice piece of calf.

78327 ZOOPHILY - BOVIDAE John Miller

My mind may be starting to limp
Or perhaps I've smoked too much hemp.
Surely it cannot be
That you're telling me
That what I now need's a cow pimp.

78328 ZOOPHILY - BOVIDAE Les Stewart

Me needing a cow pimp? Not me!
But your heifer was tied to a tree
Around out in back,
So the madam took a whack
At setting it up for a fee.

78329 ZOOPHILY - BOVIDAE John Miller

But now you'll have to agree
That I am no sucker, you see.
So to access her rump,
I climbed on a stump
Late at night, and I had her for free.

78330 ZOOPHILY - BOVIDAE John Miller

How I miss you, my sweet Heather,
And wish that we were still together.
I do regret now
Calling you a cow,
With puss-flaps as tough as old leather.

78331 ZOOPHILY - BOVIDAE S&M

For all 'round the world I could chase,
Never finding that bovine embrace
That Heather alone
Could grip on my bone.
Please bring back that moist pink briefcase.

A priest, who was strange in the sack,
Confessed having sex, with a yak;

But my sheep were away.
Oh Lord, won't you cut me some slack?"

When looking for bovine romance,
Use a cautious and gentle advance.

Or, what's even worse,
Drop a gallon of shit in your pants!

As a farm boy, my life's a disaster;
Screwing sheep is a skill I can't master.
I still don't know how
To make love to a cow,
And my sister can run a lot faster.

78335 ZOOPHILY - BOVIDAE John Miller

A Hindu who lived in Kashmir,
Did a real funny stunt with a steer.
Because cattle are holy,
He did the deed slowly,
With utmost respect, from the rear.

A heifer from up near the Soo,
When approached by a bull, answered "Moo."

I once thought my girlfriend was true.
She said, "There's been no one but you."
But now I do know
All about the old ho';
Someone else has been making her moo!

78338 ZOOPHILY - BOVIDAE Jim Weaver Collection

Gadzooks!! I too find it appalling
To hear of the way you've been balling
Defenseless bovine.
Do you lay them supine
Or is vertical more to your calling?

78339 ZOOPHILY - BOVIDAE

When teaching that calf you must hobble
Her front legs so she will not wobble;
When wobbling she'll stomp,
And even will 'chomp;'
You want her to suckle, not gobble!

Just how horny can Tibetans get?"

A cow owned by old Farmer Castor

There's a sodomite Ottoman priest

78343 ZOOPHILY - BOVIDAE CWW P8209

You'd think nothing happens in Kzyltzu,
And God knows there's hours to kill, too.
But the randy young Kazaks
Bugger long-suffering Yaks --
There's always a way, where there's will to.

78344 ZOOPHILY - BOVIDAE G1266

Said a rancher, while roping a cow,
"I wish that someday they'd endow,
A wench with a rear
Firm and wide like a steer,
And a mouth that could suck like a sow."

78345 ZOOPHILY - BOVIDAE

The best way to handle a yak
Is to make sure she rests on her back.
Then you will not get torn,
By the left or right horn,
And you'll easily access her crack.

78346 ZOOPHILY - BOVIDAE

Ah Bessie! Dear Bessie, the cow;
How I wish I could have you here now.
The melons have dried;
The geese have all died,
And I've had to make do with a sow.

78347 ZOOPHILY - BOVIDAE - BESSY   John Miller

Said Nathan, "Now, who wouldn't dream
Of viewing my meadows and stream,
Where gents get no less
Than a shot at old Bess,
And the ladies a taste of my cream?"

78348 ZOOPHILY - BOVIDAE - BESSY

Now this is a thought to consider...
For Bess, years past, made my heart flitter.
A walk out behind
The shed where I'd find,
It didn't take much to go get 'er.

78349 ZOOPHILY - BOVIDAE - BESSY

She's always on fours in position
For come-up-behind type coition,
And said naught but moo
As I'd spray her with goo,
With udderly pleasing emission...

78350 ZOOPHILY - BOVIDAE - BESSY

But that was so many years past;
The year I 'discovered' my mast.
After buffin' and shining
And whimperin' and whining
With hands, I found Bess at long last.

78351 ZOOPHILY - BOVIDAE - BESSY

No longer do I need old Bess,
Though thoughts of her cause trouser stress.
I'll wait for return
Of the one whom I yearn --
When she comes, it'll cause quite a mess!

78352 ZOOPHILY - BOVIDAE - BESSY

More than one person sent her to me,
And the reason is easy to see.
So thanks one and all,
See you soon in her stall,
With one or two bales for her fee.

78353 ZOOPHILY - BOVIDAE - BESSY

Old Bessie was Les Stuart's cow
And I wonder, just where is she now?
(The last time I had her
I fell off the ladder!) --
And Les, where are you, anyhow?

78354 ZOOPHILY - BOVIDAE - BESSY

Guys in here that are on the prowl,
Will take anything we allow.
Big fat, thin or small,
They don't care at all;
They've all been with Bessie the cow.

78355 ZOOPHILY - BOVIDAE - BESSY

Regardless that we've been estranged,
A meeting with Bess's been arranged.
But you'd better be quick
If you value your dick...
She's acting a wee bit deranged.

78356 ZOOPHILY - BOVIDAE - BESSY

That Daisy is not the least dressy,
The rest of her friends look quite messy.
It is easy to see
Why these guys favor me,
So go milk your herd. Love from Bessie.

78357 ZOOPHILY - BOVIDAE - BESSY

There once was a farmer named Jesse;
He had a prized cow named Bessie.
Her teats in his hand,
He found udderly grand,
And wound up with his pants all messy.

78358 ZOOPHILY - BOVIDAE - BESSY

Bessie just stood there chewing
Her cud while Jesse was screwing
That bovine's behind,
With bliss on his mind,
And that proved to be his undoing.

78359 ZOOPHILY - BOVIDAE - BESSY

In a pasture nearby was Sage,
A jealous young bull in a rage.
Jesse spewed his seed;
Sage hit full speed;
And the farmer never reached middle age.

78360 ZOOPHILY - BOVIDAE - BESSY

The moral to this tale of yore;
If you're so horny, you'd screw a boar,
Or a sheep or a hog
A goat or a dog,
Please be civil and shut the barn door.

78361 ZOOPHILY - BOVIDAE - BESSY

I've long heard of Old Bessie the cow,
And I've always kept wondering how?
Screw a cow? No, not me,
Until I thought...sex for free,
And I am dreaming of her here right now.

78362 ZOOPHILY - BOVIDAE - BESSY

She chews on her cud, the dear lass
Swats her tail at the flies on her ass.
She seductively moo's;
I mistake it as coo's;
I just hope we're not moving too fast.

78363 ZOOPHILY - BOVIDAE - BESSY

I don't want to get in her way,
So just name your price and I'll pay.
Please don't get jealous,
All you AJL fellas,
Who take her for a roll in the hay.

78364 ZOOPHILY - BOVIDAE - BESSY

Delighting in pastimes perverse,
This twisted old world I traverse.
But never have I felt
A cunt tight and svelte
As Bessie's, straight in or transverse.

78365 ZOOPHILY - BOVIDAE - BESSY

Been wondering where dearest ol' Bess is?
Been missing her bovine caresses?
Well I have some gnus
You can use and abuse,
If you fancy relieving your stresses.

78366 ZOOPHILY - BOVIDAE - BESSY

Sweet Bessie's traditional here;
She's been with us for many a year,
Since (I think) '97.
And this side of heaven,
She has the most wonderful rear.

78367 ZOOPHILY - BOVIDAE - BESSY

Of course, I exclude all the A
JL ladies who come here to play;
They're nicer than Bessie
And somewhat less messy;
But what if at times they're away?

78368 ZOOPHILY - BOVIDAE - BESSY

Instead of just using our palms,
We go seeking out countryside farms;
And there we can choose
Between heifers and ewes,
With their singular animal charms.

78369 ZOOPHILY - BOVIDAE - BESSY

Now you're the expert on sheep,
So my silence on lambs I will keep;
But nevertheless
They're as lovely as Bess,
(Though conducive to falling asleep).

78370 ZOOPHILY - BOVIDAE - BESSY

But listen, Observer, I mailed
A reply to young Freddie who wailed
About Bessie, you know,
Just a fortnight ago;
Your acute observation has failed.

78371 ZOOPHILY - BOVIDAE - BESSY

Look back in the archives for Jan
("A Great Loss" was the subject, my man)
And then you will know
Why she sets us aglow
And you, too, will become a new fan.

78372 ZOOPHILY - BOVIDAE - BESSY

Though octopi suckers I guess
Provide blissfulness, nevertheless,
There is naught to compare
(As you may be aware)
With the wonderful thighs of young Bess.

78373 ZOOPHILY - BOVIDAE - BESSY

So come give her udders a spin;
Feel the dampness and tightness within.
You'll discover at once
That her soft clenching cunt's
Ever ready for sinking it in.

78374 ZOOPHILY - BOVIDAE - BESSY

A few months ago in this group
Of primordial limerick soup,
We were given a lesson
In bovine caressin',
A cure for the Gentleman's Droop.

78375 ZOOPHILY - BOVIDAE - BESSY   Peter W

But since we have heard the same thrill
Can be gained from a little blue pill,
It appears that our Bess
Has been getting it less;
Is she waiting and wanting us still?

78376 ZOOPHILY - BOVIDAE - BESSY   Peter W

Or is she defunct since Viagra
Unleashed a huge global Niagara
Of spermatozoa?
Is Bess in Samoa?
Or is she now living in Agra?

78377 ZOOPHILY - BOVIDAE - BESSY   Peter W

If anyone knows where she is,
Be it Chile, New York, or Cadiz,
I would like her to know
That I'm missing her so,
And her buttocks for squirting my jizz

78378 ZOOPHILY - BOVIDAE - BESSY   Peter W

Her exixtence could not have been drearier;
All you pinheads poked in her posterior.
So if you haven't seen her,
It's because of my wiener;
She found sex with me so far superior.

78379 ZOOPHILY - BOVIDAE - BESSY   MrMalo

Apparently Bessie decided
All your wienies were to be derided.
She was so disappointed
At how you were jointed,
So she left at the same time as I did.

78380 ZOOPHILY - BOVIDAE - BESSY   MrMalo

With many a gal I've been smitten,
All over the lands of Great Britain.
But I must confess,
That only with Bess
Did I have my genitals bitten.

78381 ZOOPHILY - BOVIDAE - BESSY   Anon

The limerick bovine named Bessy.
Has habits uncouth and quite messy.
But she is just great
Whenever my date
Is angry, not feeling caressy!

78382 ZOOPHILY - BOVIDAE - BESSY   Archie

Sweet Bessy! I know her of course;
A fine piece of tail I'd endorse
Without hesitation,
Though my aberration
Is more strongly inclined toward the horse.

78383 ZOOPHILY - BOVIDAE - BESSY   Irish

Good God! I'd forgotten dear Bess!
My regret, words just cannot express.
With big soulful eyes,
And a tail that swats flies,
Who needs to look good in a dress?

78384 ZOOPHILY - BOVIDAE - BESSY   Anon

I asked of the Curate of Messing
Forgiveness and for his blessing.
He caught me and all
Inside the cow stall,
No trousers and doing some Bessing.

78385 ZOOPHILY - BOVIDAE - BESSY   Archie

A pony? That's slightly too much,
Though a donkey can be a good touch.
And though is might vex us,
It's true here in Texas,
Even Bessy can get us in Dutch!

78386 ZOOPHILY - BOVIDAE - BESSY   John Miller

For the record, I wish to relate
Old Bess thiks it wrong to equate
Her non-consent (mild)
To sex with a child ---
As she tole me, our very last date.

78387 ZOOPHILY - BOVIDAE - BESSY   John Miller

Sie sind schon, the girl of my dreams,
On you I will write many reams.
You're bovine and nice;
Your udder adds spice;
Oh, Bessy, my lust for you steams.

78388 ZOOPHILY - BOVIDAE - BESSY

I think we should visit young Bess,
For she's been in a state of distress,
Having not had a screw
For a fortnight or two...
She'll be happy to see us, I guess.

78389 ZOOPHILY - BOVIDAE - BESSY   Peter Wilkins

My beau is a man of great charm;
When I took him out to the farm,
He said it was messy --
But he sure liked Bessie!
And now I view him with alarm.

78390 ZOOPHILY - BOVIDAE - BESSY

As a young farmboy, Travis would find
That it near drove him out of his mind
To leave Bessie the cow,
When he had to go plow,
'Cause he hated to leave her behind!

78391 ZOOPHILY - BOVIDAE - BESSY Observer

But the view from in back of a mare
Would soon stifle his thoughts of despair.
'Cause being capricious
And very ambitious,
He, of alternatives, was aware!

78392 ZOOPHILY - BOVIDAE - BESSY Observer

Spring has sprung; the men have ris,
Wond'ring where dear Bessie is.
Having days off, Les,
Takes good care of Bess,
In the back, humping her in bliss.

78393 ZOOPHILY - BOVIDAE - BESSY Jim Weaver Collection

While chewing the cud with the boys,
We talked about all of our toys.
And doxies and wenches
Laid out on the benches,
Are preferred to Bessy's loud noise.

78394 ZOOPHILY - BOVIDAE - BESSY

I snuck to her stall on light goose feet,
And found in the dark Bessie's poose, sweet;
I filled her so full
That she thought it was bull
Until I said, "No, dear, it's moosmeat!"

78395 ZOOPHILY - BOVIDAE - BESSY

Even Frank, so-called friend, has refused
When with passion and love I have oozed.
To help with the tension
Of constant abstention,
For no Bessie I have to be used.

78396 ZOOPHILY - BOVIDAE - BESSY Jim Weaver Collection

When you are a going out wooing,
You should try a lass that is mooing.
I'm telling you now,
Old Bessie, the cow,
Won't belt you, while her cud she's chewing.

78397 ZOOPHILY - BOVIDAE - BESSY M Forster

Les Johnson snuck up on old Bess,
But she kicked him and left him a mess.
She refused the poor lad
After Tiddy she'd had.
That dear cow would not settle for Les.

78398 ZOOPHILY - BOVIDAE - BESSY Travis Brasell

Around the world, people are saying
That Archie is now disobeying
The law of the land,
Because of his gland,
He's boffing Ol' Bess without paying.

78399 ZOOPHILY - BOVIDAE - BESSY Travis Brasell

It's been bandied about that old Trav's
Been buying up lotions and salves.
It's got something to do
With a goat or a ewe,
Or Bessie or one of her calves!

78400 ZOOPHILY - BOVIDAE - BESSY Observer

Such gossip will never bring peace,
So therefore, let lying tongues cease.
For here's the reality:
I practice frugality
By using some cheap axle grease.

78401 ZOOPHILY - BOVIDAE - BESSY Travis Brasell

It's Spring-round-up time once again;
Time to separate boys from the men.
If you've got the right brand,
Then you I won't hand
To Bessie in her old cow pen.

78402 ZOOPHILY - BOVIDAE - BESSY Carol

Your iron must be fiery hot,
Not rusty nor cold with rot.
And please do take care
Not to singe any hair,
And be sure that you hit the right spot.

78403 ZOOPHILY - BOVIDAE - BESSY Carol

When branding I do what I ought
By tying a heifer's feet taut,
To keep her from kicking
When she feels the sticking,
Or else cock and balls I'd have naught.

78404 ZOOPHILY - BOVIDAE - BESSY Travis Brasell

But sir, may I hazard a guess,
On your site there's a thing to impress.
He'll be wanting his dong
To be licked by her tongue...
Don't let him get hold of our Bess.

78405 ZOOPHILY - BOVIDAE - BESSY

I went to where Bessie is stalled
And read this abuse you just scrawled;
She perked up her ears,
Her eyes filled with tears,
Then both of us stood there and balled.

78406 ZOOPHILY - BOVIDAE - BESSY

I do like this time of the year
When flowers in the meadow appear;
Above them the lark,
And the cuckooo... but hark;
Is that really sweet mooing I hear?

78407 ZOOPHILY - BOVIDAE - BESSY Peter Wilkins

That mooing you hear in the heather
Ain't no way connected to weather;
Instead, it's old Bessie
Who loves to get messy,
In regions that we would call nether.

78408 ZOOPHILY - BOVIDAE - BESSY Travis Brasell

Here comes that Wilkins boy now;
The one with the hardening plow.
Ready to spill seed
From his throbbing reed;
Now where the hell's Bessie the cow?

78409 ZOOPHILY - BOVIDAE - BESSY

A bison has such a large sheath
It hangs down from his tum like a wreath.
If hair is your thing
And fur makes you swing,
You'll love what those bulls have beneath.

78410 ZOOPHILY - BOVIDAE - BISON Actaeon

There once was a guy named Chris Hyson,
Who loved to have sex with a bison.
He thought is so swell,
That he said, "What the Hell!
Next time I think that I'll put mice in!"

78411 ZOOPHILY - BOVIDAE - BISON The DMs

Moonshine is something I know;
I even once gave it a go.
Just two shots of corn,
And I woke in the morn,
In bed with a dead buffalo.

78412 ZOOPHILY - BOVIDAE - BISON Jim Weaver Collection

Now moonshine and cattle don't mix;
Found myself in one helluva fix.
She was willing at heart
To do her part,
But I had to choose one of 3 dicks

78413 ZOOPHILY - BOVIDAE - BISON Jim Weaver Collection

'Twas the first time I tried to schlong one;
I was ready to slip her the long one.
But being pie-eyed
As hard as I tried,
Each dick I would grab was the wrong one.

She was really a hardy and hale one;
Thought it might be real cool to nail one.
Drunk out of my mind,
In the morning I find
I'd been trying to fuck a male one.

78415 ZOOPHILY - BOVIDAE - BISON   Jim Weaver Collection

No wonder the buffalo calls
Resounded throughout the halls;
No wonder he cried
And eventually died;
I'd been kneeling all night on his balls!

78416 ZOOPHILY - BOVIDAE - BISON   Jim Weaver Collection

With his ear to the ground, the chief said,
"Me thinkum there trouble ahead.
Soundum like thumping
Of buffalo humping,
In teepee with squaw in my bed.

78417 ZOOPHILY - BOVIDAE - BISON   Jim Weaver Collection

So he went to the medicine man,
To see if he had a plan.
With deep prostrations
And great ministrations,
He said, "Chief, me do what me can."

78418 ZOOPHILY - BOVIDAE - BISON   Jim Weaver Collection

So he went to the teepee and saw
The buffalo riding the squaw.
When the squaw hollered out,
He'd thought it all out,
Except for the plans fatal flaw.

78419 ZOOPHILY - BOVIDAE - BISON   Jim Weaver Collection

When the squaw hollered out once again,
Our bold little medicine man
Snuck into the hut;
Poked the buffalo's butt;
It was here the plans flaw became plain.

78420 ZOOPHILY - BOVIDAE - BISON   Jim Weaver Collection

For the buffalo gave a great shout
And tried to find a way out.
But being teepeed,
'Twas a one bull stampede,
And thus the ensuing rout.

78421 ZOOPHILY - BOVIDAE - BISON   Jim Weaver Collection

The moral is plain as green grass,
(On the morals of squaws we shall pass)
The way this story ends
Is to say to your friends,
NEVER poke buffalo ass.

78422 ZOOPHILY - BOVIDAE - BISON   Jim Weaver Collection

Picky I never have been,
But the pickin's 'round here are so slim
That this buffalo who

As his lips covered over in drool.
"Take a lesson from Bessie,

Now Bessie, in the next stall,
Couldn't believe what she then saw.
Old Ferdi's long tool,
Got wrapped 'round the stool,
Then a doubled back knot 'round his balls.

Old Bessie is feeling quite sick,
Yet mooed at the sight of my dick.
I tried to suck cream --
She let out a scream,

Perhaps we could visit the stable
And milk us a mare, if we're able.
I'll plant my sweet carrot
While studs you may stare at
And dream you're full up with their cable.

78485 ZOOPHILY - BOVIDAE - COWS

Why is it you plant and I dream?
Can it be that you know I'd scream?
A mount by a horse
Would squash me of course.
This makes us the plant and dream team.

Young Bessie, who lives on the prairie,
Is massive, gigantic and hairy;
With bosoms and thighs
Of enormous great size,
And a cunt which is horribly scary.

A gigantically cavernous twat.
When the lips are spread out,
There's no shadow of doubt;
They could suffocate one on the spot.

Squeezing hard every night,

We can't help it if they prefer cows;
Some of them do it with sows!

No money for girls, just for plows.

78511 ZOOPHILY - BOVIDAE - COWS Marlene Lewis

Well, Bess is mad, and with good cause,
Your 'payment,' folks say, has it's flaws;
You boffed that old girl,
Then turned in a whirl,
And ran without even applause.

78512 ZOOPHILY - BOVIDAE - COWS

In the field stood our Bessie, in heat,
But the bull stalked away in defeat.
Because after me

The cows have gone on strike again
'Cause there are no bulls in the pen.
They order by mail
Semen in a pail
And Bessie's damn tired of men.

78524 ZOOPHILY - BOVIDAE - COWS

The ordering semen by mail
For animals they say can't fail.
I don't want that stuff
'Cause it's not enough;
By damn, I'd want the whole male!

78525 ZOOPHILY - BOVIDAE - COWS

A male? Here I stand flesh and bone
You don't like getting your semen alone?
Come, I've a fresh batch
Warmed up for your snatch;
Just lie back, and feel free to moan.

78526 ZOOPHILY - BOVIDAE - COWS

Now I think this is better by far

No need to worry
For I'm in no hurry
I'll give several times past what's par.

Except for the Georgia Cracker,
He prefers "a la vaca,"
In the genteel Southern tradition.

78529 ZOOPHILY - BOVIDAE - COWS Jim Jambor P9009

A perverted farmer from Anjou
Threatened his cow with a screw.
The cow was disgusted,
Her butt badly busted,
And she sprayed the farmer with doo-doo!

78530 ZOOPHILY - BOVIDAE - COWS Mr. Blister

You might think that nooky is sweet,
Till you've tried the other white meat.
So after sweet Bessie,
Get totally messy.
The squeals and the grunts are quite neat!

78531 ZOOPHILY - BOVIDAE - COWS

Last weekend I went to a luau,
Which prompted me making a new vow:
Since pigs on the grill
Don't give me a thrill,
I'll stay home and boff my old moo cow.

78532 ZOOPHILY - BOVIDAE - COWS

With this talk about pigs, I daresay,
I had feared that you'd gone astray.
'Cause a true country stud
Just won't roll in the mud,
If it's that, or a roll in the hay.

78533 ZOOPHILY - BOVIDAE - COWS Observer

It seems that you have concurred,
That cows, are what are preferred...
The world's been made right,
And we'll all sleep at night,
Knowing you are out there, riding herd.

78534 ZOOPHILY - BOVIDAE - COWS Observer

We want milk with some cream but no curds,
So farmers speak soft gentle words
To their cows while they're pokin',
And the grass they are tokin'
Makes it good with the stench of cow turds.

78535 ZOOPHILY - BOVIDAE - COWS   Jim Weaver Collection

The love of my life is a Holstein;
The milch that she gives is all mine.
I clean off the mudder;
Drink straight from her udder;
Time wastes if I fill up a stein!

78536 ZOOPHILY - BOVIDAE - COWS

There once was a young man from Cowes, (Isle of Wight)
Who had a penchant for fat cows.
One he did one day
Out there in the hay,
And the cow kept as quiet as a mouse.

78537 ZOOPHILY - BOVIDAE - COWS   R Rezel

In Sandown and Ventnor and Ryde,
Plus most of the southwestern side,
You'll not find a lass
With half as much class
As she with the leathery hide.

78538 ZOOPHILY - BOVIDAE - COWS   Tiddy Ogg

So your wife won't provide what you seek?
Go see Bessie, I hear she's quite cheap.
And your marital loss
You can blame me because,
I've been shagging her three times a week.

78539 ZOOPHILY - BOVIDAE - COWS   F Ormatsee

When Bessie was well under-age
And my needs I would have to assuage
I'd go stand on a pail,
Lift her under-age tail
And her tightness I'd test with my gauge.

78540 ZOOPHILY - BOVIDAE - COWS

Er...Pet? Got distracted somehow,
When I saw this voluptuous cow;
For I have to confess
That I thought it was Bess;
It seems years since I gave her a plow.

78541 ZOOPHILY - BOVIDAE - COWS   Peter Wilkins

Her bovine caresses I miss,
Not to mention her sloppy wet kiss;
And the thought of her udders
Is giving me shudders
Of lustful and heavenly bliss.

78542 ZOOPHILY - BOVIDAE - COWS   Peter Wilkins

Can you wait while she loosens her grip?
When she does I will do up my zip.
Oh my love, I'm ashamed
To have got so inflamed;
But the sight of her caused me to flip.

78543 ZOOPHILY - BOVIDAE - COWS   Peter Wilkins

No matter how hard the bull tried,
Could not make the heifer his bride.
She spurned his big meat,
Went off in retreat;
The bull stood and watched the cowhide.

78544 ZOOPHILY - BOVIDAE - COWS   Travis Brasell

A loathsome young lady named Lou,
Had titties that hung to her shoe.
And her cunt was a wow,
For it sagged like a cow,
And when fucked from behind she would moo.

78545 ZOOPHILY - BOVIDAE - COWS   Albin Chaplin 3024 G0384

Is Bessie a woman or cow?
I would like an answer right now.
If a cow she would be
Then her udders I see;
It's what gets you a going, I vow.

78546 ZOOPHILY - BOVIDAE - COWS

Good old Bessie's a cow, I'll tell you;
Check those udders and ring-a-dang-doo!
If you know how to stroke it,
And bold enough to poke it,
Her 'moo' can't be matched by an ewe!

78547 ZOOPHILY - BOVIDAE - COWS

As one of the fellows who ploughs
The furrows of those Gallic cows,
You take it from me,
I'd much rather pee
On sweet Babette's bushy eyebrows.

78548 ZOOPHILY - BOVIDAE - COWS

To his young son, said old man Cecil,
"You're humping old Bess like a diesel.
You won't be so bold,

'Cause if you back don't hurt, your knees'll.

There once was a Bactrian camel,
Who was bound by no fetter or trammel.
When he tried to make hay,
In his Bactrian way,
His wife said, "Make me; I'm a mammal."

78550 ZOOPHILY - CAMELIDAE L1663

At the zoo a sheep fucker named Stumps,
From the rest of the staff took his lumps.
He claimed the best mammal
Was the Bactrian camel,
Invariably good for two humps.

78551 ZOOPHILY - CAMELIDAE Albin Chaplin

A camel! My God you've been blessed;
She'll suck and she'll fuck with great zest.
A small sacrifice,
Her arseholes not nice,
And her breath will not leave you impressed.

78552 ZOOPHILY - CAMELIDAE

They've thought of the strangest thing yet.
On the ass of a camel,

And bugger the beast while it's wet.

78557 ZOOPHILY - CAMELIDAE Arthur Deex P8407

Miss Murgatroyd Ramsbottom-Crump,
A disastrously woebegone frump,
Had a face like the back
Of a bus and a crack
That inspired only camels to hump.

78558 ZOOPHILY - CAMELIDAE

The one insurmountable snag?
Not a camel in sight (what a drag);
Until one day at four
Came a knock at the door;
It was old Mr. Mustapha Shag.

78559 ZOOPHILY - CAMELIDAE

And with him a camel who saw
Through the crack in the half-open door,
How delightful a hump
Was Miss Ramsbottom-Crump,
And excitedly started to roar.

78560 ZOOPHILY - CAMELIDAE

Miss Murgatroyd's boat-race lit up
As she said, "Holy moses, my cup
Runneth over with lust."
And so saying she thrust
Down her bloomers, turned round and said. "Tup."

78561 ZOOPHILY - CAMELIDAE

A tup!? 'Twas one helluva screw,
As young Humphrey the camel went through
Her like nobody's biz,
Squirting gallons of jizz
With such force that he split her in two.

78562 ZOOPHILY - CAMELIDAE

Miss Murgatroyd Ramsbottom-Crump
And young Humphrey continued to hump
'Til they both passed away
And were buried, they say,
With his todger still filling her rump.

A ship of the desert, you see.
The female's the one,

Don't stand in the way, all you lasses,
Or that which comes will, when it passes,
Impregnate each one
Without any fun,
And we will have llamas in masses.

78572 ZOOPHILY - CAMELIDAE

Telling camels apart, it is true,
Is quite simple therefore, entre nous.
The whole task of course,
Like dealing with whores,
Is a question of "one hump or two?".

I waited until he felt calmer.
He ventured, "It's only
A stop-gap (I'm lonely)
Until I can pay the embalmer.

78584 ZOOPHILY - CAMELIDAE Peter Wilkins

"You mean the poor llama's no more?
It's a dead 'un?" I asked. He said "Sure.
But I'm ugly as hell
So this llama is, well,
The only sure way I can score."

78585 ZOOPHILY - CAMELIDAE Peter Wilkins

I found her much tighter than Jane.
This sure was a tease,
The I realized that she's
A poodle and not a great dane.

When I was real young, I did beg
A kiss from my nymphet friend, Meg;
My daddy did say:
"Puppy love's okay,
As long as you don't lift your leg!"

78759 ZOOPHILY - CANIDAE - DANE

That Meg, now she's grown, gained great fame;
She's in the theatrical game.
On stage she strips nude,
In a manner quite lewd,
And is rogered by George, her great dane.

The doctors say varicose veins
In women are caused by the strains
They make when they're squeezing
Their legs for the pleasing

"Oh suck me!" demanded Denise
And spread them out 90 degrees.
Her face all aglow;
But I nearly said no,
On account of the smell and the fleas.

But being a gentleman, I
Got Rover to sniff at her thigh;
Excited he licked her
And eagerly dicked her...
"Oh thank you," she said with a sigh.

78763 ZOOPHILY - CANIDAE - LICKING Peter Wilkins

Well, friend I have an old dog
Whose only companion's a frog.
He'd love a young bitch
Who would cure his old itch,
'Cause he's tired of me lickin' his log.

I run with the pack canis lupus;
In the Canine family they do group us.
I became Alpha-Male
Because of my tail
And loved to wolf down female's pumas.

He entered the bitch doggie style,
Then Rover barked out with a smile.
"If I cannot bury
My bone in a cherry,
The butt-sniffing's not worth my while."

78766 ZOOPHILY - CANIDAE - LICKING

Now Jeanie, folks say, lays in clover,
Enjoying a male's tongue all over
Her body that's nude.
But she thinks it is rude
When the dogs leaves to sniff at old Rover.

I have an old dog, name of Blue
Who'll mate with fish, snake, or emu.
Still he'll leave a bitch flat,

"Poor Fido, your dog, was castrated
Before he'd a chance to be mated?
How very unfair!"

"No, he loves self-fellation", I stated.

His pack moaned a thous-

They pissed on the jail; it did reek!

Impossible, I would have thought,
How a dog like a Dachshund, so short,
Could have humped a tall Rott-

But a pup's the result of his sport.

No need to insert

Not a cocker, but an English named Daniel.

But in truth, she prefers a Great Dane.

Please now, with Carol don't screwdle,
If you want to keep your wet noodle.
She loves men, no doubt,
But get the truth out --

A poodle! Have you lost your mind?
You'll not see that pup near my behind.
They can't hunt or track,
And dare not attack

78806 ZOOPHILY - CANIDAE - ZSERIES   Carol

In morn, to avoid the hot sun
We roam, 'fore hunting's not fun;
Old Blue's in the back
Of the cab with the rack,
Panting and guarding my shot-gun.

78807 ZOOPHILY - CANIDAE - ZSERIES

On Saturday, just after sunset,
Picked up my red-necker love-pet;
"To the road-house for sure!"
Parked the truck; 'twas secure;
Old Blue slept inside, did not fret.

78808 ZOOPHILY - CANIDAE - ZSERIES

Of the honky-tonk food and strong drink,
She did have too much, I now think;
We left and drove out;
In spite of new doubt;
I still hoped she'd screw like a mink!

78809 ZOOPHILY - CANIDAE - ZSERIES

At the Lover's Lane we had just started,
When just once she ominously farted;
She then barfed up yuck
All over my truck;
Old Blue's eager licking got started!

78810 ZOOPHILY - CANIDAE - ZSERIES

Such a dawg I've ne'er before seen!
Helping out with my poor country queen!
C'mon, Old Blue!
You good old dawg, you!
Good boy! You're licking it clean!

78811 ZOOPHILY - CANIDAE - ZSERIES

That honky-tonk stuff soaked her shirt;
Her nipples through ripples, looked pert;
Those sweets I passed up,
Made room for my pup;
Blue licked 'em, then looked for dessert!

78812 ZOOPHILY - CANIDAE - ZSERIES

What used to be luncheon meat
Got scattered across the front seat;
Her Cream of Okra
Looked like tapioca;
Old Blue took it all as a treat!

78813 ZOOPHILY - CANIDAE - ZSERIES

There were kernels of corn on the horn,
"All through!" She had sworn, "before morn;"
The damn steering wheel
Had a new, sticky feel,
Old Blue licked 'em clean like new-born!

78814 ZOOPHILY - CANIDAE - ZSERIES

On my Rebel War Flag she did gag,
My soiled white sheet's now a rag;
The shotgun rack
Got covered with brack,
Old Blue! Now just watch his tail wag!

78815 ZOOPHILY - CANIDAE - ZSERIES

The radio dial became vile;
She suffered, my sweet honey chil' ;
The speaker grill
Just dripped with swill,
"Arf!" Old Blue thought, "Gourmet style!"

78816 ZOOPHILY - CANIDAE - ZSERIES

My red-neck girl's face was still green;
No time to seek out a latrine;
Whoops! Pizza cheeses
On my plastic Jesus!
Old Blue wagged his tail, licked it clean!

78817 ZOOPHILY - CANIDAE - ZSERIES

Mixed up with a whole bunch of beer,
Some pizza flew elsewhere, I fear,
And anchovies
Slid down her knees;
Old Blue! Lookit! Right here!

78818 ZOOPHILY - CANIDAE - ZSERIES

She pulled off her jumper, now soiled;
No panties! But lust this time's foiled;
Some sour, sticky stuff
Now matted her muff.
Old Blue! Not too long! She'll get spoiled!

78819 ZOOPHILY - CANIDAE - ZSERIES

She beckoned him over, "Come follow

"Okay, so wank me, you tease."
"No, I bloody won't, if you please.

78822 ZOOPHILY - CANIDAE - ZSERIES   Peter Wilkins

"Well how 'bout I see to your ass?"

"I don't think so", she said,
Blushing prettily red,

And Paula told me (I believe 'er),

With advice for the zoophile New Year.
You should firmly resolve
To never dissolve
Your relationship with caribou, dear."

I went and had sex with a moose.
Alas, I was caught;
Now I'll end up in court,
Charged with elk-aholic abuse.

78889 ZOOPHILY - CERVIDAE Tiddy Ogg

A moose? That's the worst one yet!
I've said it before,
But I'll say it once more:
Animals are only to PET!

78890 ZOOPHILY - CERVIDAE Kaylin Brandon

That is why they repose like the "Setter."
First, he lurks oh-so-near,
On his face that "lewd leer."
Later on, the deer's butt is much wetter!

78898 ZOOPHILY - CERVIDAE Jim Weaver Collection

Has anyone got any use
For a dick which belonged to a moose?
It's a fine looking knob
And it does a good job,
Despite suffering years of abuse.

78899 ZOOPHILY - CERVIDAE

It used to belong to Irene
'Til she married a Royal Marine.
It's been mounted and stuffed
And although rather scuffed,
She assures me it's spotlessly clean.

78900 ZOOPHILY - CERVIDAE

I've the vulvae of elk, caribou,
And wapiti, to name just a few;

Looking sad and rebuffed...
They'd rejoice at a moose-screw or two.

78901 ZOOPHILY - CERVIDAE

Is relentless when guarding his propiti.
He pees when he bugles;
With sex he's not frugal;
And to other bulls he shows nopiti.

79465 ZOOPHILY - MONKEYS A. N. Wilkins P8408

There once was a fine lass named June
Who was buggered by a singing baboon.
"'Twas both good and bad,
The best sex I've had,
But the dumb beast can't carry a tune!"

79466 ZOOPHILY - MONKEYS Jeeves

The young nymphomaniac Betty
Went searching the world for a yeti.
She said, "There's no man
Compares to a snowman,
For stopping your hole getting sweaty.

79467 ZOOPHILY - MYTHICAL Paul Graham

We all heard the tale, long ago
Of a beast who left tracks in the snow.
"Bigfoot", he was called,
And I was appalled --
There's another fact all ought to know...

79468 ZOOPHILY - MYTHICAL

Bigfoot's tracks one day I did see,
They were indeed big, yesiree --
But this fact that I'll mention
Is what caught my attention:
There weren't only two tracks, but three!

79469 ZOOPHILY - MYTHICAL

The third track was right in between,
And I knew what that had to mean.
If he didn't cheat,
He had more than big feet --
'Twas the biggest one I've ever seen!

79470 ZOOPHILY - MYTHICAL

There once was a dragon call Mick,
Who liked to play with his dick,
He came with a force,
That would strangle a horse,
Stating loudly that that was the trick...

79471 ZOOPHILY - MYTHICAL

Now Mick had a thing for a bucket,
Remarkably it came from Nantucket.
He breathed on it so hard,
His flame sorely marred
The poor thing and basically fucked it...

79472 ZOOPHILY - MYTHICAL

A man from the south of the Somme,
Was charged with molesting a gnome.
The pervert protested,
"Why was I arrested?
Together, we were both alone!"

79473 ZOOPHILY - MYTHICAL Phil T

The Griffin's a curious creature,
With both lion and eagle-like features.
His 'nads are all furred,
And he flips his own bird;
He's as likely to screw you as eat 'cha.

79474 ZOOPHILY - MYTHICAL Actaeon

Wonderland's leading lass, Alice,
Got into unusual malice.
In search of some cock,
She laid Jabberwock,
And developed a sizeable callus.

79475 ZOOPHILY - MYTHICAL Actaeon

It's said that Medusa was celibate
And stayed that way just for the hell of it.
But the feminine organ
Of this famous Gorgon
Had snake-bites where each scaly fella bit.

79476 ZOOPHILY - MYTHICAL Wendi Hoffenberg

A sweaty young yeti named Betty,
Had a love in the park, Serengeti.
An ungainly old gnu,
Who was faithful and true,
With love ready and heady and steady.

79477 ZOOPHILY - MYTHICAL Isaac Asimov

Now Sindbad came down with the pox;
Screwing birds he'd find down by the docks.
Yet he was heard to say
That he'd found a new way,
When he had to, to get off his rocs!

79478 ZOOPHILY - MYTHICAL Anon

There was a young snowgirl named Brigid,
Who appeared to the snowmen as frigid.
She was melted away
On a December day,
By a snowstud with icicles rigid.

79479 ZOOPHILY - MYTHICAL Jim Weaver Collection

I've a theory I think irrefutable,
Although you may think it's disputable.
If the Sphinx were a mammal,
He'd jump on the camel;
Then his smile would be wide -- not inscrutable!

79480 ZOOPHILY - MYTHICAL Friar

A camel once strove, by the Nile,
The Sphinx's rear end to defile.
But the Sphinx's tight rump
Gave the camel his hump,
And the Sphinx, it's inscrutable smile.

79481 ZOOPHILY - MYTHICAL Bob Giandomenico P9206

Someone said, Cleo remember,
A Sphinx has a very large member.
After a short while
The Sphinx wore the smile,
And Cleo was happy but tender.

79482 ZOOPHILY - MYTHICAL

The Sphinx is not one to forget
And the reason he smiles, I will bet.
He still knows to this day,
In a wry kind of way,
Only one hump the camel will get!

79483 ZOOPHILY - MYTHICAL Friar

The unicorn, lured by the maiden,
Laid his head in her lap as she bade him.
When no one could watch,
She proffered her crotch,
And he left her loins heavy and laden.

79484 ZOOPHILY - MYTHICAL Actaeon

Two unicorn stallions were horning,
And their feelings for fillies were scorning.
These sexed-up equines
Spent the night "69",
And they both wound up geldings by morning.

79485 ZOOPHILY - MYTHICAL Jim Weaver Collection

A unicorn couple, aswoon,
Made love in a shaded lagoon.
After wooing they rose
And stood nose to nose,
And fenced in the light of the moon.

79486 ZOOPHILY - MYTHICAL Actaeon

Two unicorn studs sought a mare
But uncovered a passion quite rare.
They paused, quite enthralled,
And mutually balled,
And their horns wound up gelding the pair.

79487 ZOOPHILY - MYTHICAL Actaeon

A wistful young lady named Carr,
Divulged her perversions bizarre.
"Though this may sound preposterous,
I have fucked a rhinocerous,
But the unicorn's better by far."

79488 ZOOPHILY - MYTHICAL Albin Chaplin 3024 G1212

So I said to the mermaid, "My sweet,
I'll ask, if it's not indiscreet:
Since there isn't a gap
To be found in your lap,
By chance, is there one in your seat?"

79489 ZOOPHILY - MYTHICAL

When Betty and yeti first met,
He saw that her quim was so wet.
So he probed with his nose,
But the poor lassie froze.
You can bet that she's set solid yet.

79490 ZOOPHILY - MYTHICAL Tiddy Ogg

I've heard him called Sasquatch and Yeti.
No matter the name, I just bet he
Strikes fear in the heart
(And envy in part!)
With that 6 foot piece of spaghetti.

79491 ZOOPHILY - MYTHICAL

But the wildman that I fear the most
Is not on the east or west coast.
He's up north where it snows
And he eats all that grows
(but prefers black caviar on toast)

79492 ZOOPHILY - MYTHICAL

Or fettucine in a nice sauce
Or sweet rhubarb roots topped with peat moss.
In his younger days
He made untold forays,
But now his waist is three feet across.

79493 ZOOPHILY - MYTHICAL

A religious explorer named Betty,
For a sacred adventure was ready;
She climbed Himalayas
In search of her Deus,
But instead was seduced by a Yeti.

79494 ZOOPHILY - MYTHICAL Ed Potts P8412

The zorp is a beast quite satyrical;
Its penis is massive and sherical.
The females are slim
With rectangular quims;
That the species survives is a miracle.

79495 ZOOPHILY - MYTHICAL Actaeon

Said a mermaid, "No matter what ails me,
There's one cure I find never fails me:
I've got me a gob
Who does such a good job,
I'm in heaven each time that he scales me."

79496 ZOOPHILY - MYTHICAL - MERMAID G1180

There was an old salt on the Banks,
Who said to a mermaid, "No thanks.
The last time I tried
Those scales took my hide
Clear off from my crotch to my shanks."

79497 ZOOPHILY - MYTHICAL - MERMAID John Ciardi

One day as I fished on the sea,
A mermaid came visiting me.
Though just right on top,
'Tother end was a flop,
With no parts to show she was a she.

79498 ZOOPHILY - MYTHICAL - MERMAID John Miller 0075

"We lay eggs," she informed me with glee,
"Which are fertilized as they float free."
Mermen are excused
If they are less than enthused,
And merchildren rare in the sea.

79499 ZOOPHILY - MYTHICAL - MERMAID John Miller 0075b

To a meremaid a sailor said, "Honey,
They way you're constructed is funny.
You blow in full sail
While I'm groaning for tail,
So you're just a sad sack for MY money."

79500 ZOOPHILY - MYTHICAL - MERMAID Grand Prix Lim 668

I once met a mermaid named Dinah
While cruising the seas off of China.
And as an observer
My sexual fervor
Was wasted; she lacked a vagina.

79501 ZOOPHILY - MYTHICAL - MERMAID Tiddy Ogg

So then, as suggested, I tried
To give her a taste of my pride.
We tried 69
And I started to dine,
But it ain't right without some french fried.

79502 ZOOPHILY - MYTHICAL - MERMAID Tiddy Ogg

A fisherman Fischer out fishin'
Was arrested for fishin' by wishin',
That a mermaid he'd find.
Then he thought, nevermind.
She'd have scales, and her tail's just for swishin'.

79503 ZOOPHILY - MYTHICAL - MERMAID Jerry Nordal

In my life I have had some heartaches,
And I have had some unlucky breaks;
Once met a mermaid,
And thought I'd get laid,
But she didn't have what it takes.

79504 ZOOPHILY - MYTHICAL - MERMAID Observer

A mermaid enticed a rough sailor
Into stripping so he could then nail her.
He did as she asked
And started his task,
But the maid had no cunt, so he failed her.

79505 ZOOPHILY - MYTHICAL - MERMAID Actaeon

"Although mermaids today are quite rare,"
Observed an old seamnan named Lehr,
"When a man was in luck,
They once gave a good fuck
And had seaweed and not pubic hair."

79506 ZOOPHILY - MYTHICAL - MERMAID A. N. Wilkins   P8602

A maritime gent named Fiorello
Maintained an aquatic bordello.
There you'd roger a seahorse
On a bed of soft sea gorse,
Or fuck mermaids in pools of fish Jello.

79507 ZOOPHILY - MYTHICAL - MERMAID   G1235

If you ever go 'round Cape Horn,
At dusk or the first thing of morn,
A mermaid there sits,
Flashing eyes, tail, and tits;
Your libido will kick up a storm.

79508 ZOOPHILY - MYTHICAL - MERMAID Tiddy Ogg

But be careful 'cause everyone knows
She is fish from her waist to her toes.
And a girl sans vagina
Is worse than angina,
But if lucky, you'll say "Thar she blows!"

79509 ZOOPHILY - MYTHICAL - MERMAID Tiddy Ogg

Don't listen to that hussy mermaid,
She lures all sailor men, I'm afraid --
To the bottom of the sea
For all eternity --
Where never again they get laid!

79510 ZOOPHILY - MYTHICAL - MERMAID Kaylin

But you'll go to her -- all men has ter,
And she'll suck you off faster and faster.
But just as you're coming,
In your ears you hear drumming,
You're drowning, it ends in disaster.

79511 ZOOPHILY - MYTHICAL - MERMAID Tiddy Ogg

A mermaid's a difficult thing,
If you're wanting your willy to wring.
Scout around a bit more
At this godsend onshore --
Have you noticed she knows how to sing?

79512 ZOOPHILY - MYTHICAL - MERMAID Tiddy Ogg

The merman pulled down his pants
And the woman looked at him askance.
He said with a grin,
I can walk on my fin,
But please don't ask me to dance.

79513 ZOOPHILY - MYTHICAL - MERMAID Chairman Steve

I cannot deny that I harbour a
Desire to go fishing in Scarborough;
It's not for the cod,
I'll be using my rod,
But for mermaids as hungry as Barbara.

79514 ZOOPHILY - MYTHICAL - MERMAID Peter Wilkins

I caught her last year in Capri,
While lazily fishing the lea;
She gobbled the shaft
Of my rod, fore and aft,
As I lifted her out of the sea.

79515 ZOOPHILY - MYTHICAL - MERMAID Peter Wilkins

And I, overcome with emotion,
Lay back and enjoyed the devotion
She gave to my rod,
'Til the force of my wad
Shot her back to the depths of the ocean.

79516 ZOOPHILY - MYTHICAL - MERMAID Peter Wilkins

Beguiles every hot-blooded male,
With spear in his hand,
Massaging his gland,

79517 ZOOPHILY - MYTHICAL - MERMAID Hugh Clary

I forgive you my dear, I won't blame
You for thinking me some kind of game
And moreover I dread
That it's right what's been said:
That we sheep mostly all look the same.

79520 ZOOPHILY - OVIDAE Lassie's Lover TP9901

A white Aussie sheep's saddened bleatin'
Is caused by her romantic meetin'
With good Aussie blokes,
Who with deft flowing strokes,
Will screw'em, then shear'em, then eat'em!

79521 ZOOPHILY - OVIDAE

I don't know what you men see in sheep!
Why not let the poor innocents sleep?
That's why they say, "Bah!"
And call for their Ma-a-a.
It's enough to make anyone weep!

79522 ZOOPHILY - OVIDAE Edwina Leer

But sheep can be very appealing.
They don't moan of headaches and feeling
Too tired for humping.
And while you are pumping,
They don't talk about painting the ceiling.

79523 ZOOPHILY - OVIDAE Tiddy Ogg

Old shepherds most often are queer.
The whole female sex, they do fear.
They spurn marriage beds,
Preferring instead,
To bugger their sheep from the rear.

79524 ZOOPHILY - OVIDAE

I entered the room to find seating,
When I saw men dressed as sheep, bleating.
I said to them all,
Backing into the hall,
"Excuse me, I've got the wrong meeting."

Made sexual use of a sheep.
He patronized whores
In our local love stores,
Till he found out that sheep were so cheap.

79527 ZOOPHILY - OVIDAE G1219

I've heard though, that Yank gals are cheap,
So across the Atlantic I'll creep,
To find what you've got
In twat that is hot,
That might be even better than sheep.

79533 ZOOPHILY - OVIDAE Actaeon

We turn to the novelist Dickens
Who prized shagging sheep for their kickin's.

Give stronger erections,
And they're roomier inside than chickens.

While the shepherd was tending his flock
He was reading the ewes "Dr. Spock".
But before the day's end.
He complained to his friend
"That talk about Spock is a crock!"

79535 ZOOPHILY - OVIDAE John E Mayhood

It's cold and the wind blows in gales;
I'll freeze in the hills or the dales.
So I'll risk stabbing pain
As my wrist gets a sprain,
As I dream of those sheep down in Wales.

79536 ZOOPHILY - OVIDAE Tiddy Ogg

It's sheep that are popular here;
We shag 'em and go for a beer.
Though cows are alright,
Sheep are more tight.
Its mutton we eat here, I fear.

79537 ZOOPHILY - OVIDAE

Without a wife,
Leads many a lonely Scot astray!

79698 ZOOPHILY - OVIDAE - SCOTS Oddo Von Schlong T9711

Cybercelt's sure in love with his sheep,
And a number of them he does keep.
"They're the joy of my life,"
He said to his wife,
"And with them, I'll continue to sleep."

79699 ZOOPHILY - OVIDAE - SCOTS Jim Weaver Collection

A Scottish farmer (I swear this is true),
Spied a neighbor he thought that he knew.
So through the barbed wire,
He yells in great ire,
"Hey, MacCleod, get off of my ewe!"

79700 ZOOPHILY - OVIDAE - SCOTS

Mick J. moved to Scotland, it's true!
Liked sheep, so he bought one or two.
The fellow next door
Hopped the fence, tried to score.
"Hey, McCloud! Get offa my ewe!"

79701 ZOOPHILY - OVIDAE - SCOTS

He wandered the hills in his skirt;
With all of the sheep he did flirt.
But he put his pole
Into the wrong hole.
"Ouch!" said the sheep. "Damn, that hurt!"

79702 ZOOPHILY - OVIDAE - SCOTS Faerie

There was a Scots Highlander who
Would shout, "Yoohoo to you, you ewe you!
Could you, sweet ewe,
Do with a screw?
Should you, please do, you know who!"

79703 ZOOPHILY - OVIDAE - SCOTS John Chastaine T9711

There was a wee Scot named McHumper;
In winter (when life ain't no bumper)
He'd go out to the fold,
In the wet and the cold,
And pull on a nice wooly jumper.

79704 ZOOPHILY - OVIDAE - SCOTS Dick Slimer T9712

Scotsmen screw sheep? Such surprise!
Whoever said that told you lies.
'Cause up at Balmoral,
They like their sex oral--
You can't pull the wool over their eyes.

79705 ZOOPHILY - OVIDAE - SCOTS   Shakes Younger Bro T9711

That boy must of been ruttin',
If after a hog he was struttin'.
A Scot in full dress
Could have showed him, I guess,
The easiest way to fuck mutton.

79706 ZOOPHILY - OVIDAE - SCOTS   Faerie

A Scotsman whose name was McLauren
Had a peculiar tilt to his sporran.
It seems in his sleep,
He was buggering sheep,
With objects obscene and quite foreign.

79707 ZOOPHILY - OVIDAE - SCOTS   T9711

A Scotsman who now lives in Sutton,
Loved sheep -- they sure did push his button.
He'd take a fine lamb,
His cock in would ram,
And shag it until it was mutton!

79708 ZOOPHILY - OVIDAE - SCOTS   Rick Limer   T9711

In Scotland the sheep are quite blue,
Melancholy, and sad, 'cause it's true.
The men want to shag us,
Then turn us to haggis;
What shit in the life of a ewe.

79709 ZOOPHILY - OVIDAE - SCOTS   CyberCelt   T9711

Now Laddie, no more of your lip.
You'll pay very dear for that quip.
And what is so wrong
With using your dong
To make an effective sheep dip?

79710 ZOOPHILY - OVIDAE - SCOTS   SFA

Some Scots are known to fuck sheep;
A whole flock of ewes they might keep.
None of this "Chicken Flu"
For a Scotsman will do.
It's "Sheep Fever" that makes those men weep.

79711 ZOOPHILY - OVIDAE - SCOTS   Faerie

"Why wear a kilt?" asked a young nipper.
"Surely pants would be a lot hipper."
Said the Scot, all smiles,
"It's because, for miles,
A sheep can be hearing a zipper."

79712 ZOOPHILY - OVIDAE - SCOTS   Les Stewart

McLeod, a Highlander true
With the sheep had a technique quite new.
This canny wee Mac
Threw the sheep on its back,
So to kiss her whilst having a screw!

79713 ZOOPHILY - OVIDAE - SCOTS   Cyber Celt   T9711

To write limericks 'bout Scotsmen and lambs,
Here are a few things you can cram:
Clean the sheep out of silt,
Then whip up your kilt,
And always spray pecker with PAM!

79714 ZOOPHILY - OVIDAE - SCOTS   John Chastaine   T9711

St Kilda of people's devoid;
To visit I'd be overjoyed.
They left for the main-
Land but sheep still remain,
All waiting by me to be toyed.
(St Kilda, off the coast of Scotland; no people since 1930)

79715 ZOOPHILY - OVIDAE - SCOTS Tiddy Ogg

On Saturday night, up on Mars,
Four Scotsmen were screwing in cars,
Three lambs and a ewe;
Pretty rhythmical too;
With always three bleats to the baas.

79716 ZOOPHILY - OVIDAE - SCOTS Friar TP9802

There once was a Scot in a kilt,
Who'd do any sheep that'd stand stilt.
A fleece he was shagging,
His balls they were dragging,
And he was in up to the hilt!

79717 ZOOPHILY - OVIDAE - SCOTS Jim Weaver Collection

A limerick 'bout Scotsmen and sheep?
It's a task that isn't too steep.
A Wham-Bam-Thank-You-Ma'am,
With a nice highland ram;
Just lift the kilt and shove it deep!

79718 ZOOPHILY - OVIDAE - SCOTS John Chastaine T9711

Mid tall grassland sowers and reapers,
In a land of highlander sheep keepers,
How does our friend Sam
Find a little lost lamb?
"Very satisfying," by jeepers.

79719 ZOOPHILY - OVIDAE - SCOTS Res Ipsa

A shepherd from Cheshire's soft hills
Was always looking for thrills,
Till a sheep he molested
Loudly protested,
And sent him the veterinary's bills.

Those tales of Welsh girls can't be true,
There's very few Blodwyns will do
A job satisfactual,
And make men ejactual;
That's why all the Welshmen like ewe.

79721 ZOOPHILY - OVIDAE - SCOTS   Tiddy

Mike bought him a cow and a sheep.
Said he, "Tell me wife, not a peep.
I'll milk me fine cow;
Me sheep I'll somehow
Find use when me wife's fast asleep."

79722 ZOOPHILY - OVIDAE - SCOTS   Travis Brasell

A farm boy, with tastes eclectic,
Screwed a ewe at a pace that was hectic.
It wasn't for passion,
He screwed in this fashion,
But the fence that he screwed through, electric.

79723 ZOOPHILY - OVIDAE - ZSERIES

While some folks might find this revolting,
Us farm boys enjoy 'lectric jolting;
It charges our yens
When we're humpin' hens,
And helps those ol' gals when they're molting.

79724 ZOOPHILY - OVIDAE - ZSERIES

When I was a tow-headed lad,
I peeked at my old gramps and dad,
Through slats in a stall,
And I can recall
The grins on their faces they had.

79725 ZOOPHILY - OVIDAE - ZSERIES Travis Brasell

I watched in amazement and shock;
They boffed an old ewe from the flock;
That ewe hushed her bleating
As they kept repeating
Those thrusts with their cocks hard as rock.

79726 ZOOPHILY - OVIDAE - ZSERIES Travis Brasell

My Gramps, with the eye of a hawk,
Caught me in my stupified gawk;
He said to me, "Trav,
It's time that we have
Our first southern gentlemen's talk."

79727 ZOOPHILY - OVIDAE - ZSERIES Travis Brasell

"A man," he said, "must do his chores
With girls, whether spouses or whores;
A man has a duty
To every live cutie
Who walks on two legs,...or on fours!"

79728 ZOOPHILY - OVIDAE - ZSERIES Travis Brasell

From that day to this, my big knob
Has faithfully done a good job
With everything feminine,
Though I prefer women in
Lieu, 'cause they all love to scob.

79729 ZOOPHILY - OVIDAE - ZSERIES Travis Brasell

So now, you must cease all your lurking.
Get busy with what you've been shirking.
No more hesitating;
The 'girls' are awaiting;
It's time, as a man, you start working.

79730 ZOOPHILY - OVIDAE - ZSERIES Travis Brasell

You know how to spin a good yarn,
But you've spent too much time in the barn,
'Cause you'd rather choose
What growls, bleats, or moos,
And for women, you don't give a darn.

79731 ZOOPHILY - OVIDAE - ZSERIES Observer

This city-boy has a different view,
About what a fellow should do
With his sexual desire,
I'll just quench my fire
With a good-looking woman or two.

79732 ZOOPHILY - OVIDAE - ZSERIES Observer

And somewhere a mother's heart shudders;
She thinks men are boats without rudders.
All guys are accursed
And you are the worst,
'Cause you have no respect for udders!

79733 ZOOPHILY - OVIDAE - ZSERIES Observer

My first time was such a fine treat
Right there in my car's backseat.
I still remember
That night in September,
That soft sweet way you did bleat.

79734 ZOOPHILY - OVIDAE - ZSERIES Gearhart

It was my first time as I say,
But this trick I did learn one day
From my dear old dad.
He said, "Listen lad --
This keeps them from getting away!"

79735 ZOOPHILY - OVIDAE - ZSERIES   Gearhart

To the very north-west of wild Wales
Came a man trained in financial sales,
He'd help men to borrow
Or save for tomorrow,
As he moved through old Anglesey's dales.

79736 ZOOPHILY - OVIDAE - ZSERIES

Of course, in that land full of sheep,
He soon found that he couldn't keep
From exploring the creases,
Of their lovely white fleeces,
As all round the valleys he'd creep.

79737 ZOOPHILY - OVIDAE - ZSERIES

And lads, he just cannot be blamed,
When a sweet little ewe his heart claimed,
He found her so cute,
With her legs in his boots;
After a wood nymph her he named.

79738 ZOOPHILY - OVIDAE - ZSERIES

I wonder if that was old Robbie,
Who now raises sheep as a hobby.
He trains each male lamb
In hopes that some ram
Will bleat "Let us ride, Kimo Sabe."

79739 ZOOPHILY - OVIDAE - ZSERIES

So if you should go down to Wylvia,
The locals will certainly fill ya
In on the tale,
Of this quite errant male...
The loan arranger who mounts on his Sylvia.

79740 ZOOPHILY - OVIDAE - ZSERIES   Peter Wilkins

T'was a warm summers eve when I met 'er;
My body was longing to pet 'er.
We rolled in the grass;
She was such a nice lass;
All the young lads were longing to get 'er.

79741 ZOOPHILY - OVIDAE - ZSERIES   Jim Weaver Collection

But I was the first one to vet her,
She'd enough wool to knit me a sweater.)
I thrust in 'er deep,
(She was such a tight sheep.)
But I still like my Black Beauty better.

79742 ZOOPHILY - OVIDAE - ZSERIES   Jim Weaver Collection

I hope you don't think I will weep;
I've got an appointment to keep.
I'm off for the day
For a roll in the hay,
With Barbara, my favorite sheep.

79743 ZOOPHILY - OVIDAE - ZSERIES   Tiddy

Do you enjoy an after-shag smoke?
Does she bleat really loud when you poke?
What puzzles me so
Is: when down you go,
Doesn't the wool make you choke?

79744 ZOOPHILY - OVIDAE - ZSERIES   Jule

Admitted it's best if you clip
Their fleeces before you let rip,
But giving a ram
To a cute wooly lamb's
Tradition...They call it sheep dip.

79745 ZOOPHILY - OVIDAE - ZSERIES   Tiddy

This year I've resolved not to harbor
A wooly ewe under my arbor,
Unless I can find
A skilled, nude, and kind
Young woman who'll work as her barber.

79746 ZOOPHILY - OVIDAE - ZSERIES

I started my year with a Ewe
Who gave me one hell of a screw.
Her pulverised meat
Was too tough to eat,
So we had to use it for stew.

79747 ZOOPHILY - OVIDAE - ZSERIES

An undercooked stew of boffed mutton,
Will run through your colon and butt 'n'
Leave in your pants
The scent of romance,
For which, we all know, you're a glutton!

79748 ZOOPHILY - OVIDAE - ZSERIES

Now don't in your lims, go too deep,
For New Zealanders screw all their sheep.
In Oz, we don't screw 'em,
We only will stew 'em
Or roast 'em and then go to sleep!

79749 ZOOPHILY - OVIDAE - ZSERIES   Archie

We really can't believe this of ewe;
This truth you ram down on us too!
Now be a good ovine,
Sweet lambsie divine;
Tell wether you're from Zealand New.

79750 ZOOPHILY - OVIDAE - ZSERIES   Archie

If ever in Wales you are stuck,
Find a sheep and then you're in luck!
Put its legs down your wellie
And belly to belly,
You'll have such a wonderful fuck!

79751 ZOOPHILY - OVIDAE - ZSERIES   Tiddy Ogg

That shepherdess Little Bo Peep
Sold herself ever so cheap.
So she was right there
With her drawers in the air,
When a soldier came by in a jeep.

79752 ZOOPHILY - OVIDAE - ZSERIES   Tutta Gioia

In the afterglow, She said "Please,"
As she scrambled up from his knees,
"Oh dear Corporal Clive,
Can I have a drive?"
And he handed her over the keys.

79753 ZOOPHILY - OVIDAE - ZSERIES   Tutta Gioia

The engine gave out such a roar,
As she put her foot to the floor.
She sped through the farm;
Caused a great deal of harm
To three hens, fourteen ducks, and a boar.

79754 ZOOPHILY - OVIDAE - ZSERIES   Tutta Gioia

A dangerous bend lay ahead,
But Bo Peep drove straaight on instead.
They hit the farm gate,
But I'm glad to relate,
That neither one ended up dead.

79755 ZOOPHILY - OVIDAE - ZSERIES   Tutta Gioia

Bo Peep and her Little Boy Blue,
Were rescued by the local Fire Crew,
From the large stack of hay
Where the two lovers lay --
How they'd got there, they hadn't a clue.

79756 ZOOPHILY - OVIDAE - ZSERIES   Tutta Gioia

So little Bo Peep lost her jeep;
It ended up all in a heap.
And Little Boy Blue
Is in deep trouble too;
His corporal's stripes he'll not keep.

79757 ZOOPHILY - OVIDAE - ZSERIES   Tutta Gioia

Now this tale you may think is mythical,
On a theme so stereotypical.
But Clive tells the tale
Of his time spent in jail,
For miss use of a military vehicle.

79758 ZOOPHILY - OVIDAE - ZSERIES   Tutta Gioia

The pain of love (this ain't no rumor)
Is often a hellish consumer
Of all that is giddy;
For instance, there's Tiddy
Distraught 'cause he's stuck in his ewe more!

79759 ZOOPHILY - OVIDAE - ZSERIES   Travis Brasell

Don't mock us poor perverted wretches,
Who for pretty sheep have such leches.
To get stuck's a plight
Oft met when they're tight.
Make sheep, please, of fabric that stretches.

79760 ZOOPHILY - OVIDAE - ZSERIES   Tiddy Ogg

Cloned Dolly will let you molest her
But you must continue to pester
Those cloners for cloth
That stretches. Get wroth
And tell them you want "dollyester."

79761 ZOOPHILY - OVIDAE - ZSERIES   Travis Brasell

Ah, innocent lad, let me tell'ee,
You go at it belly to belly;
Hold the sheep 'gainst a wall,
So as she don't fall,
And stuff her hind legs in your welly.

79762 ZOOPHILY - OVIDAE - ZSERIES

So throw off that smart city suit;
Come join me in rural pursuits.
Experience fully
A twat warm and woolly;
Be sure to remember those boots.

79763 ZOOPHILY - OVIDAE - ZSERIES

Among some, there's fear running deep,
So much so that they're losing sleep.
I'm not one of those,
My fear, overseas goes;
I'm worried 'bout Tid and his sheep.

79764 ZOOPHILY - OVIDAE - ZSERIES   Frank Fazed

Don't worry, Dear Frank, about me;
I haven't yet caught BSE.
And that Foot and Mouth,
Didn't get that far south.
Of anthrax too, so far I'm free.

79765 ZOOPHILY - OVIDAE - ZSERIES   Tiddy Ogg

But face it, we all have to die,
And if that's the way I say 'bye,
It takes but days seven
To send you to heaven,
And over me sheep will not cry.

79766 ZOOPHILY - OVIDAE - ZSERIES   Tiddy Ogg

In fact, they'll be somewhat relieved;
No more Ogg-like lambs to conceive,
That turn out randy,
Fuck anything handy,
Including the cat, I believe.

79767 ZOOPHILY - OVIDAE - ZSERIES   Tiddy Ogg

So ladies, if you happen by,
And some handsome ram winks his eye,
Unless sex you like,
Get back on your bike,
For to mount you the bugger will try.

79768 ZOOPHILY - OVIDAE - ZSERIES   Tiddy Ogg

Poor lambkins were looking forlorn
In yon meadow, this bitter-cold morn,
Seeming sad and depressed
And quite lacking in zest,
Like they wished they had never been born.

79769 ZOOPHILY - OVIDAE - ZSERIES   Peter Wilkins

"Dear lambkins," I said, "pretty lass..."
(Sympathetically? Bet your sweet ass.)
"...I can offer you more
Than that meadow so poor;
Look, my lawn here has much lusher grass."

79770 ZOOPHILY - OVIDAE - ZSERIES   Peter Wilkins

Sweet lambkin, so fluffy and white,
Is now bouncing around in delight
On my lawn, unaware
That her sweet derriere
Will be mine before midnight tonight.

79771 ZOOPHILY - OVIDAE - ZSERIES   Peter Wilkins

"I'm Pam. A sweet baa-lamb I am.
I'm a cute little virginal ... " -- WHAM!
"It is I, Sam the ram,
Up yer clam, little Pam;
You're no longer a virginal lamb."

79772 ZOOPHILY - OVIDAE - ZSERIES

You dare to call yourself a ram?
I've got some sad news for you, Sam.
I, of course, have seen dad,
He has thrice what you had.
Grow a bit, I'm still cherry, Love, Paaaaam.

79773 ZOOPHILY - OVIDAE - ZSERIES

In Montana, a cowboy named Vince
Took a Hollywood actor in tints,
For a short horseback ride,
And a ewe they espied,
With its head firmly wedged in a fence.

79774 ZOOPHILY - OVIDAE - ZSERIES   Crazy Legs   T9711

In a flash, Vince dismounted his filly,
Unzipped his fly, took out his willy,
Grabbed the ewe with a hoot,
Dropped a hoof in each boot,
And proceeded to shag the sheep silly!

79775 ZOOPHILY - OVIDAE - ZSERIES   Crazy Legs   T9711

When the spectacle came to an end,
Old Vince didn't even pretend
That this might be unique,
He just turned 'round to speak,
Saying, "Now it is your turn, my friend!"

79776 ZOOPHILY - OVIDAE - ZSERIES   Crazy Legs   T9711

So the actor, a little unsteady,
Dismounted on legs of spaghetti,
Gave Vince a quick glance,
Then hiked down his pants,
Stuck his head in the fence and said, "Ready!"

79777 ZOOPHILY - OVIDAE - ZSERIES   Crazy Legs   T9711

This morning I woke from my sleep
After dreaming of Little Bo Peep;
As I reached down to play
With my ... how can I say

79778 ZOOPHILY - OVIDAE - ZSERIES

It must have crept in overnight
For I know that I didn't invite
It. I checked (as you do)
To make sure 'twas a ewe,
Then succumbed to it's woolly delight.

Galapagos tortoises screw

The snake charmer had a fair daughter;
He claimed that no man had caught her.
I swore she'd be mine,
His daughtwer so fine,
And a fine fucking lesson he taught her.

79848 ZOOPHILY - REPTILIA - SNAKES Anon

It was rumored that she was half snake,
But I thought this a lie or mistake.
Had she rattle or fangs?
Would she hiss when we banged?
In plain anticipation I ached.

79849 ZOOPHILY - REPTILIA - SNAKES

'Twas deep in the wild wood I saw her,
The snake charmer's daughter named Flora.
She spat and she hissed
To make me desist,
When first I attempted to paw her.

79850 ZOOPHILY - REPTILIA - SNAKES

Her eyes were snake-like and yellow;
The looks that she gave me wern't mellow.
Her pupils were slits;
She had scales on her tits,
And she spat when I simply said "Hello."

79851 ZOOPHILY - REPTILIA - SNAKES

Flora looked lissom and young,
As her bosom towards me she swung.
With hands on her hips,
She parted her lips,
And I saw that she had a forked tongue.

79852 ZOOPHILY - REPTILIA - SNAKES

I said, "Oh my God! Fucking Hell!"
When I saw she'd a tail, as well.
But I turned this half-serpent
Into my sexual servant,
And I'd have a fine tale to tell.

79853 ZOOPHILY - REPTILIA - SNAKES

There was no doubt that I was sore smitten,
And when I got to where Flora was sitting,
There was no need of telling,
'Cause she'd seen the swelling,
And the ways that my trews were tight-fitting.

79854 ZOOPHILY - REPTILIA - SNAKES

Her tongue flickered close to my waist,
As she sampled my masculine taste.
She gave a coy glance
So I dropped my pants,
And from now on, this tale gets debased.

79855 ZOOPHILY - REPTILIA - SNAKES

I watched as her tail writhed and coiled,
Glistening, just like it was oiled.
Would I win her or tricker --
This lady constrictor,
Or would my sex urges be foiled.

79856 ZOOPHILY - REPTILIA - SNAKES

Determined to achieve my endeavor,
I chose to be cautious and clever.
My humor and charms
Would win her to my arms;
A case of 'when' rather than 'whether'.

79857 ZOOPHILY - REPTILIA - SNAKES

Said I to the snake-maiden Flora,
"My serpentine sweeet, I implore ya'.
I've a snake of my own;
To ten inches he's grown.
If you pet him, I'm sure he'll adore ya'.

79858 ZOOPHILY - REPTILIA - SNAKES

Said Flora, the pythonesque miss,
With a barely perceptable hiss,
"Snakes have forked pricks,
Not single straight wicks.
I won't screw but I'll give it a kiss.

79859 ZOOPHILY - REPTILIA - SNAKES

Flora stood and I heard her tail rattle,
As she knelt to commence sexual battle.
Like a cobra, dick reared.
Flora's forked-tongue face neared;
She sucked and my brain grew quite addled.

79860 ZOOPHILY - REPTILIA - SNAKES

I felt her scales close to my skin
And wondered if this was a sin.
Then I saw her tail-tip,
As it played with her clit,
Flora sighed and the tail slipped in.

79861 ZOOPHILY - REPTILIA - SNAKES

The whole process didn't take long,
And I soon knew that something was wrong.
I cried out in pain --
Punctured, poisoned, insane,
From Flora's fangs deep in my dong.

79862 ZOOPHILY - REPTILIA - SNAKES

Flora rose to her feet with a hiss;
Said, "Did I tell you I bite when I kiss?
It won't take too long
To work up from your dong.
I lose all my lovers like this."

79863 ZOOPHILY - REPTILIA - SNAKES

"You see, I'm in love with my tail;
It's far better than any male.
It's prehensile and thick,
So I don't need your prick.
I can climax alone without fail."

79864 ZOOPHILY - REPTILIA - SNAKES

I felt the blood rush to my head,
Or maybe it's venom instead.
And so I left Flora,
My pricked prick grew sorer,
And I know in a day, I'll be dead.

79865 ZOOPHILY - REPTILIA - SNAKES

Now I don't need a maiden to fuck;
I just need a stroke of good luck.
If I can't get good head,
I fear I'll be dead,
From not finding a woman who'll suck.

79866 ZOOPHILY - REPTILIA - SNAKES

To a doctor to cure my vexation,
I proceeded with no hesitation.
The words that he said --
Well they filled me with dread.

The whole process didn't take long;

You hold them in gloves made of velcro,
Inserting yourself fairly slow.
They stretch and they squeak;
Their ribs give a creak --
That's when they will burst, don't you know.

It works like a treat with most mice;
They come when I've done it just thrice.
I couldn't care less
'Bout all of the mess --
The cat licks it up in a trice.

Some hens and a sow;
Then a ten-dollar whore for good measure!

The cow I'll be leaving alone;
The bishop and sheep I'll postpone.
Though I do get a rise
If I fantasize
'Bout the holes in the dyke. (stifled groan)

There's a dream that I think I will share,
That involves both a cow and a bear,
